

WAR EFFORT TO BE SHOWN HERE BY ALL SCHOOLS

(continued from front page) Savings Staff at Greensboro of which Col. Charles H. Robertson is State Administrator.

The best scrapbooks from each county exhibit, one from the white and one from the Negro schools, will be selected for a State exhibit to be held in the spring, probably at the annual meeting of the North Carolina Education Association at Raleigh March 31-April 2.

The State exhibit will be presented as a part of the "Schools-at-War" program being conducted on a nation-wide basis, and the best book at the State exhibit will be entered in a national exhibit to be held in the late spring or early summer.

A "victory brick," one of 52 salvaged from Independence Hall, Philadelphia, during recent repair operations, will be presented by Governor J. M. Broughton to North Carolina schools at the State Exhibit in Raleigh, after which the souvenir will be sent on a tour of the schools of the State. Ultimately it will be placed in the archives of the State Museum.

Plans for the local and State exhibits were mapped at a meeting of the Advisory Committee of the Education Division of the War Savings Staff at Greensboro recently.

State Administrator Robertson and Mark Larkin of Washington, consulting expert of the Treasury's Education section, expressed appreciation of the fine record of war activities already achieved by the schools.

They outlined the principal objectives of the program as being to curtail luxury spending, stimulate the installment purchase of bonds by placing emphasis on the stamps as the partial payment, and to create new revenue for war savings through student employment to be supervised in accordance with State labor laws.

Mrs. Blair announced that the Treasury will present "Victory Certificates" to schools participating in the program to the required extent.

FATHER-SONS TO GATHER FOR DINNER

(Continued from front page) Pack, No. 6, will be sponsored by Saint Mark's Episcopal church, with the rector, the Rev. Mr. Womble, as leader and with R. P. Michaels, Percy Bloxam and J. W. DeWolf, Jr., as members of the sponsoring committee.

The old Pack, No. 2, will have as leader Preston Satterfield, Jr., with Thomas J. Shaw, Jr., as assistant. Sponsorship of No. 2 will be retained by St. Mary's and St. Edward's Catholic church. Discussed also were plans for leadership of Brookdale's Troop 63, of which Clyde Whitt, who is to leave Wednesday for the Army, is now Scoutmaster.

Announced by President J. S. Merritt were the following committees for 1943: Camping, C. A. Harris, Gus Deering and D. Clyde Swartz; advancement, E. B. Craven, Jr., Henry O'Brian and S. M. Ford; Commissioner, W. H. Brickhouse, with S. M. Ford, assistant; Health and safety, Dr. A. F. Nichols, Dr. J. H. Hughes, assistant; finance, George W. Kane, O. B. McBroom and Fred Masten; troop organization, W. Wallace Woods, Dr. Robert E. Long and George Cushwa; publicity, Thomas J. Shaw, Jr.; inter-racial, Percy Bloxam, Thomas J. Shaw, Jr., C. A. Harris; father and son banquet, Harris, Long and Cushwa; senior activities, George Cushwa, and cubbing, Rev. Rufus J. Womble and Preston Satterfield, Jr.

YEAR'S FIRST TRAFFIC FATALITY ENDS WORK

(continued from front page) and Mrs. Ben T. Chandler, had been a Primitive Baptist minister for fifteen years and was also connected with Pioneer Warehouse here. His other pastorates were at Helena and Story's Creek.

Woodrow Mooney, of the United States Army, Fort Benning, Ga., who came home to attend a funeral and was one of three companions of Satterfield in the coupe which struck Chandler, was quoted as saying that Chandler, who jumped down a bank and onto the highway, appeared "suddenly, as if from mid-air."

Mrs. Chandler, it appears, was walking with her mother on land above the bank and both heard and saw the crash, although she afterwards reportedly, ran back to her house in a state of nervous collapse without being aware of the fact that the victim was her husband. She was quoted as saying that she feared it was a neighbor's child.

Dr. Nichols expressed the opinion that the high wind blowing at the time may have kept Chandler from hearing the approaching automobile and that he probably failed to see it because his head may have been bent down against the wind.

Chandler had two severe blows on each side of the head above the eyes and one hip was fractured. His shoe strings were broken loose and the shoes bore marks indicating that toes, bent backwards, were dragged along the highway. The body was in the middle of the highway, near black center mark.

Rites for Chandler, who was a native of Person County and made his home about five miles from Roxboro, were in charge of Elder N. D. Teasley, of Durham, assisted by several other Primitive Baptist ministers. Interment was in the church cemetery.

Survivors include: his wife, the former Miss Verna Lunsford, six daughters and one son, three brothers, one sister and four grandchildren.

Daughters are Mesdames Dave Gregory and Herbert Clayton, both of Timberlake, and Ernest Brown, of Rougemont, also Miss Lottie Chandler, of Washington, D. C., and Daphne and Verna Mae Chandler, of the home. Son is Willie Chandler, of the home, who is to be called to Army service next Wednesday, while brothers are Ed, of Roxboro, and Jim and Arch Chandler, of Timberlake, and sister is Mrs. Wallace Duncan, of Roxboro.

Pallbearers included Clyde Satterfield, father of Luther Sherman Satterfield and a near neighbor, and close friend of the Chandler family. Other pallbearers were G. C. Pulliam, Jim Rogers, Jim Blalock, Alvis Clayton and Charles Oakley.

LIBRARY BOARD TO AID BOOKS FOR SOLDIERS

(continued from front page) the overseas army although such restrictions do not apply to men in the navy and marine corps. Newspapers may be mailed to an A P O address if sent by subscription by publisher and stamped with a special stamp, however. Postal authorities say the ruling comes from the War Department, not the Post Office, and that it is designed to conserve mailing space. There are also new restrictions on sizes of packages available to APO addresses.

Fact that restrictions are in force makes it necessary that Victory Books collected be good quality literature, with some mysteries and good technical books, the latter, not of later date than 1936.

Board members directed Miss Grafton to express to City Commissioners thanks for a recent appropriation and also discussed pending Library appropriation bills in the State legislature. Report presented by Miss Grafton showed constant progress and improvement in the library here. Board members present included: Mayor S. G. Winstead, Flem D. Long, Mrs. R. H. Shelton, R. B. Griffin, Thomas J. Shaw, Jr., and Miss Grafton.

STORY OF POLIO IN STATE SHOWN BY DR. REYNOLDS

(continued from front page) "Public meetings were abandoned," Dr. Reynolds recalled. "Travel fell off greatly, and business generally was seriously affected. Tourist and resort business was badly curtailed. And mothers with children fled the afflicted sections of the State by hundreds, seeking to escape the dread malady."

Mrs. Phillips Russell of Chapel Hill, who is Secretary of the State Committee for the President's birthday campaign, of which Dr. Ralph McDonald is Chairman, added that the situation was much like the one in war-torn Europe today.

"American homes today are being opened up to refugee English children fleeing the horrors of war," Mrs. Russell pointed out. "This is strangely parallel to the refugee American children during a poliomyelitis epidemic, children whose parents are try-

ing to protect them from the horrors of the disease."

The money raised in the drive from January 15 to 30 will be used by the National Foundation for Infantile Paralysis to fight poliomyelitis in every way possible, it was pointed out. Half of the funds will be used by each county locally.

While the disease is still largely a puzzle to medical authorities, and the fight has really only begun, tremendous good has already been accomplished by the Foundation, it is said. The spread of the disease is under better control, and remarkable improvements have been brought about in the reclamation of children stricken by the disease.

Substitution of glass containers for metal cans in the paint industry will reduce its steel consumption from 73,000 tons to 6,700 tons.

Bulletin Issued On Income Taxes For Farmers

Uncle Sam's income tax laws will hit many farmers for the first time this year.

To aid growers in filing a return on their 1942 farm income, the Extension Service of N. C. State College, has just issued War Series Extension Bulletin No. 16, "The Farmer's Income Tax." Copies may be obtained without charge upon application to the Agricultural Editor, State College, Raleigh, or from the county agent's office.

The 16-page publication was prepared by R. E. L. Greene, associate agricultural economist of the Experiment Station, and H. B. James, farm management specialist of the Extension Ser-

vice. The information in the bulletin, presented in question-and-answer style, deals with the unusual situation that will be found in making an income tax return.

Designed to clear up questions in the farmer's mind as to who must file a return, when the return must be filed, deductions, exemptions, and others, the publication clears up many of the doubts which have arisen concerning the tax on the 1942 income.

While most of the bulletin deals with filing a Federal return, a portion is also allotted to information on the State income tax return.

About 300 war plants in the United States help to produce the 45,000 different parts in a heavy bomber and the 40,000 parts in every tank.

In our first year of war, production of small arms ammunition increased more than 550 percent and it is still rising rapidly.

Night traffic accidents in New York City increased 19 per cent under present dimout regulations.

The first "iron lung" for the use of troops was made in India in 1929 from two empty tar barrels, powered by two vacuum cleaner motors.

In England evaporated milk is rationed under the "points" system as it comes in standard size cans, but liquid milk is rationed by volume.

Ceylon's largest graphite property is now extracting 900 tons every month and shipping it abroad.
