PEEBLE'S DEPT. STORE

Roxboro, N. C.

The panicky impression that it is unlawful to use your car for shopping is prevalent throughout the town and county.

Shopping by a housewife or the man of the family is nothing but business and under the ruling you are permitted to use your automobile for this purpose. Of course you are not to abuse this privilege. You are expected to combine your shopping and use your car as little as possible, but you can and are expected to shop with your car.

The Merchants desire to inform the patrons that it is permissible to shop with your car. Drive in as usual and buy your necessities. Park as close to your store as possible and don't fail to carry your packages home if possible. The carrying of packages will save many gallons of gasoline and will greatly help your merchant.
