Many Designs in 3 and 4 Piece Suites

A Special Message to Our Customers

In June 1941 our firm made its first decisive move to meet the crisis we are facing today, and since we have tried to do our part by complying with the rules and regulations placed upon us.

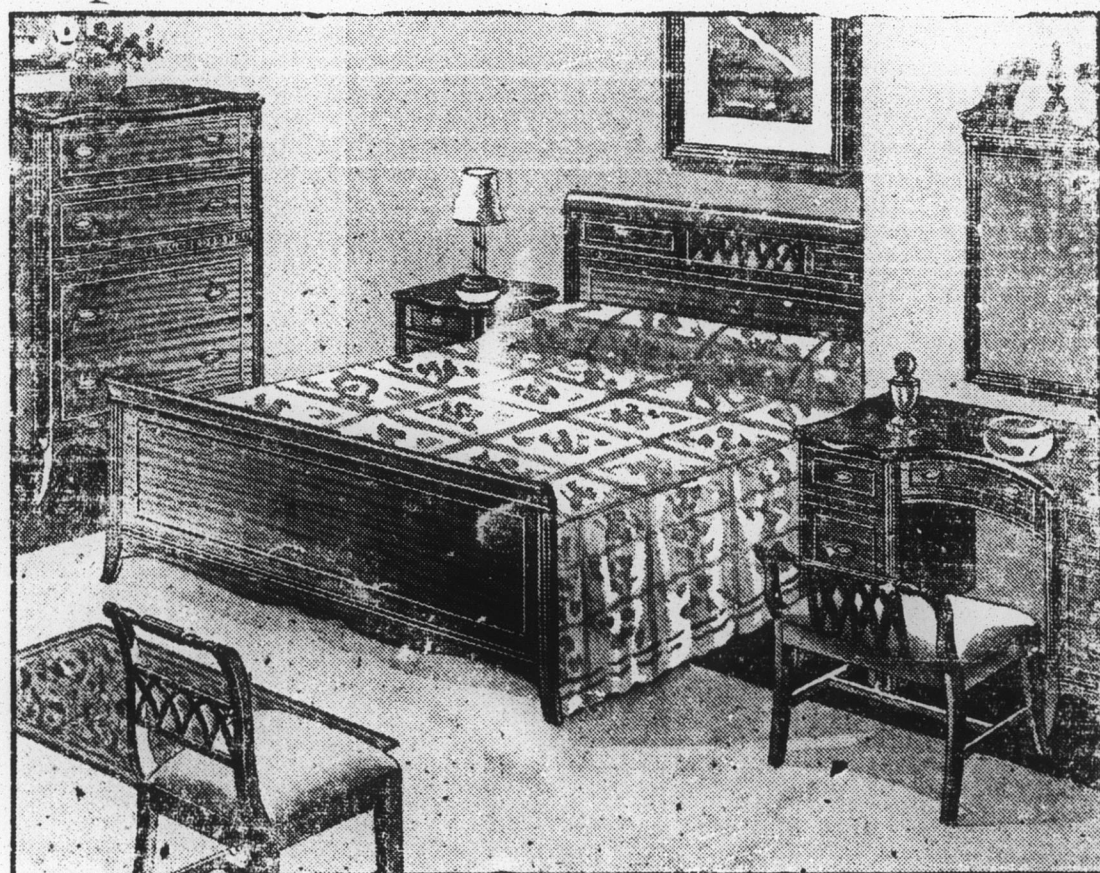

In his special message to Congress of April 27, 1942, the President spoke the following words, "We Must Discourage Credit and Installment Buying, and Encourage the Paying Off of Debts, Mortgages, and Other Obligations."

Under regulations "W" every firm in the United States doing a credit business is forced to comply with Federal rules and regulations. If we wilfully disobey the Federal rules and regulations that are placed upon us our store will be closed and we cannot open another anywhere in the U. S. A.

We want our customers to realize what we are facing today and do their part by meeting their obligations with us. If you are due us an account we want you to see us at once.
