

Graham Credit Association To Meet Saturday

Organization Of Which Claude T. Hall, Of Roxboro, Is Head, Will Meet In Graham.

Graham, Mar. 18. — Arrangements are complete for the annual stockholders' meeting of Graham Production Credit Association, which will be held at the court house in Graham on Saturday morning, March 20, at ten-thirty o'clock, according to James Bishop, Jr., Secretary-Treasurer of the Association, who states that, despite present wartime conditions, a large attendance is expected.

This will be the ninth yearly meeting of the Association, which

Legal Notice

Having qualified as Executor of the estate of Mrs. Lucy B. Long, deceased, late of Person County, North Carolina, this is to notify all persons having claims against the estate of said deceased to exhibit them to the undersigned on or before the 4th day of March, 1943, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment.

T. Aubrey Long, Executor of the estate of Mrs. Lucy B. Long.

This the 4th day of March, 1943.
Mar. 4-11-18-25- Apr. 1-8

is a farmers' co-operative short-term credit organization and is a part of the Farm Credit Administration, making loans for general agricultural and livestock purposes to the farmers of Alamance, Caswell, Chatham, Durham, Guilford, Orange, Person, Randolph and Rockingham counties.

Complete and detailed reports on the operations of the Association will be made to the stockholders and will be submitted in concise form. In addition to reports from the officers and directors, the program will be participated in by quite a number of members, who will engage in panel and open forum discussions relating to the problems, operation and development of the organization. Edmund H. Harding, well known entertainer, humorist and musician, will appear on the program. Cash prizes will be awarded to members taking part in the forum discussions.

Two directors, for a period of three years, will be elected to fill the expiring terms of S. E. Boswell, of Guilford County, and L. L. Garrison, of Alamance County.

Officers of the Association are: Claude T. Hall, of Person County, President; S. E. Boswell, of Guilford County, Vice President; James Bishop, Jr., of Graham, Secretary-Treasurer; Miss Louise Moore, of Graham, Assistant Treasurer; Mrs. Nina Graham Owens, of Graham, Assistant Secretary-Treasurer; W. A. Short, of Greensboro, Assistant Secretary. Present directors in addition to the President and Vice President are D. Lacy Alston, of Chatham County, L. L. Garrison, of Alamance County, and J. R. Williams, of Caswell County.

State College Answers Timely Farm Questions

QUESTION: Can the "jitter-bug" disease with pigs be controlled?

ANSWER: Yes. Dr. C. D. Grinnells, veterinarian for the North Carolina Experiment Station, suggests that all sows be given liberal, well-balanced grain rations and proper supplements before the pigs are born. If any pigs show loss of appetite, rough hair, or lowered vigor, they should be separated from the rest of the litter and hand fed. Corn sirup, fed in proper proportions, has been beneficial but it should be fed under proper guidance to prevent scours.

QUESTION: Is it worthwhile growing herbs just for seasoning?

ANSWER: Home demonstration specialists answer, "yes". Herbs give zest and flavor to many foods that might otherwise be dull, and they help bring changes when the same foods are used frequently. Parsley in the herb border is a good source of vitamins A and C. Chivits for onion flavor, thyme and sage for stuffings, basil for tomato soups and sauces, and mint for summer drinks are recommended. Your neighbor might plant dill for pickles, omelets and salads; and joram for soups and salads; and rosemary for lamb and veal. Then, you might exchange herbs with your neighbor.

QUESTION: Are there any good chemical weed killers?

ANSWER: Sodium chlorate, sulphuric acid, carbon disulphide, and common salt are four of the best. The first two kill the plants above the ground and the other two kill plants below the ground. Full instructions should be obtained for any of these treatments. With sodium chlorate, for instance, a solution should be made up, one pound to the gallon, and sprayed upon the plants. This chemical is very active and it must at all times be kept away from fire and never should be stored near sulphur. With sulphuric acid, a 1 to 2 percent solution is sprayed on the plants. Care should be taken in mixing the acid and the water. This spray is to be applied only in dry weather.

Hero's Family Has Reunion After 5 Years

CAMP CAMPBELL, Ky., Mar. 13. — This is the story of the Gootees of Loogootee.

The Gootee family of Loogootee, Ind., got together here recently for the first time in five years, after the American Red Cross heard that the hero of the family, Tech. Sergt. John M. Gootee was due home after five years in the Pacific area.

The Red Cross arranged a Gootee reunion, and Pvt. Herbert Gootee of the military police

left for an immediate five-day furlough. Another brother on West Coast maneuvers also left on furlough, and the three lads got together for the first time in five years.

The fourth son was home awaiting a call into the Navy.

John, after serving two enlistments in the army, was due for an extended leave when he suddenly was shipped to the Philippines with his bomber command. President Roosevelt, in a fireside chat, told the rest of the story.

John, as crew chief, led a special bombing mission, and the men fought through to their objective single-handedly to lay their bombs squarely on the target. They returned to their base minus the landing gear and with two motors shot away.

John was wounded in the fracas. After he had spent several months in a hospital, his family became eager to see him. So the Red Cross, feeling the

homecoming of a hero should be complete, arranged the furloughs and the reunion.

Asheville Legion Club Raided

ASHEVILLE, March 17. — Acting under orders from Judge Zeb V. Nettles in Superior court, Sheriff Laurence E. Brown sent two of his deputies to make an investigation of the American Legion club Monday. Seven cases of liquor were seized, the sheriff said, and the club manager, Roy Stewart, prominent legionnaire, was arrested and placed under \$500 bond pending his appearance in Superior court.

Don't let MARCH be your car's "Unlucky Month"!

SEEPY SAM:
"Roses are red and violets blue
And SPRING'S the time I LIKE
To sabotage CARS for you and you
And put you all on BIKES!"

SQUEAKY SQUIRE:
"Yeh...When it comes to cars in WAR
These Americans are SPOILED
They FORGET cars can only last
if properly Greased 'n' OILED!"

Now is when a little care will help your car a lot!

There was never a Spring when your car needed a thorough check-over more than it does this year. No matter how little you may run it, you can't afford to have parts wear out or go bad. We're listing below some of the important things to do now—for your own and for Uncle Sam's sake, too. Let your Esso Dealer take care of them. He's a Gremlin chaser.

- ✓ **WORN TIRES.** Worn Winter oils and replace them with the proper Summer grade of new, fresh Esso Lubricants.
- ✓ **CHASSIS.** The chassis of your car has taken a beating through the Winter, so have your Esso Dealer give it a Verified Esso Lubrication—the lubrication job that puts the right lubricant in the right place.
- ✓ **BATTERY.** Reduced driving due to gasoline rationing has probably put your battery through a hard winter. Be sure to have your Esso Dealer check it and recharge it if necessary.
- ✓ **TIRES.** How far have your tires gone since you had them gauged and switched so as to extend their life as far as possible? If it is over 2,000 miles have your Esso Dealer check them with the Tire Tread Depth Gauge... and switch them immediately, if necessary. Two tire-saving tips: 1. Maintain 32 pounds pressure at all times (the new war-time standard). 2. Never drive over 35 miles per hour.

Let your Esso Dealer check over your whole car. You may need a new light bulb, or a windshield wiper blade. Probably the finish of your car, for protection, needs a washing and then a good polishing job. See your Esso Dealer for whatever you need to keep your car in good running order.

- ✓ **RADIATOR.** Have your Esso Dealer drain out anti-freeze, flush the radiator with clean water and a radiator cleaner, if necessary, then refill with water plus Tri-Rad Rust Preventive. Remember rust causes deterioration even though you may be running your car a lot less this year.
- ✓ **CRANKCASE.** Another Spring "must" is to drain out the Winter-worn oil, clean the crankcase with special flushing oil and refill with the proper summer grade of long-wearing EssoLube Motor Oil.
- ✓ **TRANSMISSION-DIFFERENTIAL.** These valuable gears are hard to replace nowadays! Have your dealer drain out the
