SPORTS SLANT

Season Starts.....

The softball season has started and the teams are already in the thick of the fight for the pennant. Of course the fellows who are playing are not quite as young as the boys who played last year and the year before but they are young enough to make an interesting game and if you do not believe this all you have to do is to go to the high school ground and see a game or two for yourself.

Fair crowds have been attending so far and interest should pick up as the season goes on. Softball is really an interesting game and it provides plenty of fun and relaxation for those who play as well as those who watch.

Golf Scores Go Down.....

Those who play golf will testify to the fact that Roxboro golfers are getting better every day. It's not unusual at all for the boys to shoot in the thirties now, this writer not included, and some of the fellows are almost getting in the habit of shooting that kind of a low game.

Of course the greens are good and there is nothing wrong with the fairways but even with that it takes good golf to roll anything under a forty.

Right now the Club needs about ten or twelve new members and there is no good reasons why fellows like Coleman King, R. H. Shelton, R. D. Bumpass, Dewey and Arthur Bradsher, and many others should not join and play golf.

Official Person Schedule For Softball Teams

A 1943 season revised schedule was adopted Monday, May 31, at a call meeting of the softball association.

Among other regulations made at the meeting Monday was the decision to play all rained out games on the following Monday night. If there should be four rained out games in one week the teams scheduled to play on that Tuesday night would play the following Monday night and the games scheduled to be played on that Thursday night would be played Monday night week.

All first games are to start at eight o'clock and the second games are to start ten minutes after the first game ends regardless of the time. The ten minutes interval will be divided into two five minute periods in order to give each team the opportunity of last minute practice.

The first game must end by nine-fifteen and the second game by ten-thirty unless some abnormal situation prevails. All games lasting the specified length of time will be considered official regardless of how many innings have been played.

The public is cordially invited to help make the softball season a successful one. Admission is ten cents a night.

Red Stamps "J" and "K" good through June.

SHOES
No. 17 Stamp in War Ration Book One good for one pair until June 15.

SUGAR
Stamp No. 13, good for 5 pounds, becomes valid June 1 and is good through August 15.

Stamps Nos. 15 and 16 in War Ration Book One now are valid for 5 pounds of sugar each, for use in home canning. They are good through October 31. Housewives may apply at local boards for supplementary sugar rations for home canning, if essential.

MAY USE OIL STOVES
North Carolina householders may use their oil cooking stoves this summer regardless of the availability of coal or wood-fired stoves, OPA has announced. The present restriction denying fuel oil rations for domestic cooking and water heating, if adequate "stand-by" equipment is available, has been lifted because of the shortage of all fuels, and to encourage home canning.

FOOD FOR 3-DAY FURLOUGH
A North Carolina serviceman on a leave or furlough of at least 3 days hereafter will be provided with a complete application form for obtaining rationed food before he leaves camp. He will give the application to the person who provides his meals, who will submit it to the local board for food certificates within 15 days after the furlough ends.

LOWER POTATO PRICES SEVEN PER CENT
Consumers' ceiling prices on potatoes have been decreased about seven per cent according to a recent announcement. At the same time, the price paid growers was increased 30 cents per hundredweight on the 1943 early crop.

SUGAR SUPPLY FOR 1943
On the basis of prospective 1943 supplies of sugar, the current level of consumption in this country probably can be maintained, the War Food administration had announced. The allocation of the prospective supply will be as follows: 1,153,000 tons for the armed forces, lend-lease and other exports, and 4,600,000 tons for civilian uses. The civilian uses include an estimated 2,258,000 tons for household use and home canning, and 2,342,000 tons for industrial and institutional sugar users.

TEACHERS CAN TAKE SUMMER JOBS
The state's school teachers will not be prevented from taking jobs at higher pay under WMC Regulation No. 4, the "hold the line" order, nor will they endanger their regular positions by working during the summer vacation in war plants, agriculture, or necessary civilian services. The U. S. Employment Service is moving to place teachers in war-essential jobs for the summer.

PRICE SUPPORT FOR BUTTER
Dairy farmers have been as-

ured that wholesale prices of butter will continue to be supported at a level equivalent to 46 cents a pound until June 30, 1944, by the War Food Administration. The support was pledged last December at the time farmers were called upon to meet 1943 production goals.

MILEAGE FROM SCRAP TIRES
To obtain additional mileage from tires that can be made serviceable with the addition of reliners, the Office of Rubber Director has excluded re-usable tire carcasses from rubber scrap going to reclaiming plants. (Turn to page five, please)

ALLEGED VAGRANCY SITUATION CAUSES LOCAL

(continued from front page)
McMullan, in a letter to Woods, a letter sent originally to S. H. Martin, Chief of Police of Bethel, relative to the same question, calls attention to the fact that the 1943 General Assembly did adopt a resolution requesting peace officers to enforce sections of existing State laws against vagrancy, mainly in the interest of further aiding the war effort.

Patton, in his own letter to Woods, who inquired as to enforcement of existing State laws, particularly in Roxboro, says that he does not know of any step "which the town of Roxboro could take to enforce these (vagrancy) sections other than the provisions of the penal section themselves." Patton declined to express an opinion as to whether "action is necessary or desirable in Roxboro."

McMullan, in his statement to Chief Martin, of Bethel said: "There is no provision in our law authorizing municipal police officers or municipal courts to compel persons to work, otherwise than sentencing them to the roads for violations of the criminal laws of the State . . . Of course if these persons about whom you speak are vagrants or tramps within the meaning of those terms as used in Sections 4459 through 4464 of the Consolidated Statutes, you could prosecute them under the sections listed above."

City Attorney F. O. Carver, Sr., of Roxboro, said yesterday that Roxboro vagrancy laws, if any, are based upon State statutes and he expressed himself as in agreement with McMullan and Patton.
