

200-MILE LIMIT PLACED ON AUTO DELIVERY RADIUS

Gasoline Available For That Distance For Transporting New Cars.

RALEIGH, September 30—The distance for which gasoline may be used to deliver a newly purchased new or used car is set at a maximum of 200 miles, the Raleigh Office of Price Administration announced today.
This action, which is effective October 1, tightens previous regulations in regard to moving cars after sale, to conserve the use of rubber and gasolines.
The amendment provides that no person may use gasoline to move a car after sale a distance of more than 200 miles upon its own wheels.
Previous provisions allowed local Rationing Boards to issue special rations for up to 200 miles of travel to deliver a car after sale. While this provision was intended to limit travel of cars on delivery to 200 miles, it did not legally prevent use of any gasoline already in the tank of the car when it was purchased. Neither did the previous regulation prohibit persons from adding to the delivery mileage by towing two or more cars, each of which had a special ration providing 200 miles of travel. As a result cars in many instances were being moved distances far greater than the 200 miles intended by the regulations.

POTATOES

The Irish potato crop is estimated to reach 360 million bushels, that is, 73 million bushels larger than the 1942 let crop, USDA officials in Washington say.

State College Hints To Farm Homemakers

By Ruth Current
N. C. State College

In spite of the publicity given to War Bonds, there is still considerable misunderstanding about them. Here are some of the questions most frequently asked home agents and suggested answers to them:

1. What kind of government bonds should a farm family buy?

War Bonds are the safest investment ever offered farm people. Just like a \$10 bill, a War Bond is the promise to pay by the strongest government in the world, but unlike the \$10 bill, the War Bond pays interest and if lost or destroyed will be replaced.

2. "I bought a \$100 Liberty Bond back in 1918 and when I came to sell it, I got only \$83.50 for it. Will that happen to these 'E' Bonds?"

War Bonds are not subject to market price fluctuations. A Series E Bond may be redeemed at any time after 60 days from issue and the owner will always get at least as much as he paid for it.

Interest accrues to the bond by increases in the redemption value after the first year and at the end of each half-year period thereafter until the bond is redeemed or matured. In other words the bond "puts on weight" and if kept until maturity will return \$4 for every \$3 invested.

The owner of a bond can redeem it with the United States Treasury but he cannot sell it to anyone else.

3. "Should I buy War Bonds or pay debts?"
Get debts into shape and then build up a financial reserve in War Bonds. Getting debts into shape, however, should not necessarily mean getting entirely out of debt. If all of any increased income available is paid on a mortgage, it will probably be necessary after the war to borrow again to replace and repair equipment and buildings at a time when it may not be so easy to increase a mortgage as it was to reduce it.
When the war ends, a reason-

They Also Play Their Part In Atlantic Convoy Duty

HAVING taken a substantial part in escorting more than 13,000 merchant vessels, carrying in the neighborhood of 77,000,000 tons of deadweight shipping from North Africa across the Atlantic since the war began, the boys of the Canadian Navy like their United States' seamen brothers, never feel that their ship's company is complete unless they have a pet aboard. Above, left, we see a merchantman off duty relaxing with two inseparable

companions, his dog and cat. Upper right is Sabbo—so named because of the sabotage he causes with the boys' belongings. He is one of the few pups in the R.C.N. to have his own hammock. Below, only a capful now, this kitten will soon be the pride and joy of this sailor during the long hours at sea while off duty.

ably sized mortgage and a good reserve in War Bonds is likely to be a better combination than no mortgage and no bonds.

ROXBORO RAMBLER

NEWS AND VIEWS FROM ROXBORO HIGH SCHOOL

By Misses Elsie Mae Long, Mary Ruth Long And Nancy Stroud.

Students of Roxboro high school began the school year with the determination to do their part in the purchase and sale of War Stamps and Bonds. This determination is kept alive by three things: the desire for their home room to win a half holiday, desire to top all schools in the county and desire to back the boys in service.

A check up at the end of the first month of school, Monday, September 27, showed that the three winning grades were as follows: Mrs. Nichol's 12th grade home room for the high school with \$2,031.10; Mrs. Blanchard's home room for the 8th grade with \$333.25 and Miss Carver's 7th grade for the elementary school with \$564.30. In addition to winning the half holiday for the first month, these three grades won the privilege of marching in the parade Wednesday.

The results of each home room sales and purchases from September 9th to September 27th was as follows:

Mrs. Trowbridge: \$554.50; Mr. Young: \$318.75; Mrs. Street: \$971.25; Miss Sears: \$150.60, and Mrs. Crowell: \$200.00.

Mrs. Joyner: \$244.25; Mrs. Blanchard: \$333.25; Miss Wilson: \$406.72; Miss Massey: \$131.25, and Mrs. Nichols: \$2031.10.

Miss Carver: \$564.30; Miss Slaughter: \$2.20; Miss Lawrence: \$20.25; Miss Holt: \$1604.17, and Mrs. Clayton, \$1846.00.

Grand total for the school is \$9,378.39.

The contest for the first month is over but the race is on for the second month. One grade bought \$850 worth of bonds in the first day of the second month.

Although our boys were defeated last Friday night, we are proud of them. They have proved that Roxboro has real sportsmanship. Oxford hadn't planned on our boys being as fully prepared as they were.

The boys put up a hard and steady fight. Both co-captains were injured during the game, but wouldn't stop playing until the end.

We went to the boys on the team and asked who did they think was the outstanding player, all said Herbert Whitt. Herbert played a wonderful game, with the backing of all the boys. It seemed as if none of those Oxford boys got in Herbert's hair.

The lineup for last Friday's game was as follows:

Line: left end: Dewey Holleman, left tackle: Payne Wilkerson, left guard: Herbert Whitt, center: Snooks Wade (co-captain) right guard: Howard Cruse, right tackle: Frank Jordan, right end: Buck Taylor.

Back field included, wingback: Nesbit King (co-captain), blockingback: Dowd Johnson, fullback: Raymond Clayton and quarterback: Bruce Newell.

We make the rounds of all the homerooms every week. We get many requests for different write-ups. Some of the room officers have been selected. They are as follows:

Miss Lawrence: Janey Dicker-

son, president; Bobby Currier, vice-president and Junior Phillips, secretary treasurer.

Miss Holt: Jean Pavlor, president; W. B. Humphries, vice-president, Daily Fredrick, secretary and Ann Moore, treasurer.

Miss Sears' had chapel exercises Friday and we had a Dr. I. Q. in town. Of course he only stayed for an hour or so. Dr. Charles Hughes had to go on with his War Bond drive. It was a "battle of the sexes" and what a fight. Miss Wilson played "Night and Day" while Gus Deering and George W. Gentry selected boys and girls from the audience to take part in the program.

Mrs. Crowell: Charles Hughes, president and Basil Averette, vice-president.

Mrs. Nichols: Tom Woody, president.

Mrs. Joyner: Donnie Long,

so funny Bruce and Jean use to go together. They make a smart pair.

We have been wondering what Mrs. Clayton's dramatic class has been up to. Mrs. Clayton refuses to say a thing. Watch for an announcement.

We also chose the boy and girl of the week. The reason why we chose them is that we think that they are all-round students in every way. They are both quiet, courteous and respectable. Dowd Johnson and Ruby Ann Maness are our ideal students for the boy and girl of the week.

There have been many requests for gossip to be put in the Rambler. Well, we can't that's all we can say.

We've said quite a bit about why we don't publish the "Rambler" ourselves. What we want to know is if we do try this will the people of Roxboro back us up?

We wish to thank the teachers in Roxboro High for the co-operation they have given us to make this paper possible.

There will be a football game Friday afternoon with Raleigh Orphanage. Kickoff is at 3:30.

Please come on over and back up the boys.

There will be a football game Thursday night, if the team practices. Please bring a stick of wood, and come on over.

We are still asking the parents to come to see us on Friday mornings.

FEATHERS

Agricultural research people have learned how to preserve wet chicken feathers by soaking them in a combination of two acids.
