Well fans it looks like our venture into the Moore General Softball league is proving to be a successful one. Our boys have met and defeated three out of four opponents. One of the three victories was a win over the Swannanoa club. The loss was to what is acknowledged as the class of the league, the Post Engineers, boasting Kenny Rudeen as pitcher, and several Moore General baseball players in their lineup. Manager Rudisill says that he believes the other club can be taken however. The next meeting between the teams should be an interesting one.

It is rumored that the Lion's Club is going to sponsor uniforms for the local softball club. That would be mighty nice, and quite in keeping with the Lion's Club record of community co-operation.

Old Buck, "Bobo," Newsom seems to be throwing a nice comeback this year. In 1930 when he and Buck Greene were both pitching for the Macon Peaches, Greene had to save quite a few games for him and was considered the better pitcher.

Seeing the name of Mel Ott omitted from the N. Y. Giant's lineup so much lately causes a twinge of sadness. He has played a lot of ball for the Giants since he broke into organized baseball with them in 1926 at the age of either 16 or 17. It's so now that every time he steps to the plate he creates a new record of some kind.

Johnny Pesky, ex-Piedmont leaguer and war time player at Chapel Hill with the Cloudbust-

ers, is burning up the American League at the present time sparking the Red Sox in their early season pennant drive.

Bobby Doerr, whom many considered washed up before he entered service, has taken a new lease on life at second base for Boston and is leading the league in runs batted in, and that is an important department.

Wonder if Bill Johnson, recently discharged, will be able to regain his third base post from "Snuffy" Stirnweiss, erstwhile U.N.C. football and baseball star?

We are still hoping to have an announcement concerning our local Sunday School softball league. The organization meeting was postponed last week due to the meeting concerning the highway.

HERE IS THE MAN FOR THE JOB!

Zebulon Weaver's record is one of a steady, conscientious and able public servant. He does not believe in or employ spectacular methods of campaigning. At this moment Mr. Weaver is at Washington tending his duties in the House of Representatives. His goal, as always, is service to his country and to the people of the Twelfth Congressional District. It would be a most serious misfortune to this District to sacrifice, for the promises of a politically ambitious opponent, all that he represents in seniority, diligence, application to duty and proven merit.

Rep. Zebulon Weaver

MR. WEAVER HAS ANNOUNCED HIS WISH TO RETIRE FROM PUBLIC LIFE AT THE END OF THE NEXT CONGRESSIONAL TERM OF OFFICE, IN 1948. HIS WORTH TO YOU IN THE TWO COMING YEARS MUST NOT BE DISCOUNTED OR FOGGED OVER BY GLIB ASSURANCES THAT THIS IS THE TIME FOR A CHANGE.
