OLD FORT MERCHANT'S PRICE POLICY

We, the undersigned merchants of Old Fort, wish to state that we are doing, and will do, all in our power to keep prices as low as possible We have kept within the OPA price ceilings and in some cases have sold at prices under the ceiling.

Now that the OPA is no longer fixing prices we intend to do all we can to keep prices at a level that will be fair to our customers and at the same time allow us a reasonable profit on our sales. Prices to us may be increased by the wholesale merchant.

A few items had to be sold, during the OPA regulation, at prices that allowed us practically no profit. These few items will sell at slightly higher prices in order that we may make a fair return on our investment.
