MORGAN PLANT SOLD TO AFFILIATED FIRM

The Morgan Manufacturing company plant and grounds at Woodfin have been sold to the Morgan Furniture Company, according to a deed filed this week in the office of the register of deeds. Tax maps on the deed indicate that the sale price of the property was approximately \$145,000.

The Woodfin plant of the Morgan company will be separated from the other interests of the Morgan company at Black Mountain, with legal registration of the sale. It will be devoted entirely to the manufacture of furniture.

The Black Mountain plant will be devoted solely to the manufacture of dimension products, it was explained this week by David B. Morgan, Jr., president of the company.

Legal phases of the transaction were handled by the law firm of Adams and Adams.

Almost every type of subject was included; portraits of native people, still life, especially flower arrangement by Japanese-American artist, marine scenes, landscapes, street scenes and pictures of many

"Dark Of The Moon" To Be Shown In Asheville

Play By Howard Richardson And William Burney

"Dark Of The Moon" a play by Howard Richardson and William Burney has been obtained by the Asheville Community Theatre, Inc., it was announced this week, and production will get under way in about ten days, with Elwin Dearborn, of New York city, directing.

"Dark Of The Moon" is a fantastic story of a witch boy who falls in love with a mountain girl and is woven around one of the versions of "Barbara Allen". It was produced by the Schuberts in New York and was one of the hits of the last season. This is the first time that it has been released for production by an amateur company.

Mr. Richardson who is now in New York, was instrumental in getting the play released for production here and he indicated that the Schuberts are tremendously interested in the production in the mountains where the scene of the play is laid.

Season tickets will be made available in a special campaign to start within the next few days and thereafter season tickets will be available only to those who were out of town during the period of the drive or who move here to become permanent residents after the drive has been completed.

JUNALUSKA SERIES FINANCING THE FAITH TOPIC OF OPENING ADDRESS AT CENTER

Under the general theme, "Financing The Faith," Dr. John M. Versteeg, of Lima, Ohio, noted Methodist churchman, author and hymn writer, delivered the first of a series of five addresses from the Lake Junaluska assembly pulpit, last Sunday evening.

The Versteeg lecture series will be directed toward phases of Christian stewardship and religious life. His opening sermon on the, "To Celebrate Our God" centered about the elements and purposes of prayer as an adjunct to Christian living.

All prayers are answered declared the speaker. "Sometimes the answer is 'yes' sometimes it is 'No' and often it is 'Wait'. The primary conception of stewardship is not to support the church or organize a new social order. It is to glorify God.

We do not only ask in prayer, but we affirm. There is a sense in which we are supernatural when we assert that we belong to a spiritual order and we are to affirm God's spiritual power.

We need to actualize our prayers to hurl lives after our prayers. Stewardship is praying done with living and the pocket book and the check book enter into it.

Finally our prayers must show appreciation. We think enough but we do not thank enough. The beginning of all prayer and the end of all prayer is to celebrate our God and to glorify His purpose in the world.

Youth Session In Junaluska To Open To-Day

With the approach of new church-sponsored gatherings, many new persons are arriving on the grounds for committee meetings and for the approaching Young People's Leadership School, July 18-30. In addition to the constantly changing crowd here for special committee meetings and larger groups vacationists from warmer sections of the country are arriving in numbers.

Dr. Versteeg in his address, said, "Stewardship makes the most of the best and the best of the most. Faith is dear to God and our faith is kept steady through Jesus. Faith has to be made flesh. For long it was made theology. In a world that has been so much that was faithless, money must keep faith with all that Christ revealed of God.

In our world, in which so much and so many have been hopeless, hope must be made flesh. Hope is higher than history and economics must say: Hope thou in God. Through and in the church there must be hope for those who are now without God and hope in the world. God pays dearly to keep hope alive and through Jesus we can bring God's hope for a decent world to reality. We are meant for hope and everything that exists is designed to help men hope in God.

Love must be made flesh. It is hard to prove that God is when there is little proof that love is. Love must make our means as well as our ends considerate, understanding, and full of good will.

David Smith Home From "Frontier Celebration"

David, son of Mr. and Mrs. Harry J. Smith of Black Mountain, returned Saturday from Prescott, Arizona, where he attended the "Frontier Days Celebration". This celebration, a large rodeo, is held yearly during the first week of July, in the town where the first rodeo was staged. David made the trip by train alone, "totin" his western saddle, and rode daily in the large parade. The Smiths moved here from Prescott last May and are assisting John L. Bowers in running the Recreation Center Club house here.
