What should we expect of a chamber of commerce? All too often the citizens of a community see only this side of the ledger and form their conclusions accordingly. But, whether we like to admit it or not, there is another aspect that is equally as important, if not more so. The question might well be turned around to read: What should the chamber of commerce president and directors expect of the community?

The chamber of commerce is an organization of business and professional men and women working in all fields to promote the economic, cultural, and educational growth of the community. With this announced purpose the president and directors are expected to work to secure new industries, and industrial expansion, direct and develop favorable publicity for the town and community, aid in the growth of agriculture, promote markets, building of highways, improve education, aviation, and dozens of other projects that help the community.

Just where does the individual fit into this scheme of things? No civic body is any stronger than the support which it receives from the city as a whole. The individual must lend support not only by joining and paying dues but also by attending meetings, boosting verbally, and giving unqualified cooperation.

Only by cooperation between the citizens and the chamber of commerce and by working together may the desired results be achieved. The Black Mountain chamber of commerce belongs to YOU. If it doesn't do the things which you think it should, YOU and only YOU have the power to change it. It takes no more energy to work constructively within the chamber of commerce than it does to complain of what is not done—Cooperation will accomplish wonders. Try it and be convinced.

Drugless Health!

NO MATTER how long you have been suffering from stomach, kidney and rheumatic distress, and what drugs you have tried before, you can, now, hope for relief if you take GEO-MINERAL. With your eyes SEE the results seven days after you start taking it.

DRUGGISTS, Chemists cannot make GEO-MINERAL. It comes from the earth—Nature's laboratory. Contains NO dope, NO alcohol, NO oil, ONLY Nature's minerals—the oldest, most reliable remedy for rheumatism, arthritis, kidney and stomach ailments.

Wonder Minerals

FOR THOUSANDS of years sufferers, on advice of doctors, go to mineral springs to get cure, or relief. The late President Roosevelt used to go to Mineral Springs in Georgia. He was helped or would not have gone there twice a year.

WE HAVE all heard of the miraculous springs of Lourdes, France, and famous Thronion in ancient Greece, where, according to legend, Hercules, the god of eternal strength and youth, drank its waters and bathed to be forever young.

IF YOU ARE a sufferer, and can not go to the mineral springs, try GEO-MINERAL which contains a blend of the same minerals that can be found at the world's best springs. The minerals in it may work miracles.

Amazing Results

WATCH your eliminations from your bowels two or three days after you start using GEO-MINERAL. The waste, black as coal, will break away and you will SEE it! Also examine your urine. You may see impurities—poisonous waste—coming out of your kidneys, and feel the relief. Be sure to watch for all this to realize its priceless value.

GEO-MINERAL is not a physic, and does not interfere with the foods in the intestines. It gets down to the root, cleaning and purifying, throwing away poisons—gas, toxins and bloating. Not like physics, oils and cathartics do, but in a natural, harmless, safe way.

WHEN the poisons are out of the system, and the kidneys are pure, when the gas, acids and toxins that cause acid condition in the blood, are gone, we begin to feel the rheumatism and arthritis leaving us, and Nature starting to complete the recovery.

Our Guarantee

WE URGE you to try GEO-MINERAL. Come to this drug store NOW and get one bottle. Use it for one week. If you are not 100 per cent satisfied, we will refund your money in full.

TRY IT! It may be the remedy you NEED! . . . and making the best investment for your health. It may do wonders for you—make you feel, eat, sleep, work and enjoy life better.
