On summer days, food that looks cool gets a warm welcome, so I try to include something green on every menu. See how this cool color adds appetite appeal to a meal by serving the green-tinted tempters below!

PALE GREEN AND PRETTY

Speaking of green things, here's how to make an avocado ring that'll make guests green with envy: Soak 2 tbsps. plain gelatin in 1/4 cup cold water. Add 1 cup boiling water, and stir till gelatin is dissolved. Add 1 cup grapefruit juice, 1/4 cup A&P's ANN PAGE SALAD DRESSING, 2 cups chopped avocado pears, 3 tbsps. chopped pimento, 1 tsp. finely cut onion, 1/2 tsp. salt and 4 thin orange sections. Pour into qt. ring mold; chill till firm; and unmold on salad greens. Serves 6.

LIME GREEN AND LUSCIOUS

In the summertime my favorite flavor is lime. My favorite way to enjoy it? In A&P's SPARKLE LIME GELATIN fixed like this: Pour 1 1/2 cups boiling water on 1 pkg. SPARKLE LIME GELATIN; stir till dissolved; add 1 cup crushed pineapple, 1 cup cottage cheese, 3 tbsps. lemon juice and 3 tbsps. mayonnaise; pour into 6 molds; chill till firm; and unmold.

GRAPE GREEN AND GRAND

The idea for this salad came right from the grapevine. Whip 1/4 lb. cream cheese (thinned with 1 or 2 tbsps. milk if necessary), spread thickly on 4 A&P BRAND PEARS, and cover with halved seedless grapes. Serve on lettuce.

MINT GREEN & MARVELOUS

A cool green tint plus the fresh tang of mint makes ice cubes extra-nice cubes. So fill your refrigerator tray with water to which a few drops of green vegetable coloring have been added, and freeze a sprig of mint in each section. Then, to make iced tea that tastes as refreshing as it looks, simply brew your favorite blend of Flavor Tested Tea, and pour it over these minted ice cubes. Each of A&P's famous Flavor Tested blends—OUR OWN, NECTAR and MAYFAIR—makes flavor perfect iced tea with long lasting goodness that survives melting ice. Each costs less than a cool cent a glass.

HERE'S HOW North Carolina Cities, Towns and Counties are using **BEER TAX REVENUE**

Last November, \$1,784,821 in beer taxes (representing July, August and September collections) was distributed to North Carolina municipalities and counties wherein beer is licensed to be sold. How is this money being used? The results of a recent survey hold great interest for the State's taxpayers:

Tax Load Eased

Twenty-six municipalities and 28 counties report that the new beer revenue would enable them to REDUCE TAXES, and three other counties said it would help in that direction. Thirty-four municipalities and 34 counties indicated it would aid in PREVENTING

TAX INCREASES. Other welcome uses included MEETING INCREASED EXPENSES and APPLICATION ON DEBT SERVICE.

In some instances, EXTRA CITY AND RURAL POLICEMEN are being employed from the funds, resulting in improved law enforcement.

Policemen Employed

Other uses include STREET IMPROVEMENTS, PURCHASE OF EQUIPMENT and SANITARY SEWERAGE EXTENSION.

School Expenses Met

SCHOOL BUILDINGS are being planned, SCHOOL EXPENSES met, and county HEALTH AND WELFARE programs

financed—from beer tax revenue.

Other constructive utilization of these funds includes: COUNTY LIBRARY BUILDING, NEW FIRE STATION, COURTHOUSE ENLARGEMENT, PURCHASE OF PROPERTY for county purposes.

Streets Improved

And so on—an impressive array of sorely needed services and facilities made possible by the apportionment of beer tax revenue to towns, cities and counties licensing the sale of beer.

Health and Welfare Programs Maintained

USING 1947 beer taxes as a basis for estimate, nearly \$4,000,000 of this "bonus" revenue is anticipated for North Carolina municipalities and counties this year—money that will relieve the burden of hard-pressed taxpayers. Safeguarding these millions is an objective of the Self-Regulation Program of the North Carolina

Division, U. S. Brewers Foundation. You help us mightily when you give your patronage only to those beer retailers whose places of business reflect complete respect for North Carolina law and North Carolina civic and social standards.
