Extension telephones in easy-to-get-to places save time and steps, afford privacy on the telephone.

Now Enjoy Extension Telephone Convenience in any room in your home

IN AN EMERGENCY

An extension telephone at your bedside affords comfort and protection.

An extension telephone saves time, steps and trouble. It improves your service and makes your telephone more valuable by increasing its usefulness. Extension telephones can now be installed in homes at small cost. You don't need to write us or come to the office. Just call our Business Office.

Orders for main telephone service are sometimes delayed because of shortages of central office and other equipment, which are not involved in the installation of extension telephones. That's why you can now get extension telephones, though there may still be delays in furnishing main telephone service.
