Street Dance Presented Each Friday Night By B.M.H.S. Alumni Association

Planned To Raise Money For Newly Organized Band

The second in the series of weekly square dances sponsored here each Friday night by the Black Mountain High School Alumni association at the intersection of Broadway and Sutton avenue will be held at 8:30 Friday evening. At the first dance last week a fair opening night crowd attended.

With R. T. Greene as general chairman the dances were planned by the alumni association to raise money for the high school band which is being formed under direction of Mrs. Charline Maydwell. The dances are an activity of the community recreation program under general supervision of the Buncombe County Community Chest. They are planned to provide wholesome entertainment and recreation for the citizens of the community and the summer visitors.

Parents and friends of the students of the Black Mountain schools are urged to come out each Friday and watch the dancers and listen to the mountain music which is provided by the club house band. Luque Medford, Garland Bryson, and Melvin Lance are the gentlemen who add a professional touch by their calling ability. The affairs are well chaperoned and there is plenty of parking space up and down Broadway and on the new municipal parking lot just opened next door to the Greene Building. Those who drive down are requested to —Turn to Page 4, this Sec.

Jaycees Bring Back Smash Hit For Second Show

W. Dean Willis, president of the Black Mountain Junior Chamber of Commerce, announced today that work on "Trippin' Around" has begun. The show is to be presented for the benefit of the summer recreation program, and is scheduled for June 29-30 at the grammar school auditorium. As has been previously announced, "Trippin' Around" is the same show basically as it was on the premiere, which played here in April, 1950. The directors have made many changes, and the entire show has been dressed up with new costumes and 11 spotlights, three of which are ultra-violet, to be used on the two fluorescent scenes, "The Fairy Express," and "Home To The Southland." The slogan for Black Mountain this year is: "You saw it in its beginning, now see the finished product!"

One unusual feature: the cast in the 1950 production will be asked to assume the same roles in the 1951 version, wherever possible. "Trippin' Around" has gained widespread favor, and the many towns in which it has played have consistently reported, "The best local talent show we have ever had!" The producers, Mr. and Mrs. Fred Bergmann, Jr., are in town "for the duration," and they with the directors, Miss Emma Good of Bristol and Johnson City, Tenn., and Miss Betsy Webster of Marion, arrived last Sunday. Konrad represented the May Faircloth Dixon Humane Society as part of a delegation appearing before the board of county commissioners on Monday, June 18, at the court house in Asheville to urge adoption of an act passed by the last session of the general assembly which would, in effect, control the wild and stray dogs in Buncombe county.

The bill, H. B. 198 provides for the protection and advancement of the sheep raising, poultry and livestock industry in North Carolina and its adoption is optional with the board of commissioners in each county. It calls for the appointment of a county dog warden, a county animal shelter and covers quite thoroughly the identification of dogs by tags and collars bearing name and address of the owner, as well as payment of damages from the dog tax fund to parties suffering losses of livestock from dogs, and penalties for failing to register or list animals owned.

REPLIES POUR IN Mosquito-Free Vacationland Ad Brings Results

Replies to the Chamber of Commerce schedule now running in Florida newspapers are pouring in and the end is not yet in sight, directors were told at the regular meeting at the town hall Tuesday night.

In an effort to keep the program in high speed the directors instructed the publicity committee to go ahead with original plans to spend \$200 in Southern newspapers in Georgia, Louisiana, and Alabama in addition to Florida.

The membership drive will be conducted on August 22, the day following the regular meeting, H. B. Sabiston, chairman of the committee, said. All directors will participate in a two-hour drive.

R. S. Eckles, who attended a meeting several weeks ago of the Blue Ridge Parkway Associated Chambers of Commerce, at Roanoke reported that the organization has as its principal purpose the promotion of towns within 30 miles of the Parkway. Black Mountain is recognized as a key point on the Roanoke to Asheville route, and will receive much benefit from this promotion, the directors felt.

The directors instructed the secretary to write letters of appreciation to J. A. Dougherty at the Black Mountain Lumber company and Mr. and Mrs. Lee Seagle at the Black Mountain Ice company for the improvements made to their property.
