Our country is FREE

Sometimes we use our freedom badly—forget about it—trade it cheaply—and fail to fairly give as much to some as others. But we know no people on earth have more freedom, or love it better, or will fight so hard to keep it.

Troop Patrols Win Citations At District Meet

At the Rhododendron district camporee, near Candler, last week two patrols from Boy Scout Troop 47 won five citations. The following boys spent from Friday to Sunday at the camporee: John Buckner, senior patrol leader; Sandy Sarti, patrol leader; Craig Cooley, patrol leader; Billy Wells, John Cooley, David Tyson, Tommy Love, Joe Thompson, Stanley Garland, Tommy Marret, David Marret, Tommy Wheeler, Alan Holcombe, Terry Swann and Don Wright.

The Oerlikon Tool and Arms corporation announced today that bids will be asked this week on the second phase of the construction program, five permanent type buildings which will cost an estimated \$3,000,000. Lt. Gen. K. B. Wolfe, president, who has been named to a 4-man advisory committee on production equipment that will work with Defense Mobilizer John R. Steelman, said that the bids will be received June 15 and work begin soon afterwards. A large production machine shop and a number of other units will be covered in the contracts, General Wolfe said. Containing more than 40,000 square feet, the machine shop will be a two-story building with framework of steel. It will contain cranes and other heavy equipment used for manufacturing machine tools. The first phase of the program has cost \$825,000. Of this, \$425,000 was the cost of the first 14 buildings which will be completed Saturday, and \$400,000 additional for the site, which is located on the Riceville road at Bee Tree, the survey, legal fees, water and sewage lines, electric sub stations, and other facilities. Already producing items of a classified nature on a limited scale, Oerlikon is expected to be —Turn to Page 4, this Sec.

Commencement Exercises Set For Montreat

The graduation exercises of Montreat College and Montreat Preparatory School will be held on May 25 and 26 in Gaither hall at Montreat. The addresses to the seniors will be delivered by Dr. William McCorkle, and Dr. James G. Patton, Jr., both prominent men in the Southern Presbyterian church. Dr. McCorkle, a native of Rock Hill, S. C., will speak at the baccalaureate service on Sunday, May 25, on the subject "Beyond the Facts."

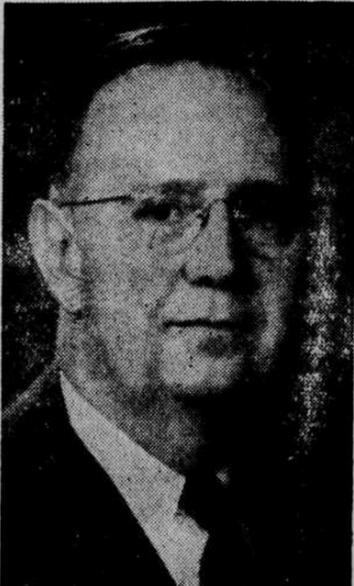

Public Park On Montreat Road Is Possibility

A public park, centrally located in Black Mountain, is about to become a long last a reality due to the public spirit of Dr. R. C. Anderson and the activities of the Recreational Facilities Project committee operating in the "Finer Carolina" contest. The area is situated at the first bend in Montreat road after leaving the business section and Dr. Anderson has granted permission to beautify the portion which he owns. It is a matter of general knowledge that the need for a public park, centrally located, has been recognized for the past several years and various civic minded interests have tackled the project from time to time. According to Walt Burgess, steering committee representative, it now looks as though this civic desire is about to be realized. The underbrush and dead and misshapen trees have been removed. The town will undertake to ditch the area and the Grove Stone and Sand company has offered to donate six loads of fill which will be placed as soon as soon as the soil is stable. The Chamber of Commerce has donated \$50 toward the labor in the clearing operations and several merchants have donated money. Walt Burgess, Mrs. Walter Burgess, his mother, his sister, Harriett, and Woody Stepp have donated their labor in helping to get the area in shape. This public park project is reported to be at the midway point and further steps are planned as —Turn to Page 4, this Sec.
