Revival Services Are Continuing At Friendship

A two weeks' program of Bible teaching and evangelism got off to a good start at the Friendship Presbyterian church, Sunday, March 8, and will continue through Sunday, March 22, according to a report by the Rev. W. H. Armistead, pastor. Plans for the revival have been under way for some time and were climaxed by a great opening service on Sunday night.

The Rev. C. W. Solomon of Montreat, a distinguished pastor, teacher, and approved evangelist of the Presbyterian church, is the guest minister for the revival series. He is assisted by Mr. and Mrs. Orin M. Simmerman, Jr. of Wilmore, Ky., a young musical couple who have achieved a wide reputation as soloists, music directors, and accompanists.

In commenting on the Rev. Mr. Solomon's ministry, the Rev. Mr. Armistead stated: "Rev. Solomon has had a truly distinguished background for the highly successful ministry he now enjoys. He received his A.B. degree from Austin college, Sherman, Texas, and his B.D. degree from Austin Presbyterian Seminary, Austin, Texas. He is now a member of the Appalachian Synod of the Presbyterian church. He has served some of the largest churches of the nation, his last pastorate being the Capital Hill Presbyterian church in Oklahoma City, Okla. Since leaving the work of the pastorate, Rev. Solomon has travelled widely throughout the nation as evangelist and leader in many evangelist campaigns. Rev. Solomon is a purveyor with rare spiritual vision and evangelist zeal."

The Rev. Orin Simmerman, Jr., who is directing the music during the meeting and leading in other special youth activities, is a graduate of Asbury college in Wilmore, Ky., and has done graduate work in Asbury Theological Seminary in Wilmore, Ky. He is the possessor of a beautiful, trained, baritone solo voice and well qualified by virtue of training and experience to direct the music and youth work of the revival.

The services will continue each night with youth services at 6:45 p. m. and the evangelist hour at 7:30 p. m. Beginning Monday, March 16, through Friday night there will be boys and girls meetings every afternoon at 3:30 p. m. which will feature Seen-O-Felt stories, gospel magic, and contests and awards.

Parents, Pupils Invited To Band Meeting Monday

A meeting of the parents and pupils interested in the junior band will be held at the Black Mountain Grammar school auditorium at 7 p. m., Monday, March 16. Mrs. Charlene Maydwell, director, has announced. All interested parents and pupils are urged to attend this important meeting.

Mrs. Maydwell has just completed the second annual aptitude tests among the students of the grades from four through eight. Those who placed best in these tests have been invited to join the junior band.

At the meeting Monday a representative of a music company will be present to talk with the parents and students about instruments. "There is a wider choice of instruments among the students this year because they have seen and heard the junior band at monthly chapel," Mrs. Maydwell reports. "Last year most of them wanted drums or trumpets. This is real progress."

Among the students taking the tests, Amese Soos, fourth grader of Montreat, scored 98. She has been in the tonette class at Ridgecrest this year and has exceptional ability, the teacher believes. If some one would provide a flute for her to use, Mrs. Maydwell thinks she would be a credit to the band. Any one having a flute which could be used by this student, please call Mrs. Maydwell.

Mrs. Lewis Clay, health educator of the Buncombe County Health department, which directs the services of the public health nurses, will present a film showing how the nurses work in the community.

The Elementary School P.T.A. regards as one of its major projects the raising of a fund to supplement the salary of the school nurse, and thus make possible her being on duty at the school one-half of each school day. This is the second year the P.T.A. has sponsored this service, and the funds have been raised through the generosity of business firms, clubs, and individuals. The school is one of the few in the county system which does this.

Mrs. R. T. Greene, president, will preside at the business meeting preceding the program. The nominating committee, which was named at the February meeting, will present a slate of officers for the 1952-53 year which will be voted upon by the full body of members present.

Junior Women Plan For Funds Is Different

The members of the Black Mountain Junior Woman's club seemed to be asking the question "How can we earn more money?" We have our annual Fashion Show, Rummage Sales, etc., and there are always bake sales and bridge parties to rely on; but Black Mountain is a small community and we despaired of asking the same people to continually support our functions.

We decided to invest our talents and a little money and see what happened. Each girl started with an original investment of \$1.00. She could use the money in any way she wished. Some bought flower seeds and will sell plants later. Some are baking cookies, cakes and pies. One girl will take your order for loaf bread and deliver it HOT in time for your dinner.

There is a great deal of interest in this project because each girl can do what she wants and what she does best—also she can do it at her convenience. We can't wait until our two-month investment period is up to hear the various ways the money was invested. Of this we're sure—it's been fun and hasn't seemed like work.

Samples of our individual projects will be displayed in Lormay's Department Store after March 10 for those who are interested in purchasing them.

Thoughtful Thief Replaces Gas Used In Stolen Truck

When Robert S. Leonard, Buncombe county's master hog farmer, parked his truck at the court house last week and took the elevator to the farm bureau meeting he had no inkling of the trouble which a thief, lurking in the bushes, Mr. Leonard believes, would cause.

Two or three hours later when Mr. Leonard came out of the meeting, he found his truck gone. He hastily felt in his pocket to see if he had unintentionally left the keys in the truck, but they were in his pocket. He searched the immediate vicinity but without success.

He reluctantly stepped "around" the block and reported the loss to the state police who went into action.

The following night the state police called. His truck had been found on a side street in Charlotte, unharmed and good as new except for a scratch or two on the front fender. Mr. Leonard and the police believe the rascal made the dent when he left the parking place hurriedly in front of the court house and not too far from police headquarters.

The Black Mountain farmer, who walked off with a truck load of blue ribbons with his entries from Highland Farm at the state fair last fall, made the trip to Charlotte next day to pick up the truck.

Although it cost him a day's time, bus fare, and a dollar storage fee, Mr. Leonard was pleased that the thief was so thoughtful. He not only took good care of the
