PRECIOUS N. C. GEMS The scores below are through One hundred and seven students, their teachers, Mrs. Helen P. Hipp, BB Ave.

Mrs. Mary M. Noah, Mrs. Miriam 500 Bryan and Mrs. Eula E. Croy, ac-420 333 companied by Mrs. Walter Cooper 233 and Mr. W. M. Graham, made an educational tour of North Caro-291 260 lina's mineral sections located in 250 and near Spruce Pine. They left the school grounds at 250

250 9 a. m. Thursday, May 7. Stops 240 were made at Burnsville where 12 222 students were allowed to get 200 drinks and relax. One fourth mile 190 out of Spruce Pine, groups were 100 taken in numbers of 15 through "The Mayland Mica Manufactur-50 000 ing Co. shop." A guide gave an 000 interesting and descriptive lecture 2 227 on the cutting and manufacturing 60 Triples of mica parts which are used as Wilkerson 1 insulation of electrical appliances. The second tour was made through "Green's Mineral and Gift Shops" in Spruce Pine. There Strike Outs by Pitchers-Rogers, were many precious and semiprecious gems and fine specimens of North Carolina's minerals which Mr. Green has collected and labeled, including uranium, quality crystal, golden beryl, ruby aquamarine, sapphire, gold in quartz, rutile, amethyst, mica, emerald, garnet and others. Two of the most exciting were a very small emerald Mr. Green cut and has Lost Won Avg. refused to sell for \$1500, and a view of the darkroom in which was a clever arrangement of North Carolina gems forming a miniature church, organization emblems, stars, moon, and animals. When

ultra-violet rays reflected upon the minerals they gave forth rays of their natural colors.
