10 - Black Mountain (NC) NEWS— Thursday, Oct. 29, 1953

More About— A.H. & C.C., Jr.

From Page 1
Baby's potentialities are encouraged by progressive scientific and sociological methods as well as by loving care. Adopting parents are told about the child's physical, mental and emotional development before they see him.

Their judgment joins their hearts in their choice.

Understanding guidance is given the couple wishing to adopt a child. Case consultants use their accumulated knowledge and experience to suggest the baby best suited to bring them happiness, a baby who needs their home as they need him.

This year the Children's Home

Society has added a new service. Since the orphanages of this state do not place children for adoption, the Children's Home Society has joined with these institutions to give such children their chance to grow up in families chosen especially for them. Most people do not realize that the great majority of children in orphanages and other child-caring institutions do have "folks" to whom they belong. Folks who love them and remember them on holidays, birthdays and week ends. Occasionally there is a youngster with NO family ties to give him a special sense of belonging. These are the children who need new homes and grown-ups to love them.

A case consultant from the Society visits the persons who are interested in adopting an older child. Thus the Children's Home Society is able to choose from the homes offered and the children who need homes—the parents and the child who seem to need each other most.

The Children's Home Society is the only voluntarily supported, non-sectarian agency licensed to care for babies to find their homes anywhere in N. C. It receives no tax funds and makes no charges either to the relatives or to the adopting parents for its services.

Since the Children's Home Society is a project of all Jr. Women's clubs in N. C., both the American Home and Civic club and the Jr. Woman's club of Black Mountain are most interested in the support of this Society through the United Appeal. Won't you remember when you give to give a little for the "little ones"?

Choose from our wide selection of designs, a monument in marble or granite to perpetuate precious memories.

MRS. MAMIE SUE EVANS GIVES TALK ON SHOES

The Black Mountain Home Demonstration club held an all-day meeting last Monday at the home of Mrs. H. W. Cole. Mrs. Mamie Sue Evans gave a most enlightening talk on shoes, the different kinds of leather, how to buy well fitting shoes and how to care for them. This talk was followed by one on Christmas greens. Mrs. Evans came laden with Christmas greens, beautiful wreaths made of pine cones and unusual dried flowers. She showed members how to make mantle, table, and door decorations.

Everyone present enjoyed a bountiful luncheon arranged by Mrs. Cole, Mrs. W. D. Hyatt, and Mrs. Charles Clevenger.

Those present were: Mrs. John Plated Ware
Melton, Mrs. William Hinkle, Mrs. Silver-plated ware is normal, stamped from nickel silver, an alloy of nickel, copper and zinc, and then electroplated with silver. Nickel Alloys Aid Progress
G. V. Stepp, Mrs. Sam Morris, Mrs. Clyde Jumper, Miss Mary MacKay, Mrs. J. N. Wright, Mrs. Jeter Riddle, Mrs. J. J. White, Mrs. Hyatt, Mrs. Clevenger, Mrs. Evans, and the hostess.

Production of alloys containing nickel received great impetus during the period of increased industrial activity that followed World War I. Then, as now, there was a steadily expanding demand for stronger and more durable metals for the new machines, products and appliances that were being invented and developed.
