

**First Baptist Church Notes**

The "Discipline of Love" will be the subject for the sermon Sunday morning. People frequently think of love as always easy and simple. Punishing for anything. This is a misunderstanding of love. God is a God of Love, but that does not mean that He never punishes. The universe is controlled by laws. The moral laws of the universe are just as real as physical laws. If one tries to break the laws of gravitation, he would not be high building. God of not love. Likewise, one who breaks the moral laws of God and punishes should not blame God for being without love. A parent doesn't discipline his child because he hates him but he disciplines in order to save the child. God chastens us because He

The lithograph bears a record trip schedule for the Robert E. Lee: "New Orleans to St. Louis, 1,210 miles, 3 days, 18 hours, and 30 minutes, leaving June 30th, 1870. Best previous record 3 days, 21 hours, and 58 minutes by the steamboat Natchez." Twain rode the Robert E. **Your dream of a better town can come true**

You've had thoughts like these: "Our town needs a parking lot, some new source of payroll and modernized stores. The kids should have a baseball field, slides, swings and a place to skate besides on the street."

Today — Carolina is a wonderful place to live; tomorrow — it's not good enough for you and your family. A town either progresses or skids backward — there is no standing still.

But changes and improvements don't happen accidentally — people like yourself make them happen! You can help turn your dream of a better town into reality — not all at once, but step-by-step. Shortly after January 1, the new Finer Carolina contest opens and your town will

- (1) be eligible to form a "Finer Carolina" steering committee,
- (2) pick the five most-needed improvements for the town,
- (3) work to finish them during 1954, and
- (4) enter them for CP&L's cash prizes.

Will YOU think about the five greatest needs of your town — to make it truly a better place to live? Then be a leader in starting this committee to help the town grow even better!

**Fashion Wise Nurses Seek Smart Styles**

The "Modern Miss" is more fashion conscious than any other generation. Fashion is part of the plan to attract 65,000 young women to the nursing profession in this coming year so that we can maintain our American standards of good nursing.

A nurse can have an extensive wardrobe for her "on duty" hours that is pretty and feminine while still neat and professional looking. Plus it can be

easy to take care of by including the new Dacron uniform pictured above. This wrinkle resistant uniform is made of a specially designed striped weave fabric

made expressly for White Swan Uniforms, and inexpensively priced. Sizes from 10 to 18.

The softer, feminine look comes to nurses' uniforms through the use of textured fabrics, lighter weight and sheerer fabrics, miracle fibers and fine finishing details. Details a nurse finds in her street clothes such as embroidery, scallops, tucks, arrows and others are included. Nowadays, hemline length of uniforms will go along with the American woman's choice for her other clothes.

"A pretty thing" catches the eye of the nurse just as it will attract any other woman, but she requires in addition that she look neat and professional, and that the garment withstand many launderings and strain. Although White Swan Uniforms have received the Fashion Academy Award for the past three years, these practical accents have not been overlooked. The average nurse owns four to six uniforms and launders each one from fifty-two to seventy-eight times a year. To be fresh-looking and sparkling white after so many washings, top quality poplins, cottons and nylons have to be used.

Whatever your size,—whether you're a tall girl, or a half size wearer you will have no worry about getting well-fitting uniforms, they are now made from size 9 on up to extra sizes. The result will be a smart looking, trim and neat fashionable woman in white.

**Swannanoa Men Have Lesson On Audio-Visual**

A program on the audio-visual section of the Swannanoa school was presented at the December meeting of the Men's club at the community building Monday night. R. S. Neskaug presided in the absence of President Jack Smith. Program Chairman E. N. Howell called on Y. L. Medlin, J. J. Walden, and Mr. Neskaug to teach various subjects, using the audio-visual material which belongs to the school. Highlight of the program was the showing of scenes made at the Swannanoa school last year.

Mr. Walden, audio-visual chief, praised his student assistants for their excellent work. They are Miss Shirley McClure, Joe Jones, John Brown, Evan Powell, Dick Riddle, and Ned Greene.

W. A. Ward, Charlie Porter, and Dick Stone reported that an offer had been made on an additional lot in Government to be used for community activities.

The gift basket for Western N. C. Sanatorium will be set up by Guy West within the next day or two and the Rev. C. W. Bates will deliver the gifts on Dec. 23. Roy Alexander will serve with this group. Gifts should be marked "Ladies" or "Men" to make sorting easy.

Arnold Powell was nominated for general chairman of the 1954 Finer Carolina committee. Bill McMurray and Jug Walden will see that the Christmas tree at the light is decorated.
