GRADY COLE, popular radio star of WBT says, "My wife has always used light Karo for cooking ... and on the table—it's

dark Karo for me, the best-tasting eating syrup of 'em all"

Yes, indeed ... biscuits go like hot cakes when you pour on plenty of delicious dark Karo... there's nothing like it for good eating. Satisfyin' flavor. So rich it stands right up on top of biscuits (keeps 'em light and fluffy). Keep Karo on your table morning, noon and night ... it tops anything!

Ask your grocer for DARK Karo, in pint and quart bottles

and because it burns clean ... New No-Nox gives you even more power-with-protection

GULF'S PLEDGE to the motoring public

· We at Gulf make this promise to America's motorists. We will not permit a single competitor-no, not a single one-to offer a gasoline superior to our own superb No-Nox.

· It is our sincere belief that No-Nox is the finest gasoline on the market today, and no matter what others do or say we will keep it the finest-in power, in performance, in engine protection.

> • This is not a boast, not a claim. It is a pledge to you, the motoring public-a pledge backed by the resources-and the integrity-of the Gulf **Oil Corporation.**

But octane alone is not enough. Only a gasoline that burns clean can make its full octane power really work for you mile after mile. That's why new Gulf NO-NOX is super-refined to burn clean and make this power last thousands of miles longer!

This lamp test above shows what a difference Gulf super-refining makes. Gulf refines out the "dirty-burning tail-end" of gasoline, at the refinery, to bring you new Gulf NO-NOX. Just see how clean new NO-NOX burns.

Fill up with new Super-Refined Gulf NO-NOX and feel the difference:

· More complete engine protection than with so-called "miracle-additive" gasolines.

- Extra gas mileage in the short-trip, stopand-go driving motorists do most.
- Stall-proof smoothness . . . instant starts. ... fast, fuel-saving warm-up.
- . No knock, no pre-ignition-even in today's high-compression engines.

high-compression engines

It's super-refined ... to burn clean! The '55 gasoline for all
