

Annual Meeting crowds at The Mother Church, The First Church of Christ, Scientist, in Boston, Mass. The Church of Christ, Scientist was founded by Mary Baker Eddy, who discovered Christian Science in 1866 and published the Christian Science textbook, "Science and Health with Key to the Scriptures," in 1875.

MONTREAT

By Miss Julia Stokes

The worship service of the Montreat Presbyterian church and congregation was held in Gaither Chapel. The pastor preached on "The Church of Jesus Christ," based on the 16th chapter of Matthew. The chapel was full to overflowing. On next Sunday Dr. John H. Leith, First Presbyterian church, Auburn, Ala., will be guest preacher. Services will be held in the Anderson Auditorium.

At 7:30 p. m. the vesper service for young people was held in Gaither Chapel with Dr. William McCorkle, secretary of Evangelism of the General Assembly, Atlanta, the guest speaker.

At 8 p. m. the young adult group met in the home of Gilbert Gregg on Mississippi road. The discussion was the Westminster Assembly.

The registration for the clubs are held each day from 9 to 12 in the skating rink. The clubs opened on Tuesday morning at 9 o'clock and will continue for the summer months. These clubs are opened for all young people.

There will be no Wednesday afternoon prayer meetings until September.

The young adult conference is held this week, June 20-24. The Presbyterian Educational association of the South June 21-27.

Woman's Advisory Council is meeting June 23-28.

The Women of the Church held their last meeting until Sept. in the Collegiate Home on Tuesday, June 14 at 4 p. m. Mrs. L. Nelson Bell presided. Dr. J. Rupert McGregor was the guest speaker. Mrs. W. J. Gammon, chairman of Circle No. 1, presented a gift to Mrs. Keith Townsend on behalf of her circle. Mrs. Noyes Wilson, chairman of circle 2, presented a gift to Mrs. Gordon Meeks on behalf of her circle.

half of her circle. Beth Townsend, the youngest of the Women of the church made her first visit to the Women's meeting and received a warm welcome from everyone. It was a pleasure to have Mrs. J. W. Todd meet with us.

On June 18 Mrs. J. W. Todd celebrated her 95th birthday. She received many cards and gifts. Best wishes and congratulations to her. She is always active in the services in Montreat and attends all the conferences and social events in and about Montreat. She went to two different parties on Tuesday. She is an active member of the Garden club, the Summer Woman's club and Cottage Owner's association. A party is not complete unless Mrs. Todd is present.

Many interesting parties have been given for Miss Margaret Williams. On Tuesday morning Mrs. Thomas Sharp and Mrs. Ann S. Harrison entertained in their home at Blue Ridge. Some 35 guests attended and brought many lovely gifts to the bride elect, as this was a kitchen shower.

On Thursday, June 16, Mrs. L. J. Coppedge and Mrs. Will Ross entertained in the home of Mrs. Coppedge on Greybeard Trail at a miscellaneous shower for Miss Williams. The house was decorated in pink and white roses, rhododendrons and baby breath. The table was centered with a red cloth dressed in pink. A table loaded with gifts was decorated with a small cart and drawn by Luellen Walter Fernandez. Mrs. Coppedge was assisted by her daughter, Mrs. Elisia C. Fernandez, Miss Gay Currie, and Mrs. Francis Wyly. Frozen punch and pink cakes were served to some 35 guests.

Mrs. Francis Wyly, Miss Virginia Buchanan, and Miss Elizabeth Hoyt entertained on Saturday at 3 p. m. in the summer home of Miss Hoyt on Kentucky road. About 15 guests were present.

A picnic will be given on Wednesday by a group of friends, and some other parties are planned for this week.

After the rehearsal on Saturday there will be a cake cutting in the home of Mr. and Mrs. J. P. Williams on Assembly drive. This will include the wedding party and out of town guests.

Mrs. Richard Holmeister, Miss Williams' only attendant, arrived on Tuesday. Dr. Hofmeister will be here the last of the week. Their home is in Chattanooga, Tenn.

Some of the out of town guests are: Mr. and Mrs. Leonard Williams of Atlanta, Mr. and Mrs. Robert Pitts of Wilmington. The two brothers, who will be in the wedding are Lt. Alden Williams of Ft. Benning, Ga., and John F. Williams of Chicago. Many friends from Davidson will come for the wedding.

Mrs. G. H. Gragg and son of Bainbridge and Mrs. John Clark of New Orleans are in their cottage on Mississippi road.

Mr. and Mrs. John G. Richards of Camden, S. C., are spending a short time in their cottage on Mississippi road.

Mr. and Mrs. W. M. Stevenson of Bennettsville, S. C., are in their cottage on Mississippi road.

Mr. and Mrs. John McLaughlin and children, and Mrs. J. H. Purslin of North Augusta, S. C., are in Coleman Groves cottage on Woodland road for a few weeks.

Miss Elizabeth Sloan of Charlotte is in her cottage on Virginia road for the summer.

Mr. and Mrs. R. S. Abernathy, Jr., of Charlotte and family are in the Abernathy cottage on Georgia terrace for a short stay.

Miss Jennie McKinnon of Chester is spending the summer in the Truda apartments on Georgia terrace.

Mr. and Mrs. Hugh L. Lobdell and family of Charlotte are visiting Dr. and Mrs. L. J. Coppedge in their home on Greybeard trail.

Mrs. Henry Elliott and daughter of Dufunick, Fla., are in their cottage on Greybeard trail for the summer.

Miss Mary Harriet White of Rock Hill is spending a few weeks

D. Ogden Heard By Garden Club

Doan Ogden, well-known landscape architect of Asheville, addressed the Black Mountain Garden club at its June meeting on June 17. Fifty-three members and guests gathered for a covered dish supper, at Fairlawn Lodge, the home of the Misses Hall and Howard Hall. Delicious food was gathered up on trays and groups assembled in living rooms, on porch, and on the terrace.

Mrs. William McMurray, newly elected president, after calling the meeting to order, asked that guests be introduced and then turned the meeting over to Mrs. Herman Leitenberger, program chairman for the evening, who introduced Mr. Ogden. His subject was "Care and Transplanting of Native Trees and Shrubs," with special emphasis on the rhododendron, now at the height of its beauty in this region. Mr. Ogden is the landscape architect retained by the Cherokee Historical association to supervise the Arboretum adjoining Oconaluftee Indian Village, opened last September.

An authority on this fabulous genus of plants concentrated in this area, Mr. Ogden communicated a great deal of interest. Varieties blossom here from early February through October and this is the only place in the United States where plants may be found like those in Korea and Japan, a fact from which botanists conclude that this continent and Asia were once one land mass. Four types of rhododendron in these mountains are of particular interest, the maximum or great laurel, the catabiense which we see at Craggy Gardens, carolinianum found at Bat Cave and Tryon, and minus, the kind often used for ornament. Akin to rhododendrons, of the same health family, are the azaleas. He mentioned

Mrs. Wade Boggs of Atlanta is in the Boggs cottage for the summer.

Miss Alice Arey, who has been in Cuba all winter, is in her cottage on Texas road for a few months.

Dr. and Mrs. B. C. Aldrich and two children are in the Wyly cottage on Virginia road.

Mr. and Mrs. Felix Bell of Burlington spent last week with Mrs. John R. Williams in their home on Assembly drive. Dr. and Mrs. John W. Watts and children will be with them during July and August and will take part in the Mission service held in Ridgecrest. They both have been on a speaking mission since arriving from Switzerland. The Rev. John R. Williams will be home during July and August for a much needed rest.

Mrs. A. D. Bell of Dallas, Tex., will spend the summer in the Murph cottage on Virginia road.

Mrs. Pat Wright and small daughter Becky Blue of Kingsport, Tenn., will spend a few weeks with her mother, Mrs. Shaw McEarthen in her home on Virginia road.

flame azalea; vaseyi, pink, found down toward the Piedmont; rosea azalea, Mr. Ogden's favorite, with spicy odor and beautiful rose color; the tree azalea or arborescens which blooms in July usually growing by streams; the azalea viscosa, blossoming later, to be seen in Black Mountain; the nudiflora, an early type; and the azalea prunifolium, bright crimson and rather rare here.

After a brief question and answer period, before he had to leave, Mr. Ogden invited members of the club to visit his beautiful garden in Kenilworth, where he grows specimens of nearly all these varieties.

Miss Mary Walters, retiring recording secretary, prepared minutes of the May meeting, which were read by the newly-elected secretary, Mrs. S. C. Merrell. Mr. Moray's treasurer's report and others were read and a message from Mr. Bergthold of High Top Colony was greatly appreciated.

The president read committee appointments for the coming year. Miss Natalie White bade farewell, saying she had enjoyed working on committees, but that she was soon leaving Asheville. One of the members brought a basket of brag-of-the-month vegetables. The motive for this exchange is for members to encourage each other by showing results of their work.

Mr. Arthur Radcliffe exhibited a beautiful delphinium of the B & R strain, raised from seed planted last July in the garden of Mr. Fred Schmelz. This perennial has beautiful white and pink flowers, which next year will be even larger.

Cars parked and unparked under the able direction of Howard Hall made easy the problem of coming and going, and another enjoyable evening at Fairlawn Lodge was over.

—For more milk value in foods, add whole or nonfat dry milk to the fluid milk used in soups, mashed potatoes, cereals, and beverages. One half cup of dry milk added to a pint of fluid milk makes the food twice as rich in milk value as it is when fluid milk alone is used.

Bittersweet

Oden Walker

(Thursday, June 16)

Mrs. George Rickman has been admitted to an Asheville hospital for observation.

I. T. Brooks and family drove up to the Craggy gardens Sunday afternoon, he says that the rhododendron will be in full glory by the middle of the week and that there is going to be a good crop of bloom. Mr. and Mrs. W. T. Shook, Mr. Chastain, and Mr. and Mrs. Hartzell Blankenship also went to the gardens Sunday afternoon.

I am glad to know that Gordon Greenwood got a little something for his newsprint and printer's ink that was used in the free "plugs" that I gave recently. I thought that our mutual friend in Miami Beach would pay off, but Laddie Terrell goes to the source of the things—he escorted me past the ticket window the other night like I was visiting royalty. I don't know what he had in mind, but Carter Uzzell treated me to a coke the other afternoon, when I'm "freelancing" I take the works so I had the fountain girl dump in a dash of ammonia.

Clyde Gray and family have just returned from a week of delightful vacationing at Garden City, S. C. Clyde says that he actually caught some fish. I didn't think I had the fountain girl dump in a dash of ammonia.

George Summer and family of Newberry, S. C., visited friends around Black Mountain this Sunday.

Jim McFee will enjoy a vacation this week.

Betty Jean Shook was the guest of Judy Byrd last Thursday night, we are sure that our favorite bobby soxers had a pleasant visit together.

We know an 11 year old boy who memorizes early English plays for a pastime.

Beverly Burnette of Tampa, Fla., visited Mrs. Mae Burnette of the Toll road this week-end.

Mrs. Grover Brookshire brought

A beautiful flower arrangement for the church last Sunday.

At a business meeting at the Mountain View church last Wednesday night three more deacons were appointed by hand voting, this makes a total of 11. It's very amusing, but these gentlemen declined nomination for re-election back in May. Earl Jolly was elected Sunday school superintendent for the coming year.

The ladies of our W. M. U. entertained their families with a covered dish supper Thursday evening. The good women spread a festive board of most savory dishes. Those present were: Minnie and myself, Betty Jean Shook (our guest), the Rev. Eugene Byrd and family, Mrs. Blanche Burnette, Mr. and Mrs. Phil Morris, Mr. and Mrs. A. W. Cavin, Mrs. Mae Burnette, Mr. and Mrs. Claude McFee, Mrs. Coleen Blankenship, and Jim McFee and family.

I heard a story the other day of a woman who was always complaining of how badly her husband treated her. One day a friend thinking of the quotation in Proverbs 25:22 asked her if she had ever tried "heaping coals of fire on his head." "Oh, no," she said, "but I did pour scalding water on him once."

We went over and televised awhile with Mr. and Mrs. Phil Morris last Saturday night. We went more for the visit than we did the entertainment, for we do not care very much for this. We find ourselves involved in so many dramas in real life that we don't have much time for the make believe kind. Some time ago we heard a story unfold that was so intricate, yet ruthless in detail as to be almost unbelievable. It's one of those things that has to be kept secret, for if the countries behind the Iron Curtain got on to it, and applied it on a larger scale, the Free World's "goose" would be cooked.

Every now and then we have a meal at J. L. Garrison's Grill, find most tasty food here, charming atmosphere. We ship with these fine people.

Prices received by farmers milk during April were about year earlier for the first time two years. A larger proportion of milk was going into buttering milk outlets and manufacturing milk prices were up slightly.

This clipping will entitle Wade and one guest to free admission to see "Untamed" at Pix Theater.

MOST Modern V8 FOR YOUR JOB!

NOW...THE SHORTEST STROKE V8's IN ANY LEADING TRUCK!

Now new Chevrolet Task-Force trucks bring you the industry's most advanced V8 engines* with an ultra-short stroke for reduced friction and wear. Here are some of the features that make 'em the most modern V8's money can buy!

- Modern 12-volt electrical system**
You get double the punch for quicker starting (up to 30% faster cranking speed) and more efficient ignition for finer performance. Also, you have a greater reserve of electrical power.
- Gas-saving high-compression ratio**
With a high 7.5 to 1 compression ratio, Chevrolet's new V8 truck engines squeeze extra power—and work—out of every tankful of gas. Your ton-mile hauling costs go down with this modern V8 power on the job!
- Extra-high power per pound**
The compact, super-efficient design of these advanced V8's results in high power output per pound of engine weight. This means that more of the power is actually available for hauling.

STROKE 3.0 BORE 3.75

Modern oversquare design! Note that the bore is bigger than the stroke. And the stroke is the shortest of any V8 in any leading truck!

Advanced aircraft-type valves
A completely new valve train design permits each valve to function independently—as in modern aircraft engines. Valve action is more positive at all speeds for finer, smoother performance.

Floating oil intake... full-pressure lubrication
New floating oil intake selects the cleanest oil for engine lubrication. Full-pressure lubrication system provides positive protection for vital engine parts... extends engine life.

*V8 standard in the new L.C.F. models, an extra-cost option in all others except Forward-Control models.
