STATE STREET

It's like a famous designer's label on a lady's favorite party dress.

It's like sterling on silver, 14 carat on gold, or like those little silk threads in an honest-to-gosh dollar bill that no counterfeiter can ever quite copy.

It's the Fisher coach—world-famous emblem of Body by Fisher. You'll see it on the sill of a Motoramic Chevrolet when you open the door. You'll see it on some of America's most popular high-priced cars, too. But that's all. Not on any other low-priced car.

The other cars in Chevrolet's field just don't have that clean, fresh look that comes from beauty that's built in-not bolted on! In fact, there are very few cars that do have it-no matter what they cost.

And the other low-priced cars, of course, don't offer any of these advantages of Fisher Body. Not that strong, solid Fisher Unisteel construction. Not those fine quality fabrics and materials. Not the High-Level ventilation system that provides cleaner, fresher air in any weather.

You can choose your own new Chevrolet with Body by Fisher from 190 different combinations of models and colors. That's like having it custom built just for youwithout the custom-built price! Come on in and get all the good news on the model you like best.
