How spiritual understanding of the law of God opens the door to individual growth and progress will be brought out at Christian Science services Sunday.

Scriptural selections in the Lesson-Sermon entitled "Christian Science" include the following from Psalms (19:7): "The law of the Lord is perfect, converting the soul: the testimony of the Lord is sure, making wise the simple."  
The value of understanding this law will also be brought out in passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, including the following (128:4-6, 14): "The term Science, properly understood, refers only to the laws of God and to His government of the universe, inclusive of man. A knowledge of the Science of being develops the latent abilities and possibilities of man. It extends the atmosphere of thought, giving mortals access to broader and higher realms. It raises the thinker into his native air of insight and perspicacity."

## Senator Sam Ervin Says:

WASHINGTON. — On Thursday of last week, the Senate approved the bill extending the Selective Service Act for four years, and the Doctors and Dentists Draft Act for two more years. As I have heretofore reported, this bill had been carefully studied by the members of the Senate Armed Services Committee, who reached the abiding conviction on the evidence presented before them that the extension of these laws for the times stated above was absolutely essential to the maintenance of an adequate National Defense.

**Armed Services.**  
I have enjoyed very much my service upon the Senate Armed Services Committee, and would like to pay tribute to its distinguished Chairman, Senator Russell of Georgia, and my other associates on the committee, namely, Senators Byrd of Virginia, Johnson of Texas, Kefauver of Tennessee, Stennis of Mississippi, Symington of Missouri, Jackson of Washington, Saltonstall of Massachusetts, Bridges of New Hampshire, Flanders of Vermont, Smith of Maine, Case of South Dakota, Duff of Pennsylvania and Welker of Idaho. When these Senators are dealing with bills affecting the National Defense, they base their decisions solely upon the consideration whether the bills are reasonably calculated to promote the security of the Nation. In other words, they act as Americans rather than as Democrats or Republicans. This is, of course, as it should be.

**Addition.**  
On Friday of last week, the State of Louisiana presented to the United States for permanent location in Statuary Hall, the statue of one of her most distinguished sons, Edward Douglass

White, soldier of the Confederacy and one time Chief Justice of the Supreme Court of the United States.  
Edward Douglass White became a Justice of the Supreme Court of Louisiana in 1879. After he had served in that capacity for 15 years, he was appointed an Associate Justice of the Supreme Court of the United States by President Grover Cleveland. After he had performed the duties of that office an additional 16 years he was elevated to the post of Chief Justice of the United States by President William Howard Taft. He occupied this last office until his death in 1921.

It thus appears that Edward Douglass White was called to the judicial labor on the Nation's highest tribunal after he had ripened his experience as a Judge by long service on his State's highest court, and that he was elevated to the Chief Justiceship of the United States after he had further ripened his experience as a Judge by Court service as an Associate Justice of the Supreme Court of the United States. Unhappily, the grand old American custom of promoting men of ripened legal learning and judicial experience to the Nation's highest tribunal has been more honored of late in its breach than in its observance. In my judgment, it is essential to the preservation of our form of government that this grand tradition be resurrected and followed.

**COMIC BOOKS**  
Crime comic books have a circulation of almost 100 million copies a month. At 10c each that adds up to a \$120,000,000 business a year—more than U. S. grade and high schools spend for books and four times as much as the book-buying budgets for all the public libraries in America! There is also an uncalculated market for used comic books at 5c each!  
"These books breed crime, encourage moral delinquency, create an atmosphere of crime and destruction, stimulate unwholesome fantasy, suggest criminal and sexually abnormal ideas and produce readiness for temptation," Dr. Fred Wirtham, author of "Seduction of the Innocent," states.

## Rites Held For Former San Nurse

Funeral services were held Saturday afternoon, June 18, in the Friendship Presbyterian church for Mrs. Helen Fortune Baughn, 45, of Granite Falls, who died Thursday in an Asheville hospital after a long illness. Mrs. Baughn was a native of Black Mountain and once served on the nursing staff of the Western North Carolina sanatorium.  
The Rev. Paul J. Hopkins, pastor of Mt. Zion Baptist church at Hudson officiated. Burial was in Mountain View Memorial park.  
Surviving are the husband, Luther C. Baughn of Granite Falls;

investigators, the subcommittee now headed by Sen. Kefauver (D-Tenn.) said "the aim should be to eliminate effects." Sen. Kefauver continued: "This country cannot afford the calculated risk involved in feeding its children, through comic books, a concentrated diet of crime, horror, and violence."  
In Lima, Peru, to our horror, while waiting for a bus to take us to Ancon and the Pacific beach, my daughter and I saw young boys and older ones with their arms full of our lured comic books, walking up and down the long line of passengers, urging them to buy! We felt guilty, and we were thoroughly ashamed, as Americans, to learn that our undesirable comic books were being sold to the South American youth to help corrupt them.

Is that good neighbor policy?  
Mrs. Thomas S. Sharp, Chm. for Asheville Juvenile Referral Committee.
