THE FRENCH BROAD, by Wilma Dykeman.

The 49th book in the series called Rivers of America Books is the story of The French Broad, North Carolina's own river, with parts of which, at least, many people in the region of Black Mountain are acquainted. Some persons, even, may be able to boast of ancestors living in French Broad territory, as does the author, Wilma Dykeman.

The author thinks the river needs its several names to fit its various natures and several moods. But the river itself is not all there is to the story. Miss Dykeman makes it speak for the mountains, the lowlands, the woods, gullies, springs, ponds, and brooks. More than that, she has "fleshed it with peoples and events." She makes it speak for an independent mountain people and for the Cherokees. She presents the river as part of their religion and livelihood, their commerce, myth, and recreation. She calls The French Broad a way of life. "The living past and present is my story of The French Broad," says Miss Dykeman.

Famous mountain characters are introduced, among them Mr. Jason, Granny McNabb, Cousin Fanny, and Uncle Walsh. Every adult who enjoys reading will be fascinated with this story which is more entertaining than much of our fiction, and every adult who knows anything about this river will be happy to have read THE FRENCH BROAD.

MRS. GARLING HEADS WOMEN'S FELLOWSHIP
