ASSIGNMENTS OPEN AT GREENVILLE AIR BASE

Former Air Force men in the Carolinas now have a much better chance of being assigned near their home. Air Force Recruiters receive up to date information each week regarding job vacancies for airmen at nearby Air Force Units in Charlotte, North Carolina and Greenville, Sumter and Columbia, South Carolina. Men interested in re-enlisting for these vacancies should contact Sgt. Hull at the U. S. Air Force Recruiting Office, Post Office Bldg., Asheville, North Carolina Telephone 2-3084.

Openings at Charlotte include information Specialists and classification Specialists. There are openings at Columbia, South Carolina for Classification Specialists and Medical Laboratory Specialists.

A large number of vacancies exist at Greenville for Airmen in the following career fields: Radio Intercept or Operators, Reciprocating Aircraft Engine Specialists, and Technicians, Flight Engineer Technicians, Ground Powered Equipment Repairman, Control Tower Specialists and Technician, Communication Center Specialists, Aircraft Electrical Repairman, Clerks, Classification Specialists, Personnel Specialists, Bandsmen, Medical Supply Technician and Medical Administrative Specialists.

assistant leader, was present for the meeting.

—Pattie Bird Talbot, troop scribe.

SWITZERLAND SLIDES SHOWN GIRL SCOUTS

On Thursday, Feb. 2, a meeting of Girl Scout Troop 5 of Swannanoa, was held in the home of the leader, Mrs. John Connet, Warren Wilson college. Sixteen scouts were present.

After refreshments were served Carolyn Bryant and Pattie Bird Talbot gave reports on "Juliette Gordon Low" and "The Juliette Low World Friendship Fund." These reports are part of the requirements for earning the Badge, World Trefoil, which the troop is working for. After reports, slides on Switzerland were shown and explained in a most interesting manner by Mr. and Mrs. W. O. Sweggett. Mr. Sweggett made these pictures while traveling in Switzerland. Mrs. Roy Armstrong, new

NiCarbazin SERVICE NEWS

No. 2 1956

Q. What other benefits may I expect after NiCARBAZIN removes the coccidiosis problem?

A. Your birds should show a gain in feed efficiency. In addition, they will weigh more, dress out heavier, and show a better skin color. These benefits mean you'll cut production costs and command better prices for your birds. It all adds up to greater poultry profits for you.

Q. Is NiCARBAZIN consistently effective against coccidiosis mortality?

A. Yes. Reports from every broiler area show that NiCARBAZIN provides the most effective curb against coccidiosis death loss. In one area, for example, growers reported no coxy death loss in 174,542 birds protected with NiCARBAZIN. With these same growers, mortality ran as high as 12 per cent in 48,500 birds on another coccidostat.

Q. How does NiCARBAZIN compare with other coccidostats in its effect on market weight?

A. In recent comparative feeding trials, NiCARBAZIN-protected birds averaged 0.19 lb. more than birds on another coccidostat. This extra weight per bird gave growers 10,564 lbs. added market weight for the 55,600 birds on NiCARBAZIN feeds.

Q. Is there a reduction in overall mortality, as well as coccidiosis mortality, when NiCARBAZIN is used in feeds?

A. Several poultry diseases are caused by secondary infections which may develop in birds already weakened by such conditions as coccidiosis. Because NiCARBAZIN can practically eliminate coxy damage, birds are better able to resist secondary infections.

NiCarbazin Means
No Coccidiosis Problems
