Mrs. Thelma Buckner

About the liveliest hobby I know for little girls is that of collecting live, wriggling creatures. Janice and Barbara Smith, young daughters of Mr. and Mrs. James E. Smith of Eau Gallie, Fla., have two baby alligators, two chameleons, a big turtle, an odd looking spider and some frogs. They are hoping to capture a snake to add to their collection. Careful, girls, there are beautiful but deadly Coral snakes there.

J. R. Nichols and party had good luck when bear hunting recently. They brought home the bear. J. B. is converting the hide into a rug. Bobby Thomason of Swannanoa, went to Curtis Creek on a deer hunt recently and killed an eight-point buck, weighing 137 lbs. Others killed include Lester Sawyer and Buck Waldrup, also of Swannanoa.

Members of Mrs. Anna Gregg's family gathered at her home to enjoy Thanksgiving supper together. Thirteen were present. Mrs. Paul Pyatt and children left on Nov. 26 to join her husband in Flint, Mich. They have bought home there, and also offer their property in Oakley for sale. Mr. and Mrs. Richard C. Gregg

14 Life-Saving Rules for Christmas

Picture in your mind the night before Christmas...everyone sleeps. In fire stations there's an air of uneasy tension. Fires at Christmas time are particularly tragic at this the happiest holiday of the year. On this most sentimental day thousands of homes and apartments are carelessly and unwittingly converted into dangerous fire traps—regardless of warnings by fire department officials and safety authorities.

Two years ago fires on Christmas eve killed 23 persons, most of them children, and in the four-day week-end last year took the lives of 54.

This year, for instance, the nations fire losses may well be over a billion dollars, the death toll close to 10,800, according to the National Board of Fire Underwriters. Over 300,000 fires, the National Board declares, were in the home.

Among fire victims at Christmas time a year ago were a mother and four children in Meriden, Conn.; three brothers in Allagash Plantation, Me.; three sleeping children in Great Falls, Mont.; two small children in Phenix City, Ala.; a sleeping mother and five children in Ironwood Mich.

You can save your life and you can prevent fires by observing the following suggestions offered at this time by the National Board: The Christmas tree is a potential fire hazard and caution should be taken in its selection, placement in the home, and maintenance.

Play safe by choosing a small one. There will be 30 million on the market.

Keep the tree outdoors until ready to set it up. While it's outdoors, occasionally throw water over it. This will keep it moist, fresh.

When you bring the tree inside cut the butt slantwise to open the pores, then stand it in a tub of water or moist earth.

Be cautious of chemicals of other substances sold for "fire proofing" trees. In some cases this process is ineffective.

In placing the tree, it's best to avoid "hot spots" such as those near the fire place, stove, television set, radiator, or electric bulbs.

Never use untreated paper ornaments or untreated cotton batting or gauze for decoration. Cotton and gauze can be made flame-resistant by dipping in a gallon of water mixed with nine ounces of borax and four ounces of boric acid.

Use only electric lights, never candles. Be sure, too, that wires

to 6 in the Mansie for the members of the Montreat church, their guest and any visiting in Montreat during the holidays.

Mrs. H. I. Woodhouse will celebrate her 96th birthday on Dec. 24. She has enjoyed good health this past year and we wish for her many more years of good health and happiness.

Mrs. M. C. Wood and Miss Winifred Wood attended their Book club in Statesville this past week.

ed back at least six inches from any electric light.

Use non-flammable decorations of glass or metal, and "fire proof" snow in decorating your Christmas tree for Christmas.

After you have opened your Christmas presents, remove all the gift wrappings and packing materials from your living room and dispose of them.

The switch for turning on the tree lights should be placed some distance from the tree. Never use an outlet or plug under the tree or run electric trains around the base.

If decorations are used about the house, do not permit them around or near chairs and other places where people may smoke. It is preferable to have them near the ceiling, well above the head of anyone standing up.

Keep plenty of ash trays handy during the holiday season, as always.

If lights are desired in windows, never use candles. Keep curtains and other flammable material pulled

MERRY CHRISTMAS FROM US TO YOU! This is my last Telephone Talk for the year, and while writing it I've been looking back to see what kind of a year 1957 was. Most ways for us at the telephone company it was a good year. We've been able to bring more telephone services to more people than ever before. We plan to do even better next year. We hope your year has been good, too, and that in some small way your telephone and your telephone company have helped you make it fun to phone. Until 1958 then, Merry Christmas, Happy New Year from all of us to all of you.

Telephone Talk

by WM. M. JOHNSON, JR. Your Telephone Manager

WE'LL BE HERE FOR CHRISTMAS! You know that wonderful feeling that comes on Christmas Eve when every one is bustling around and hurrying home with waves and shouts of Merry Christmas? You may be surprised to learn that for us in the telephone family it keeps up throughout the holiday season. Many of us stay on the job, but we still get a share of the Christmas spirit. It comes with the happy calls and messages you make through us to friends and family. This is one of the reasons I'm glad I'm a telephone man, one of many who think the best way to wish you Merry Christmas is by saying, "We'll be here for Christmas!"

LAST MINUTE SHOPPING? If you're like me, you probably still have some presents to get, even at this late date. If that's the case let me suggest you look around in some of your friends' homes, and see if they could use an additional phone or two. Then give extensions in colors to mix and match with the colors in their rooms. Call us now, tell us your color choices, and we'll gift wrap and deliver before Christmas, or, if you prefer we can furnish gift certificates. Of course phones you give can be exchanged for different colors after the holidays. Simple as that for such pretty and practical gifts... the kind anyone would surely like to receive.
