Among the leading low-priced three . . .

CHEVY COSTS LESS IN ALL THESE POPULAR MODELS!*

Whatever model you've got in mind, you'll find Chevrolet fills the bill beautifully—at a price that can't be beat! Every one of these Chevy V8 sedans, hardtops and wagons costs less than any comparable model in the leading low-priced three. Yet no other car near the price is so new, so roomy, so right for you in every way!

There's nothing like one of these Chevis to give you a fast case of new-car fever. But, low-priced as they are, you're likely to find yourself sold on one before you've considered the cost.

That's because Chevrolet is the only honest-to-goodness new car in its field—new to look at, with a beautiful new Body by Fisher; new to ride in, with two completely new suspension systems; new to drive, with a wider-than-ever selection of engines and a solid, road-slug Safety-Girder frame.

With these plus many more fresh, fine advantages, it's all the more surprising to learn that all the V8-powered Chevis shown here—plus six even lower priced 6's—cost less than any comparable models in the leading low-priced three. Talk it over with your Chevrolet dealer.
