Mrs. Gorenflo Services Held

Funeral services for Mrs. Lucy Gorenflo, 66, of Swannanoa, were held Thursday afternoon, Sept. 25, in the chapel of Harrison Funeral. Mrs. Gorenflo died Monday in an Asheville hospital after an extended illness.

The Rev. George Talbot and the Rev. Charles Smith officiated.

Graveside services were conducted in the Fairview Methodist church cemetery at Hot Springs later in the afternoon.

Sen. Erwin Says:

WASHINGTON—When the Senate Rackets Committee completed its current series of hearings the other day into activities of certain leaders of the Teamsters Union, one of the most thorough jobs of work ever done by a committee was in the record.

Secondary Boycotts

The committee has recessed subject to the call of the chair sometime in November, possibly around the 10th or 11th. My plans are to attend. It is my understanding that the subjects under investigation at that time will probably include the problem of secondary boycotts.

As I have written before, the work of our committee has been very helpful in providing information upon which legislation to correct the abuses should be based.

Bipartisan Job Chairman McClellan has effectively conducted the hearings with great dignity. I think the committee has observed the bipartisan aspects of the select committee was created by the Senate. In connection with this, Senator McClellan made this observation the other day:

The things that we have been inquiring into, the practices that we have exposed, that these investigations have revealed, that are definitely reprehensible, and those that come within the purview of questionable, transcend in importance and ultimate consequence, any partisan aggrandizement or self-serving effort. This is an effort of all Americans, regardless of party. It is an effort that will inure to the benefit of the working people of this country. They are destined to reap, in my judgment, greater benefits from our labors, assuming our labors come into fruition with the character of legislation that these revelations indicate is needed.

Future hearings will undoubtedly further strengthen the view that legislation is needed to correct these abuses.

Local Responsibility But the hearings have also clearly indicated to me that there must be a demand for a clean-up program at the grassroots in this country in the labor and management relations. Much of the cost-ripout that our committee has exposed could be cleaned up in the people back on the home ground. It would demand effective action to drive out the criminal element in labor-management relations.
