BOX 955 BLACK MOUNTAIN, N. C.

SHOPE CREEK
By Mrs. Thelma Buckner

(November 27)
A chicken supper was given on Saturday night at Berea Baptist church, approximately 100 people were served.

Late news, but good news—J. B. Nichols, Leon Harvey, Dallas Bartlett and ardy Allen killed a big bear on Shope Creek on Nov. 4.

Mr. and Mrs. Thomas Hawkins and Lois of Forest City visited in Swannanoa recently with Mr. and Mrs. Roy Robinson and family.

Mr. and Mrs. Jim Fuller and children of Singing Water were among our guests on Sunday afternoon. First time we had seen their new baby.

Mrs. Clyde Reed, Eula, Becky and Debbie visited with us one evening last week.

Troy Gregg was sick with a cold last week. Others who had to have medical care were Mrs. Jennie Gregg and Mrs. Lloyd Gregg.

Lester Sawyer bagged a big deer on Saturday.

Jackson B. Nichols and Leon Harvey went groundhog hunting and brought back one that weighed over 12 pounds.

Several forest fires have been reported in different sections of North Carolina, the fallen leaves are very dry.

Albert Gilliam went deer hunting two days last week. He and Mr. Radcliff went to North Mills river and to South Toe river. Albert spotted a big buck but didn't shoot for fear of hitting another man that appeared too close to the line of fire.

Mr. and Mrs. D. L. Creasman of Dillingham circle arrived home on Saturday after spending several months in Billings, Montana, with their daughter, Mrs. Edna Graham and family.

Word has been received that Herbert Gregg who has been stationed in Cuba with the Navy for about three years will be home with his mother, Mrs. Mae Gregg of Charlottesville, Va., for Christmas after which he will be stationed in Florida.

Mr. and Mrs. H. C. Creasman, Cathryn, Graham and Miss Barbara Hall attended a football game at Chapel Hill on Saturday. Glad to report that Mrs. Laura Shope who suffered a stroke recently is improving.

REFLECTIONS—
From Page 1

The train doesn't go until 8:07. It takes us only five minutes to the station, so we have a minute or so yet."

This only confirmed my belief that it takes strong nerves to live even near the big city.

But as I pointed out earlier, there are many interesting sights to see in the Big Town and everybody should go at least once and find out.

It was a great thrill to the boys to see the Queen Mary, gigantic British ocean liner that carried a full division of troops and their equipment during the war at one sailing, making her way down the Hudson from pier 50 toward the open sea. Pier 49 brought back memories of a cold December day several moons back when we pulled up the gangplank of the Dominion Monarch. I looked hard but the DM was nowhere within sight. Even the Red Cross ladies were gone with the doughnuts and coffee.

Believe it or not the most interesting sight for most of us was not the city, but a dairy barn. At the Walker-Cordon Certified Milk farm at Plainsboro, N. J., they have reduced the production of milk to a science. On the rotolator they milk 1,650 cows twice daily. Milkings are from 9:00 a.m. to 3:00 p.m. and from 9:00 p.m. to 3:00 a.m.

The operation is hard to explain but in plain language old bossie comes out of a runway onto a merry-go-round and is milked by machine while she rides around to the exit which opens into a second tunnel running back to the barn.

This is something to see. Even those not the slightest bit interested in the dairy industry will like viewing the operation from a penthouse. A full explanation of what is going on below is given on the wall.

We greatly enjoyed our stay with the Tricketts at Princeton Junction. They send their best

What?

do a "hand" wash automatically?

You can... with the new Maytag All-Fabric Automatic. Here's how:

One, it lets you choose exactly the right water temperature; hot, warm or even cold. Two, it matches the water level to the load with Maytag's exclusive Automatic Water Level Control. And three, agitation and spin speed are slower than for regular fabrics. See the Maytag All-Fabric Automatic soon!

THE LOWEST BIDDER

"It's unwise to pay too much, but it's worse to pay too little. When you pay too much, you lose a little money—that is all. When you pay too little, you sometimes lose everything, because the thing you bought was incapable of doing the things it was bought to do. The common law of business balance prohibits paying a little and getting a lot—it can't be done. If you deal with the lowest bidder, it is well to add something for the risk you run. And if you do that, you will have enough to pay for something better."
