other crop, poultry or eggs, a farm animal, sewing, or baking, or baby sitting. Those who are employed often follow the "Lord's Hour" phase, and give at least one hour's wages per week. In any event, there is a dedication ceremony in

which the participants pledge their time and work to share in the common definite goal.

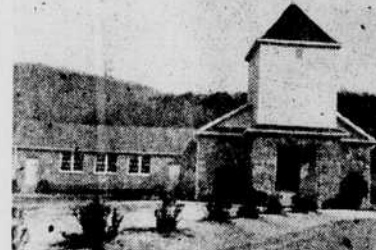

Mr. and Mrs. M. C. Stanley of Cragmont road are beginning their third year of loyal, devoted service as co-chairmen of Lord's Acre work.

Before the showing of the film, a fellowship supper was enjoyed by approximately 100 persons. The former pastor, Rev. George Culbreth, now at Stony Point, and his family, were honor guests. Also present were James M. Clark, president of the Federation, and Rev. Jack Waldrep, with their families. Tabernacle church is happy to have had a share in the production of this film as an aid in extending the work of the "Lord's Acre" plan. It is planned to have another showing of the picture later, when interested persons will have a chance to see it.

**BARBARA BABB MAKES COLLEGE HONOR ROLL**

Barbara Babb was on the Alpha honor roll for the fall quarter at Western Carolina college at Cullowhee.

**NORTH FORK NEWS**  
By Mrs. Howard Willett

On our sick list we have Rev. C. A. Miller, a patient at St. Joseph's hospital, and Henry Martin, a patient at Memorial Mission hospital. Both are now on the road to recovery.

Joe Cordell observed his third birthday Jan. 11. Mr. and Mrs. Carl Patton had dinner with Jack, Karlene and Joe on his birthday. One night recently when Jack was trying to get Joe to eat (Joe just doesn't eat very much) he said "if you don't eat you won't be any bigger than a toad frog."

Ernest Walker of Beaver Lake has been sick but has improved.

This past week-end we visited Mr. and Mrs. Elwood Walker and family of Chattanooga, Tenn., and had a wonderful time. Of course we went sight-seeing while there. One of the things we enjoyed was the museum on Lookout Mountain.

do a "hand" wash automatically?

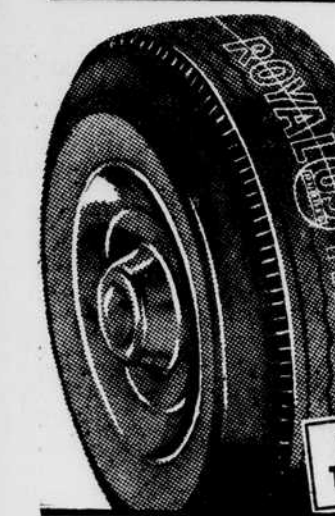

You can... with the new Maytag All-Fabric Automatic. Here's how:

One, it lets you choose exactly the right water temperature; hot, warm or even cold. Two, it matches the water level to the load with Maytag's exclusive Automatic Water Level Control. And three, agitation and spin speed are slower than for regular fabrics. See the Maytag All-Fabric Automatic soon!
