A Word About Youth

It's becoming very fashionable these can Count on Her to be Creative". days to complain that American youth is not as vigorous or hard working as youth behind the Iron curtain. Today, on the eve of the coming week's 47th anniversary of Girl Scouting in the United States March 8-14, we here would like to point out that many youngsters in Girl Scouting and in other youth groups are learning to grow up as alert, self-disciplined and useful citizens.

Last year, for example, a 17-year-old Girl Scout won a national science award for her individual research work in astronomy. While not many Girl Scouts are likely to become astronomers, more than three and a half million Girl Scouts are learning how valuable our freedoms and traditions are. Even more important, they are learning that a democracy depends upon citizens who are willing to serve their communities.

The Girl Scouts are celebrating their 47th anniversary this year with the theme, "You
