## NOTICE OF SALE

## OLD FORT NEWS

MARY ADAMS  
PHONE 231 OLD FORT  
Subscription Representative

## ON MAIN AND CATAWA

BA: On October 20, Tuesday evening, the Old Fort PTA will hold its first regular meeting of the school year.

Last month's session was a social event, but the next one is to deal with the welfare of our schools. County Superintendent Melvin Taylor and members of the County Board of Education will be present and the expected discussion is vital to all of us interested in the best for our children.

Mrs. Juanita Ramsey urges that you attend and especially would like to have the fathers present. This advance notice is given so that you will have plenty of time to make plans for your PTA night—Tuesday, Oct. 20.

Hurricane Gracie left its mark in Old Fort. Several large trees were blown down, and the damage was quite a bit of late corn laid low. Most trees with dead branches were pruned by the strong winds. Old timers in this vicinity have not forgotten that the horrible flood of 1916 was caused by a hurricane which swept in from the coast and dumped its load of water against our mountain side.

Several families in Old Fort are now harvesting cultivated chestnuts. The nuts seem to be unusually large this year—some the size of pullet eggs. According to the reports by hunters, there is a crop of unusually heavy mast in the woods. Indication of another hard winter ahead?

Last week some improvements in our town were mentioned, but quite a few were overlooked. Two new stores are going up in this vicinity. John R. Nichols is building one on his lot across the street from Parker Hosiery Mills, and a combination store-service station is being constructed to the East on Highway 70 by Joe Eller. The Ray Bakers and the Wallace Walkers are building new homes in the suburbs. On Church street, Mr. and Mrs. Gayden Swann have made their home more handsome by rebuilding the porch and adding wrought iron posts. Mrs. W. W. LeFevre has had a large sycamore tree removed from her front lawn to give more light, and to remove the problem of falling leaves.

Members of the Old Fort Junior Woman's club are making up a birthday calendar which will be distributed before the first of the coming year. Names are being solicited for this project. These calendars are attractive and are very helpful in keeping track of the meeting dates of civic and social clubs, as well as being reminders of the birthdays of relatives and friends. For a small sum, the birthday anniversaries of the whole families will be printed. Wedding anniversaries may be given, also. Identically, the calendars, themselves, make nice birthday gifts, especially if the birthday of the recipient is indicated.

W. E. Silver Passes

Death took another resident of Old Fort on Tuesday, Sept. 29, when "Ed" Silver succumbed after a long illness.

Mr. Silver was a native of this section and was the son of the late W. C. Silver of this place. He was an expert hunter, a part-time miner, and spent a good part of his life in the great outdoors. His ready wit and interesting stories made him a favorite with our residents who enjoyed a good laugh now and then.

Graveside rites were held on Thursday afternoon, with the Rev. Groce Robinson of the Old Fort Baptist church officiating, and interment was in the Old Fort cemetery. The deceased is survived by his stepmother, Mrs. Josephine Silver of Old Fort and five step-sisters, Mrs. Frank Schauer of Indiana, Mrs. Ada Silver, Mrs. Brady Skidmore, Mrs. Bonnie Reynolds, and Mrs. Jessica Gibbs of Old Fort, and a half brother, Jay C. Silver of Florida.

Mr. and Mrs. Hugh Hensley had as guests this past week-

pavement of U. S. Highway 70; thence along and with said margin of the pavement of said Highway, south 75 deg. 18' West 75 feet to the point of Beginning. Being Lot 12 of the Honeycutt and Smith property, which plat of the same is duly of record in Plat Book 26 page 118 of the Buncombe County Records, to which reference is hereby made. Being the same property conveyed by deed dated May 10, 1955, from John H. Smith, unmarried, et als. to M. J. Bradford et ux, to which deed reference is hereby also made.

This conveyance is made subject to the right-of-way of the State Highway and Public Works Commission.

This conveyance is made subject to an easement for all necessary water lines, power lines and power lines on the lands purchased by Honeycutt and Smith from Morgan Manufacturing Company in the year 1954.

This deed of trust is given to secure the balance of the purchase price of said property above described.

This sale is also made subject to all ad valorem taxes due Buncombe County of record.

This sale is made on account of default in the payment of the indebtedness secured by the aforementioned deed of trust, and is sold at the request of the holders of the note secured by said instrument above mentioned.

This the 19th day of September, 1959.

R. E. FINCH, Trustee.

## end their little niece and nephew, Abigail and Michael Smith of Biltmore Forest.

Mr. and Mrs. C. K. Josey of Maiden were the guests of Mr. and Mrs. Charles Josey and daughter Harriet, on Saturday and Sunday.

They were present for the opening of their son's new drug store, the Center Pharmacy on Main street. Assistant manager, Mr. Josey, in the store are Mrs. Margaret Adams, Miss Harriett Hensley and Mrs. Jim Byrd.

Southern Bell Telephone company has purchased a site for a relay station from the Estate of the late Col. D. W. Adams. The new station will be built in Buncombe county near the McDowell county line.

The Volunteer Fire Department of Old Fort extinguished a fire in a Diesel engine on the siding at the Railroad station Sunday afternoon.

The Willing Workers' class of the Old Fort Church of God will serve a chicken dinner at the Community House Friday, Oct. 9, from 5:00 to 6:00 p.m. The ladies are noted for their excellent cooking. Proceeds go to the church fund.

## Demonstration Club Meets

The Black Mountain Home Demonstration club met with the ladies of the Lakey Gap community Sept. 28 in the Fellowship building. There were 17 members and three visitors present.

Miss Sara Kirby, presided and made several important announcements and read communications from the office of our home agent. One of which was the notice of the meeting of the County Council which meets at the court house, Wednesday, Oct. 7. It is hoped that several of our members will attend to make plans for the coming year.

Mrs. Lee Moore had charge of the program for the afternoon. Subject, "Know Your Family Doctor." We should recognize the importance of having a family doctor—one who is intimate with all our problems. Then too, we should show consideration for our doctors. Some people seldom stop to think that a doctor is a human being, who likes to complete a meal at one sitting, sleep a night through and who might actually like to be on hand for a dinner party.

Several other interesting and helpful points were brought out and discussed.

At the close of the meeting delicious refreshments were served and a most delightful social hour followed.

The club will meet next Oct. 26 at the home of Mrs. Carl Bowness on Portman Villa road, with Mrs. Ray, the county agent in charge of the program.

winter and 300 before too long. After that the expansion will depend on the progress made, he said, in pointing out that a fairly large percentage of the first group will have to be brought in from other areas.

"We have much more ambitious plans, but that will depend on how well the company does," he concluded.

According to present plans the Amel Propulsion, Inc., will devote its efforts to research and development on high energy fuels and rockets, on propulsion systems, and will assemble the complete missile.

In other business Roy Alexander, chairman of the annual fruit cake sale, reported that the club has received 200 cakes which are on sale at \$3.00 each. Of this the club will receive 75 cents. William Ratchford named the program chairman for the year, and Haskell Wilson tentatively accepted the position as Scoutmaster of the troop sponsored by the Swannanoa Men's club.

James Parks was program chairman.

Black Mountain grammar school. Carl Bowness, builder, representing the Kiwanis club, built the west sign located on the highway near the Draper plant. Homer Braunschweig of Spring Hill, representing the Rotary club, helped in selection of sites for the signs and fastening the metal markers in place. The Civic Improvement committee of the Chamber of Commerce furnished the plans and ordered the material. Joe Porcher of Swannanoa wanted the Woodmen of the World club, in which he is interested, to be represented on the Swannanoa sign and they are. H. McGuire Wood of the Chamber of Commerce reports the project was a smooth working and worthwhile community effort.

## What's Goin' . . . At Owen

by Tim Spiro

Still another teacher new to Owen is Ralph Singleton, who came to us from Reynolds, just across the way. Mr. Singleton was born and reared in Mooresville, N. C. After graduating from Mooresville High school, he served a three year hitch in the Army, then went on to Western Carolina college, where he earned a B.S. degree in science and physical education. While in college, he lettered in football four years.

After college, Mr. Singleton taught and coached for one year at Bryson City. Then he moved to Reynolds, where he continued his teaching-coaching for four years just prior to coming to Owen.

Here at Owen he teaches general science, is coach basketball coach, and coaches the backfield in football. In the spring, he will be the baseball coach, too.

Mr. Singleton has lived in Black Mountain for the past four years. His wife is the former Miss Dana Gilliam, of Black Mountain, a former all-county basketball star. They have three daughters, Rhonda, 7, Rebecca, 5, and Resia, 4.

There is a showcase in the school lobby which always contains an interesting display by some department of the school. The first two weeks, it held pictures of the band and majorettes; now it is displaying many tools and other objects from the American Colonial period. A few of these rarities are as follows: a bootjack, a candle mold, a flat iron, a pair of spectacles, pipe bowls, a grouse lamp, and a pocket knife. All of these articles date from the eighteenth century.

This interesting display is under the supervision of the U. S. History teachers, Miss Wrenn, and Mr. Byrd.

Articles were furnished by the teachers and their students.

The band did a fine job at the ball game Friday. Their show entitled "Junior Joins the Band" featured Chas. Aiken on trumpet. Very fine, Mr. Rhodes.

We mustn't forget the head majorette, Gail Hall, and her beautiful fire-baton twirling presentation. The whirling globes of fire on the darkened field was quite impressive. Good job, Gail, from the whole school.

The game with Reynolds last Friday night somehow ended with the Warriors on the short end of the score. But the students are behind the team just as much as ever. We only say, look ahead. Dig in a little harder against Enka this week. We still like you.

Let's have a good turn-out at Friday's game, which will be played on our own Shuford Field. Support the Warriors in their campaign for victory against Enka.

—WGO—

To Tony Hampton and Baldy Lewis, the whole student body expresses wishes for a rapid and complete recovery from injuries sustained in last Friday's game.

We had another pep rally this week, but the usual spark was not present. The whole student body seemed to be tasting victory even before that night's game began. Well, we all know the results of overconfidence. Let's try to avoid the big-head. No game worth winning is easily won—that includes this game called Life, too. The big-head is a sure sign of coming defeat.
