Gathering Of

Clans July 8-9

Near Linville

THURSDAY, JULY 6, 1961, BLACK MOUNTAIN, NORTH CAROLINA

8 PAGES TODAY

NO. 45 - Single Copy, 10c

NEW LOOK Richardson Boulevard has ertainly taken on a new look ened earlier this year. With completion of the

paving and the new combination fence-wall by the Black Mountain Lumber Co., RB has all the appearance of the big time. Paving of the post office lot didn't hurt but has made it a pleasure to stop by, exchange greetings with the pleasant crew working for Uncle Sam, and pick up the mail.

Opening of this new boulegestion which existed on Broadway morning, noon, and NEW RATES

There were few raised eyerows around town last week when the city fathers anounced that beginning July there would be a slight adistment in water rates. Most izens seemed to have exected it long ago and were the following visitors: George college. irprised that it had not come

No one likes to pay more for anything but the truth was that the town had gone as long as possible without improving the water system, larger lines, etc., and the only way to do it is by hiking the rates to take care of the additional costs.

The system needs a larger line coming from the dam at Ridgecrest and many other changes which will be announced in due time. The improvements won't all be made at once but indications are that we are headed in the right direction.

My opinion is and has always been that the three cheapest items on the market are water, electricity, and a weekly newspaper.

track for the hot rodders to

One day last week I met a clip faster than the law permitted and much too fast for safety of the occupants or the

try out their cars.

The two coupes, one pink and black, must have been roaring along at more than 60 miles an hour when they passed fourth street, with Ar. Pink in the lead.

They, no doubt, were getting warmed up for the race on the straight-a-way up near the Montreat gate. They zoomed out of sight with the black upe right on the heels of pink colored job.

some member of his famonto the Montreat road.

ng the highway at 60 or 70 iles an hour there is no ore dangerous contraption in istence today.

WHO IS SHE, Who is the mysterious womh who for the past two years more has kept the communin suspense by calling at hours of the day or night? How do authorities know it's woman? Well, she talks to LOCAL VFW ne of those she reaches on phone, others have heard clear her throat or have ard other sounds that con-

nce them it is a full grown mber of the fair sex on other end of the line. For some of her "calls" he never answers but will hold the phone until the

person called hangs up. Following several nuisance lls one evening, a lady livclose to the downtown rea became exasperated and

nanded.

This direct approach so artled the pest that she

ant to speak to here?" With this there was a click in the other end and the line "Post

PARKING METERS IN OPERATION PLEASE OBSERVE

Many people, both residents and visitors seem to be unaware that the parking meters are in operation and overtime parking is a violation subject to fine.

The use of the parking meters is not to work a hardship on anyone, but rather to assure fair parking time for all. The local police force ask that all please pay closer attention to this violation so that our guests will have an opportunity to use the space and enjoy our town.

Rev. David Parks, Presbyterian missionary from Korea, presently on furlough at Montreat, Fred Plemmons of Camp Branch road, and Sanders V. Hudson, Jr. of North Fork road, attended the Southeastern Sailplane meet at Green-

Plemmons and Hudson flew good will between America and down early Saturday morning the newly independent states in one hour flat, in a 90 h.p. airplane belonging to Burton Ammons is attached to the Osteen, brother-in-law of Rev. Second Marine Division at Parks. On the return, Rev. Parks flew the plane, going via Shelby to briefly visit his brother, with Plemmons and

Although the weather Saturday was not unusually good for soaring, the first visiting pilot stayed aloft for nearly three hours, after release at 2,000 ft. altitude, which was his first flight both at the meet or in South Carolina. having brought his Schweizer I-23 sailplane from Miami, disassembled, on a trailer behind

his auto. Taking off a few minutes later, Senior Eastern Airlines Chief Pilot Fritz Compton, also of Miami, stayed aloft for two hours 45 minutes, having released from the towing airplane at the unusually low altitude of only 1,000 feet. In a few minutes he had gained several thousand feet and finally over 5,000 ft. gain, by circling in updrafts in the manner of eagles, hawks, and other soaring birds. To the person who has never flown in this manner or even seen soaring flights, staying aloft without an engine for hours appears almost a miracle.

All last week Rev. Parks instructed at a Presbyterian camp at Lake Greenwood.
