Coming TV Show
Of GS Roundup
In Button Bay

"The Road to Button Bay," which will be seen on Channel 3, Charlotte from 9 to 10 P.M. on Monday, September 24, is something new in evening TV. It is a real-life treatment of the 1962 Girl Scout Roundup at Button Bay, Vermont, which was attended by 16 Senior Girl Scouts and 3 adult volunteers from Pisgah Girl Scout Council.

Filed by Drew Associates, the prize-winning documentary film unit of Time, Inc., and sponsored by General Foods Corporation, "The Road to Button Bay" will be shown over the CBS-TV network in prime evening time.

The TV story of Roundup-largest encampment for girls ever held in the Western world—will be told through the experiences of a patrol of eight Senior Girl Scouts from Kansas, three of whom are specially featured. But since the movie cameras followed this group to several events involving many or all of the 10,000 Roundup campers, local Girl Scouts will be hoping for a glimpse of someone they know.

"We hope," says Mrs. L. L. Sneed, President of the Pisgah Girl Scout Council, "that this group to several events involving many or all of the 10,000 Roundup campers, local Girl Scouts will be hoping for a glimpse of someone they know."

Perpetual Fisherman

Devoted fishermen are a dime a dozen around these parts, but this is one fisherman who fishes day and night, season in and season out, all year. The boy and his dog is attractively placed in the lake adjacent to the Grovestone and Sand Co. in a pool made by their machines many years ago. It is a lovely spot made even more beautiful during the summer months by the patches of water lilies with colorful pink blooms resting on the dark green pads. The lake is not open for swimming although I believe the Woodmen of Swannanoa do fish a little in the waters. The fisher boy and his dog are an advertisement of a popular soft drink and if there are any others anywhere in this area...

Twenty-five thousand delegates from all over the world gathered in France to hear reports about the work of Lions during the past year, and to make plans for the coming year. He stated that the convention in France cost approximately two million dollars, but could be considered an overwhelming success because the Lions were received as ambassadors of peace and good will.

Hearts were thrilled as Mr. Hensley discussed the work of the Lions Clubs of Pakistan. The Pakistani Lions are the official social service agency for the government, and administer the Care Program. Thousands of hungry children are fed each day under this program. Morris McGough, executive vice president of the Asheville Agricultural Development Council, is Chairman of the County Division of the Appeal, with James H. Skelton serving as the local Chairman. The local campaign will be conducted in much the same manner as in the past two years.

Chaplain Skelton says that if each one of us will do what he can, we will not have any difficulty in making our goal again this year.

The Black Mountain-Swannanoa Red Cross office is being used as the local Headquarters for the United Appeal Drive. Mrs. Bessie S. Hobson, executive secretary of the Chapter, will assist in directing the local campaign. P-1

Kiwanis Elects
New Directors;
Hear Report

The Kiwanis Club last week, at regular luncheon in Monte Vista Hotel, elected the Club's Directors for 1963. Don Quarles presided over a fairly large turnout, plus some five or six visitors from other Clubs. Directors elected were: James C. Bartholomew, R. Carl Bowness, Joseph E. Bullock, Roy Gravenor, M. E. Head, Harry Hyder, Theo Jurwitz, Charles Porter, Harry Shadle, Hubert C. White, R. Claude Wright.

Final returns on the recent Pancake Jamboree, now completed, Finance Chairman Bartholomew was able to present his eagerly awaited report, which included the fact that Pancake Ticket sales this year were better by 45% over last year, also that Club's 1962 fund raising projects reached an all time high since the birth of the Club. Expenses such as use of Owen High Cafeteria, the purchase of extra meats and other foodstuffs also reached an all time high, but did not alter the NET PROFIT high record, which for the year 1962 has reached \$430.82 for disbursement between the Kiwanis Student Loan Fund and the Youth Center. Bart thanked all those members who sold Pancake tickets, also Peanut Brittle in March, contributing to the fund raising success, stating that "We cannot give to Youth if we don't get, and we don't get without working and giving of our time, remembering also that if you want to leave your footprints in the Sands of Kiwanis, you must always wear your work-shoes."

She advised all women not to center their whole lives in the children since there comes a time when the "nest is empty", and it is difficult to adjust to new interests and activities with the husband if the relationship has not been maintained over the years while the children are growing up.

The law is the backbone of our society. It is the difference between order and chaos. It is the difference between progress and deterioration in man's effort to advance civilization.

But the law, no matter how nobly conceived, is worthless unless it is respected, and unless it is enforced.

Having served with the Federal Bureau of Investigation, and having participated in various law enforcement training programs conducted by the Institute of Government, I appreciate the responsibility imposed upon the courts of this state. The vast majority of the courts of North Carolina have worked hard under unnecessarily difficult circumstances.

Modern up-to-date law enforcement needs a modern up-to-date court system—especially at the lower court level where the great bulk of work is concentrated.

No one would run an office by a rule book that was written 100 years ago—or even 15 or 20 years ago—for that matter. You wouldn't because it would be inefficient. Times have changed and you have changed with them.

Unfortunately, the same cannot be said for the court system in North Carolina. Times have changed in the court too. There's new demands, new requirements. And the old machinery just isn't getting the job done.

Most of you, I am sure, are familiar with the court improvement proposals that the people of the state are being asked to approve on Nov. 6. Every citizen of North Carolina stands to benefit from approval of the court improvement amendment. It will mean greater efficiency, not just in the courtroom, but throughout the whole structure of justice in North Carolina. And it will go a long way toward removing the injustice caused by inefficiency due to an outdated system.

Basically, the whole purpose of the amendment is to establish a uniform system in our lower courts—generally, those below the Superior Court level. It also establishes an administrative office to free judges of troublesome and time-consuming mechanical details and assist in the business management of the courts.
