

# No Cure Yet For Common Cold

**NO CURE IN SIGHT**  
Information Service of Your Tuberculosis Association

There is, as yet, no wonder drug to cure the common cold. In fact there's reason to doubt that the wonder drugs can even prevent complications from developing.

Three doctors at a Portsmouth, England naval base tested the theory that if you give an antibiotic wonder drug for a cold, you can at least prevent complications. Of 295 sailors reporting to sick bay with colds, 95 were given aspirin, 96 penicillin, and 104 tetracycline. Fewer aspirin users suffered fever than did the other two groups.

If you catch cold, don't pester your doctor for an antibiotic. It won't do any good. Ask your doctor about nose drops, aspirin and cough syrup.

Do cover your coughs and sneezes. A cough or sneeze shoots out germ-laden droplets at a rate of 150 feet a second. And some of the smallest droplets can hang around in the air of the room for hours.

It's usually best to stay home the first day of a cold. The rest will help you fight the infection and get well sooner. Don't try to make yourself perspire. It doesn't do anything for your cold and it may make you feel weak. Try to avoid hopping back and forth from cold to hot temperatures. That can make the symptoms worse.

If fever lasts more than three days, or you have a persistent cough, or are short of breath, or if your cold hangs on beyond two weeks, go see your doctor.

# Criminal In Our Community

There is a criminal loose on our North Fork Community, a person who enjoys murdering and torturing animals. In recent weeks we have had a series of incidents involving such treatment to dogs. A dog was hanged by the neck until dead and left for someone to find; joys, killed in this way by someone who evidently enjoys cruelty. I was horrified at this example of sadism and I wondered who in our community has such a sick mind. This happened in woods right across the road from my home on North Fork Road. I wondered if the next step for such a person as this would be a small child?

However, the next series was one of my own dogs. The puppy was struck such a blow on his head as to give him a mild concussion and he had to be rushed to a veterinarian. As you know the nearest is in Beverly Hills. Fortunately the puppy recovered. This incident happened quickly and to the best of my knowledge right in our own woods—when both dogs rushed into the woods after hearing someone or something.

The following week our older dog was attacked. One of his forepaws was dislocated and he was choked. A friend and I gave him first aid for his paw but he was rushed to the animal hospital for examination and treatment. He recovered but for several days suffered a severe sore throat and could hardly bark. He was choked so badly that for 24 hours I did not know if he would live. So far as I know both incidents occurred on our own acreage so someone has evidently been trespassing as well as committing offenses.

A week later a dog belonging to neighbors up the road was shot. This dog survived too I'm glad to say. Then I was told of other incidents such as dogs being scalded! And poisoned.

Such is the record of foul deeds in only a short length of time. How many other instances there might be I do not know. I have lived in this community for several years and love it. Now that we are away I look forward each summer to "coming home" and our dogs love the freedom of the country. This is the first time in nearly ten years that I have known of such things. Whoever is expressing such twisted emotions may be someone who lives out here and yet he may be someone from elsewhere. I do not know but I have turned the matter over to the Sheriff's Department for investigation. I have also reported to the Black Mountain Humane Society and appealed for help. Something should be done.

From what I hear and from what I read such incidents are happening in other sections and will go on unless something is done. There are laws to protect animals from the cruelty of human beings. They should be enforced.

I am asking for cooperation from the residents of our community in finding out who this stealthy attacker is and I wish to warn all dog owners to be on guard.

This is the beginning of the new year and the new Circles will be announced for the next meeting.

The Montreat Garden Club held the fall meeting in the park by the gate for picnic and club meeting at 4:30 on Thursday, 13. The president, Mrs. John Haw presided. Mrs. W. J. Gammon gave a most interesting account of the early days of the club, but she did not go back far enough, for during the beginning were many outstanding blots upon the landscape as one drove into Montreat. On the left was the house with the clothesline with the weekly wash in plain view of those who drove into Montreat; and in the high grass where the park is now located, was a place for the mules and cow to spend the day. With much hard work and contributions the house was lifted up to the high hill and out of sight of the gate. There the family could enjoy the warm sun and work as well as play out of sight of those who drove through the gate of Montreat. First there was the plan to convert the marsh into a small pond and water lilies were planted, much to the delight of the chipmunks and sorrow of the club members who saw the small fountain and lily pond vanish into the ground. However, with more enthusiasm and more energy the park may someday become what the members want it to be. Memorial bushes and flowers have been planted, maple trees and dogwood are planted as well as other flowers which will be in bloom all during the year.

After a delightful picnic supper, the fall meeting of the Garden club was closed with a resolve to spend more time in working on the rough places in the park. Billy Graham and some willing workers will spend more hours in the cleaning work at the park.

The Montreat Church held the worship service at 11 on Sunday morning with Rev. Calvin Thielman as preacher. His subject was "The Society of the Redeemed." It was good to have the choir back and to enjoy the chorus sing "Awake My Soul" as offertory anthem.

A nursery will be provided for pre-school age children in room No. 3 during the morning worship hour.

The Vesper Service was held at 7:15 p.m. in Gaither with the picture "Shadow of Boomerang" was shown and the public was invited. A good crowd gathered in spite of the rain.

On next Sunday the Rev. Mr. Thielman will be away and we will have the service from Barker who is with the Billy Graham broadcasting station as preacher.

The afternoon prayer service will be on Thursday at 3:30 p.m. in the Green Room of the Assembly Inn. There will be a brief Bible study each week in the Epistle of the Philippians.

There were many visitors in the church on Sunday.
