school. The meeting was called by the president, Mrs. John Lewis.
A committee was elected to study the blue prints for a community building which the group is planning to start soon. 26 from our community enjoyed the awards, dinner, and visit to Monfords Cove Community. Our club won third place in the County judging and received a check for \$25.00. The Youth Program also won third place and received a check for \$20.00. The ladies are planning a bake sale once a month. Mrs. David Paw, who is leader of the 4-H and Youth group, was in charge of our Christmas Program.

Our thanks to Don Anderson for the use of his class room and to Mrs. Sue Glover for decorating it so beautiful with items she had made. Gifts were exchanged and everyone enjoyed the home made cookies and punch the ladies made.
Jack Noblitt, Old Fort Photographer, made some pictures of the party for our scrapbook. The meeting adjourned with all singing. The group will meet at 2 p.m. on Saturday, Nov. 17, at the home of Mrs. Doris Guthrie. The Rev. Loyd Camp performed the ceremony in the home of the bride's aunt, Mrs. Doris Guthrie.

Sen. Erwin Says:

MORGANTON—The 88th Congress will convene in a few weeks. From opening day until adjournment, the nation's 535 lawmakers will be engaged in the introduction of bills, daily committee meetings, and debate and action by the Congress. The pattern of prior legislative sessions indicates that it is almost certain that rules changes by the two Houses of Congress will be matters of concern during the forthcoming session. Senate Rule 22, which governs debate in that body, is expected to produce a battle over whether the Senate should allow less than two-thirds of those present voting to cut-off debate on an item of legislation. The House may renew its discussion over the makeup of the 15 member House Rules Committee. After the determination of these procedural matters as well as the appointment of committees, Congress will begin its consideration of legislation.

Certain to be of primary concern at this session will be national security. Our recent firm action with respect to Cuba has lifted our prestige in the eyes of the world. However, I see no basic evidence that the Soviet bloc has relented in its purpose to rule the free world. For this reason, it will be necessary for our nation to maintain an unassailable military position for the foreseeable future. Dissension among the Soviets and Red Chinese over Communist policies has not altered our need for strong military forces and armaments.

Taxation is almost certain to provoke more discussion at this session than any other single issue. Prior to the opening of Congress the President is scheduled to outline his views on economic matters confronting our nation. Already there are highly conflicting views on how tax cuts, tax reforms, and spending programs should be brought into agreement with anticipated revenues.

Since World War II mounting farm surpluses have created the 20th century farm problem in the United States. Vast strides in farm technology have created a vastly different farm situation from that faced in Soviet Russia and Red China. Our farm problem is overproduction for the U. S. and world markets while their concerns are growing underproduction. Wheat, feed grains, and cotton programs appear to be the main items on the farm calendar. American agricultural interests are so divergent that there are no ready solutions.

Renewed fights for federal aid to education, medical care for social security, mass transit systems, Urban Affairs, and a host of other issues that have been fought over for several sessions, will constitute other principal issues. All in all the 88th Congress promises to be a lively one.
