### Library Site:

The Friends of the Library, about which one reads and hears so much these days, are working toward better facilities for that service. The committee, faced with the responsibility of selecting a suitable lot for the anticipated building of the future, wonders if there are others who may have property they would like to offer as a gift to the town for a site. One such place has been offered and the committee would like to have a little wider selection in case this first gift might not meet the need for some reason.

The committee has not made known the requirements for which they are looking in a lot. From former discussions I assume they want a location convenient to downtown and large enough for a one-story building since the flight of stairs is difficult for some of our elderly people to accomplish.

So, if you have downtown property on which you are tired of paying taxes and would consider donating for a worthwhile cause, notify Jim Uzzell, chairman of this committee.

### Further Service:

While I'm speaking of the Friends of the Library it seems more than worthwhile to comment on the new home service for shut-ins which is being offered by this group. How nice that someone thought of the idea. Now those who are deprived of the pleasure of selecting their own reading matter can at least make known their desires and others will see that the best choice is made and delivered to the shut-in once a week.

### Nice Arrangement:

When it came to our attention that the Spruill family from Columbia was occupying the rectory in the absence of the Donald family and the Rev. Edward Spruill would conduct the St. James Episcopal services during the month of August it seemed like an ideal arrangement. Surely there is no more disagreeable place for the summer months than the town of Columbia, lovely as it looks. Fortunately this does not mean that the Donalds are occupying the Spruill's residence, or I suppose they aren't and for Rev. Spruill this is not a true vacation, only a change of scenery and a pleasant climate in which to pass the month of August.

I've often thought how wonderful it would be to have a friend with a home, say in Florida, or at the beach, with whom you could exchange vacation location. I mean just walk out of the house and let the friend plus family walk in. The snag here is that the only people I know from Florida want to come to the mountains in the summer, naturally, and the very thoughts of travel through some parts of Georgia and South Carolina in the sweltering heat gives me sunstroke. Anyhow, for year-round living, ole Black Mountain is hard to beat.

### Best People In The World:

When Al Garland came into the NEWS office last Monday morning to tell us the latest about Marshall's condition he was high in his praise of friends and acquaintances who have been so thoughtful these past weeks. If you have ever experienced death in the family, ac-

## Vegetables Add Variety At White Donkey

On Saturday, Aug. 10, one can find for sale at the White Donkey shop a variety of vegetables, all contributed by members of the organization Friends of the Library.

In spite of increasing volume in sales, however, Mrs. J. W. Bergthold, chairman of the committee operating the shop, says additional articles are continually being offered—for example, earrings, necklaces, as well as sterling silver knives, dessert plates, and saucers.

At the same time Mrs. Bergthold announces the need of gifts of more things which can be sold because the sales during the past two Saturdays have been rapid.

The selling period at the shop is 1 p.m. to 5 p.m. on Saturdays. It will be appreciated if those making donations of articles to the shop will deliver them on Thursdays between 10 a.m. and noon. The shop will also be open on Thursdays from 2:30-5 p.m. beginning this week.

Mrs. R. C. Wright will be in charge at this time.

Those who have articles which they would like to donate to the shop but who are without means of delivering them, may take advantage of an offer by Mr. and Mrs. Bob R. Martin. They request that such people call the Martins' home, 669-7334, and leave their names, addresses and phone numbers, as well as information concerning the nature of the articles. The Martins will then arrange to pick up the articles and deliver them to the shop.

**REV. WALTER STYLES TO FILL PULPIT SUNDAY MORNING**

In the absence of the pastor, the Rev. Robert Gray who is away on vacation, the Rev. Walter H. Styles of Tallahassee, Fla., will preach at the Morning Worship Service at the Black Mountain Presbyterian Church. The Rev. Mr. Styles is a former pastor of the Black Mountain Presbyterian Church.

**RICHARD MORROW WITH SIXTH FLEET**

Richard, Morrow, senior chief interior communications electrician, USN, son of Wade Morrow of Black Mountain, is serving aboard the nuclear powered attack aircraft carrier USS Enterprise, currently operating with the Sixth Fleet in the Mediterranean and slated to return to the U. S. late this summer.

The Enterprise has been with the Sixth Fleet since February.

**Calendar For Week Of Aug. 8-14**

( ) Double Parking ( ) Parking in Alley ( ) Bus Space

We respectfully solicit your cooperation in making our Town safe. May you have a pleasant stay here and if we can be of any assistance please call us. Please deposit 5c in meter before you leave. Thank you.

**TOWN OF BLACK MOUNTAIN**

The parking meters in downtown Black Mountain have been very much in the news recently with some merchants maintaining that the mere fact that they are in operation at all has hurt business.

For the benefit of those who are not familiar with the type of tickets distributed here by the town police, the News is happy to reproduce above one of the same.

You will note that it is called a "Black Mountain Police Department Courtesy Ticket". And unlike those given in the majority of towns this is really a courtesy ticket.

After having the type of violation called to his attention, the motorist is requested to deposit 5 cents in the meter before leaving.

The Chamber of Commerce is now circulating a petition requesting that the meters be removed entirely from the scene. The opinion has been expressed that the presence of parking meters in Black Mountain puts the community in an unfair advantage when competing with the WNC Shopping center.

**GARBAGE PICKUP**

R. T. Greene, manager of the Town of Black Mountain, told the News today that garbage pickup in the downtown business area has been placed on a twice a day basis and that town officials hope that this will help solve the disposal problem.

**SMITHFIELD PLAN**

Pointing out that a special promotion effort would be necessary on the part of the Chamber of Commerce to place the Smithfield Plan in operation here, one member has offered to donate \$500.00 toward this cause for next year.

Backers believe that to properly implement the plan would require the full time efforts of a man trained especially in this type of promotion and a full time staff. It is thought that a budget of at least \$15,000 per year would be needed.

Town officials have offered to cooperate 100 per cent if and when the plan is ready to be launched.

**CADET IN MADERIA ON ANNUAL CRUISE**

Three hundred Coast Guard cadets are now in the colorful Portuguese island of Madeira. They are preparing for the last leg of their annual cruise. When the cadets return to New London, Conn. on August 16, they will have covered 10,000 miles.

The cadet practice squadron of three ships visited Oslo, Norway; Amsterdam, Netherlands; and Santander, Spain. The three masted barque EAGLE is squadron flagship. It is accompanied by the Cutters CASTLE ROCK and ROCKAWAY.

The purpose behind the summer cruise is to afford the cadets "practical professional training in the arts, skills and service matters" pertinent to their future duties as Coast Guard officers.

At each stop during the cruise, the cadets rotate between the cutters to further their knowledge of the characteristics and equipment of each type of vessel.

## Retired Group Plan Picnic For Friday, Aug. 12

Members of the Swannanoa Valley Chapter of AARP are planning a picnic to be held this coming Friday, Aug. 9, at the picnic grounds located about three miles northwest of Old Fort on old highway 70. Members will meet at 10:30 a.m. on Friday at the parking area north of the Asheville Federal Savings and Loan building in Black Mountain in order that all members may be provided with transportation to the picnic grounds.

In case of rain the picnic will be held in the conference room of the Federal Savings and Loan building.

**FOUR CUSTOMERS NEEDED FOR BROOMS**

We still have a few brooms left. Please pick them up today, don't delay, at the Black Mountain News office.

They're only \$1.50 each and the entire proceeds will be used to help the visually handicapped in the community and the state.

The response was good and we did get rid of several brooms, from Ridgecrest to Swannanoa, but we need four more customers.

Dial NO 9-4101 and reserve your broom today.

## Youth Week Planning Group

Included in the picture above are, front row: Becky Allred, Irene Ledbetter, Ann Harris, and Barbara Page. Back row: Terry Ledbetter, Jim Frazier, John Miracle, and Phil Frazier.

These young people of the First Baptist church form the committee from the youth of the church for planning Youth Week, Aug. 11-18. Barbara Page is chairman and John Miracle is co-chairman.

The periods of fellowship will begin each evening at 6:30. There will be play time, a singing period, camp fire services, refreshments, panel discussions, and devotional moments. A team from the Ridgecrest staff will assist Ronald Luck, choir director and youth leader for the summer, in making these days most meaningful for the young people of the church.

**FOLKS ON MOVE Have Feeling of Not Belonging**

"Friendship in Civic Development" was the topic discussed before the local Kiwanis club at its Aug. 1 meeting. In observance of Friendship Week Dr. Albert E. Demmock, director of Evangelism of the Presbyterian Church of U. S. under the direction of the Board of Church Extension, Atlanta, gave the address.

Dr. Demmock, a summer resident of Montreat and a forceful young speaker, pointed out the difficulties of practical brotherhood efforts today because of the ever shifting population — one of every four families changes location every year — and the tendency of families to live in apartments. Both of these factors produce a certain rootlessness resulting in a feeling of "not belonging" in many individuals. Many do not church or civic organization.

Visiting Kiwanians were: Rev. J. W. Dunlap, Darlington, S. C.; Rev. J. Earl Adkins, Sanford; Perry L. Stone, Americus, Ga.; S. MacSpadden, Boca Raton, Fla.; Lester Bush, Palatka, Fla.; J. L. Smith, Rock Hill, S. C.; C. R. McIlwaine, N. Jackson, Miss.; Dr. Albert E. Demmock, Atlanta, Ga.; and Bob Mobley, Ft. Meyers, Fla.
