North Fork Is To Be Judged For Area Place

Judging to select the top area winners in the 1963 Western North Carolina Rural Community Development Program will be held on November 11 through 14. At stake are top honors in the annual community improvement contest in which 133 organized rural areas in 16 counties have participated this year.

Two sets of judges will be visiting counties. One set will inspect the county winners in the farm division and the other the non-farm winner. The judging teams will spend one hour and 45 minutes in each community and will hear reports by community leaders and will view community and home improvements.

The communities in this final judging are competing for \$4250 in area awards and the honor of being Western North Carolina's "most progressive area." Winners will be announced at the annual Community Awards Luncheon in the Asheville City Auditorium on December 14. Approximately \$8,000 in awards have already been presented by local sponsors in county contests.

Non-farm judges are Edna L. Seaman, Manager, Promotion and Public Affairs, WFBC-TV, Greenville, S. C.; John R. Hampton, Industrial Development Representative, Duke Power Company, Hendersonville and Ted Hyman, Editorial Division, N. C. Agricultural Extension Service, Raleigh, N. C.

The Western North Carolina Rural Community Development Program is sponsored by the Asheville Agricultural Development Council in cooperation with the Agricultural Workers Council in each county and local sponsors.

North Fork will be competing for a top prize when judges visit this non-farm community on Tuesday, Nov. 12, from 8:00 to 9:45 A.M.

Mr. and Mrs. Sewall Brown came up Monday to help with our water line, but decided the only trouble was a scarcity of water instead of fault with the pipe.
