## North Fork News

The first meeting of the New Year of the North Fork Community Club will be held at 7:30 P.M. in Holcombe's basement, on January 13—that is Monday evening. The program committee has planned an evening of slides, which should be very entertaining as well as instructive.

The Ravens met in the home of Howard Willet on Saturday evening. Eleven members attended.

It was decided to buy new flags—the United States flag and the 4-H flag. The members also filled out their project cards for the following year, and started choosing their programs for 1964.

The officers: Phyllis Willet, vice-president; Kay Willet, secretary-treasurer; Mike Morris, reporter; and Ronnie Vanover, county-council representative had their pictures taken for the paper.

The roads in spots were a little precarious, and climbing the hill to Willet's proved too much for Harry Morris's Jeep. It slipped off into the ditch, making it necessary to put the heaviest passengers on the hood. When Jeff Morris and Robert Clayton were safely unseated, the Jeep finally came out of the ditch and reached its destination.

Speaking of slippery roads, on the 31st of December when the snow was falling rapidly, and covering everything so beautifully, parents began to get worried when no children were home by quarter to five. Bart Burnett took his car to the church where he established a lookout, and Lige Walker and his son-in-law, Whitaker took Whitaker's truck to the school bus. It was fortunate for the Germans that both cars were there, for they were slipping toward the ravine just below the church, and no amount of gravel seemed to help. A tow rope, and kind neighbors pulled them to safety.

## UPPER CEDAR CREEK COMMUNITY

Bessie Elliott Davis

Luther Hall, an old friend of many years standing was buried at Stone Mountain Church Cemetery last Saturday. I remember Luther years back when he and his wife Evvie would help neighbors in sickness. Luther

would get wood and go for medicine while Evvie tended the patient.

Louis Elliott fell at his home getting wood one day last week, breaking some ribs.

The two smallest children of Mr. and Mrs. Clifford Walker have the measles. There has been an epidemic of measles; some of the folks do not even know when they were exposed to them.

Jimmy Guy Vess's family have had measles, and Jimmy Guy has had the flu. Also Ray Davis's children have had measles and have missed Church two Sundays now.

Miss Roberta Vess, beautiful at Black Mountain, was snow bound with her brother Raymond, sophomore at Owen High, last week. Bill McPeters brother-in-law at Swannanoa went after them and took them to his home for a couple of nights. Bill told their mother to not be uneasy any more that he would look after them through bad weather.

Troy Elliott and son-in-law, Mr. Freezeland, came by on their way to Marion this morning when they saw Jimmy and I digging snow from around our pile of wood, they came and got the wood out. That is Good Neighbors. The Bible says "Love your neighbor as yourself," which on such an occasion is not hard to do.

## THE HOUSE OF DEEN WAH is probably the world's most unique telephone booth. It's located in New York City's Chinatown and is built like a small pagoda. A Chinese house-warming was held at its opening. By the way, "Deen Wah" means "electric talker."

# The great highway performer

## '64 Jet-smooth Luxury Chevrolet

What does it take to make a car a great highway performer? If the car happens to be a '64 Chevrolet, one thing only. A highway. You'll find everything else already neatly packaged for you—on the car exactly as you pick it off the showroom floor.

There's a choice of seven engines—all the way up to a twin-carb high-compression 425-hp V8\*—and four transmissions, including a finely honed 4-speed stick shift.\*

And underlying it all—a bump-skimming Jet-smooth ride that helps keep the performance great even when the highways aren't so great.

What about special performance equipment? Professional driving skills? Forget them. Nobody has to doctor or coax or soup up these Chevrolets to get the best out of them. And that's really the test of a great highway performer: Just about anyone can get a kick out of driving one, just about anywhere, just as it comes out of the showroom.

Next time you're out your dealer's way, allow a few extra minutes to sample one of these highway performers on your own. A few are really all you'll need. That's enough time to do a lot of driving in a Chevrolet. \*Optional at extra cost
