Have you ever considered how wonderfully cooperative our artisans can be? When we retired, we thought we ought to have a shower instead of a bathtub, because we had known so many aging people who had difficulty now that we really are older, we find the tub a necessity. So we plan to install one sometime this year. Then our plans became more urgent, for our grandchildren, who were afraid of the shower, were coming for a month. As everyone knows, carpenters and plumbers are at their busiest in the summer, for everyone wants work done then. But do you know, Gordon Lunsford gave up his Fourth of July holiday to rip out a couple of walls, and Don Burgin gave us a Saturday, when he was rushed, because he was scheduled to have surgery done on his knee? Are we grateful!

You may not want to retire at age 62, or even 65, but when you do retire you'll want to get your social security checks started promptly. And this will largely depend on you. For if you contact the people at the social security office early you can help them to help you get all the proofs necessary to process your claim promptly. And then you should receive your first check on time, without delay.

A good rule to remember—contact the Social Security office, or the representative from that office, two to three months before you are ready to file your retirement claim.

travel to Enka for a Buncombe County and Blue Ridge Conference contest on Sept. 4. Home fans will see the 1964 Warhorses for the first time against Brevard here at Shuford stadium on Sept. 11.

MANY CANDIDATES

Although Coach Stanley and assistants Don Ray, Bill Rucker, and Ralph Singleton expect to have a full slate of candidates for all positions, indications are that the Warhorses will again be undermanned for the tough Buncombe County and Blue Ridge Conferences.

A rundown on candidates will be carried later in detail but early reports say the Warhorses will be small compared to their opponents.

Many of the teams which Owen will play will have back practically all of their starting lineups from last year.

But as one member of the coaching staff put it: "How well we do this fall will depend to a great extent on how much the boys want to play. We may be small but if the boys make up their minds to win some games, they'll be hard to stop."

While everyone looks for a better season than the Warhorses had last year, no one is predicting a championship or an undefeated season.
