Dream Comes True For Rices

Mr. and Mrs. Johnny Rice of Black Mountain were among the 140 salesmen and their wives who were awarded a dreamer's holiday in New York and Nassau recently for achieving first place in a General Motor's Chevrolet sales contest.

The local couple boarded a TWA jet at the Charlotte airport at 8 a.m. July 1. One hour later they were met at the airport in New York where they were taken directly to the World's Fair. There they saw many interesting things. Most outstanding, they stated, was General Motor's "Futurama".

That night the group met at the Hawaiian Pavilion for a luau and floor show and afterwards to the Statler-Hilton hotel to soak their tired, swollen feet!

The second day was spent at the fair and on a tour of the city with friends. July 3 saw them boarding another jet at Kennedy International airport for a two-hour flight to Nassau.

Upon arrival they were met by a native calypso band and taken to the Emerald Beach hotel for three wonderful days of swimming, feasting, resting, touring the island and shopping.

On Sunday they attended church where the pastor and majority of those present were Bahamians. Sunday afternoon the tired, but happy, 140 left Nassau at 5:30, arriving in Charlotte at 7:30 thus ending a dreamer's holiday.

Work began in June and will continue until school starts and the program comes to an end. Majorettes this year will be: Ginger Waldman, Ginger Waldman, head majorette, Collette —Turn to Page 4

Rucker, Hall Tell Club About Youth Program

Bill Rucker and Jimmy Hall gave an enlightening outline of the activities, needs, and aims of Black Mountain's Operation Youth before the local Kiwanians at their July 16 meeting at the Monte Vista. This youth organization now has five paid workers and 20 volunteers. The latter are mostly occupied with coaching in the various activities.

Mr. Rucker stated that this season they have four Babe Ruth and six Little League baseball teams using the facilities at full capacity. Other activities are basketball, softball, horseshoes, ping pong, etc., to satisfy all who come for physical recreation. He said that all activities are supervised.

As to needs for the center —lights for the ball field are paramount. Management also plans to enlarge the ball field in order to consolidate all youth activities at the center for better supervision. The swimming pool was described as antiquated and can be used for only two more seasons at most.

Mr. Hall described activities at the swimming pool and the importance of being able to swim. Every morning from 10 to 12 free swimming lessons are available. There are about 229 children in this program. Many of these at first were "nose dippers", afraid to entirely submerge. Many who could only swim five or six feet with much thrashing about have developed into proficient swimmers.

There is also a Junior Life-saving program for older youth. The pool is open to the public from 1 to 5 p.m. for a fee of 25 cents.

Seven guests were present. Vice-President Hugh White presided.

Twenty-five schools sent cheerleaders to the Brevard workshop for instruction. In competition Owen rated third in the group in ability.
