Young Citizens Group Praised By Congressman Taylor

—Photo By Ed Dupuy

Young Citizens for Johnson took over the front of the local NEWS office last week as they pressed their campaign to "elect all Democrats" to office this November. Local candidates were most enthusiastically endorsed and a visit from incumbent Congressman Roy Taylor brought praise to the youngsters for their efforts. Shown above are, seated, left to right: Steve Miller, Betty Logan,

Beverly Genetti and Wanda Cordell, same order, are: Mr. Taylor, Gary Cole, chairman, Howard Pope, and Jeffrey Georgi.

The group was organized by Gary Cole who, with Steve Miller, made a trip into Asheville Wednesday to get permission from the Buncombe County headquarters to set up branch headquarters in Black Mountain. The boys brought badges, stickers, posters, photos, and every other type of promotion literature available.

Mr. Taylor congratulated the boys and girls for their enthusiasm, telling them that "no one was ever too young or too old to make a good Democrat" and "to stand up and be counted".

Owls Score 11 To Hold UNC Free Scoreless

Warren Wilson Owls counted their fifth straight victory Saturday when they defeated the Freshmen from the University of North Carolina, 11-0.

The Owls played one of their best games against an aggressive foe to score six points in the first half. Singh, WW left wing; Ayin Gonulsen; fullback Rahman and Assaf Rahal all scored in the first half. Gonulsen scored three times.

After being held scoreless for the first 15 minutes of the second half by a determined UNC team, Cyprian Ezike broke loose and with good support from other teammates, scored three times within five minutes.

Gonulsen and again Ezike, scored to tie for top honors with four tallies each.

Although Coach Miller sent a five substitutes to finish the game, UNC still was not strong enough to break the Owls' defense.

Collisions Effectively Shown In Film

It would be well if every automobile driver could see the film entitled "Broken Glass" shown before the October 22 meeting of the local Kiwanis club. This film was prepared by a group of engineers from the University of California. It shows the results of collisions of actual automobiles loaded with life size manikins when traveling young humans when traveling at different speeds. Even at twenty miles an hour when one car hit another broadside as at an intersection. When the result was terrifying. The film shown in slow motion, with flying bodies along with broken glass and other debris made one shudder.

Public Invited To Exhibit Of Arts - Crafts

If you want to know how some of your neighbors spend some of their spare hours then come to the Arts and Crafts Exhibit to be held at the First Baptist Church in Black Mountain from 10:00 A.M. to 5:30 P.M. on Friday of this week, October 30th. There you will see displayed weaving of various kinds, paintings, chair upholstery, braided rugs, arrays of greenery and foliage, metal work, bird feeders, flower arrangements, jewelry, chair caning, and several other kinds of creative endeavors which help people while away what might be otherwise lonely hours.

The purpose of the exhibit is not only to permit the public to see what others have done but mainly to create interest on the part of many to try their hand at doing creative activities. It is generally agreed that making things with one's hands is not only in the usefulness of the articles made but in giving the individual improved health which usually results from these types of activity. Older people especially are finding that engaging in the arts and crafts adds years of satisfaction and enjoyment to their retirement days.

The public is cordially invited to attend the exhibit at any time between 10:00 A.M. and 5:30 P.M. Some of the exhibitors will be engaged in their various activities between the hours of 2 and 4 P.M. The exhibit is community wide in scope and is being sponsored by the local chapter of the American Association of Retired Persons.

Comeback In Second Half Wins For Owen

Two intercepted passes, one by Jerry Curtis and the other by Ted Lukadoo, set the stage for touchdown drives in the third and fourth quarters last Friday evening as the Owen High School Warhorses galloped to a 14-7 victory over the T. C. Roberson Rams.

The Warhorses will observe an open date this week as they prepare to meet Enka on Nov. 6 and the Hendersonville Bear Cats in a makeup game on Tuesday, Nov. 10.

When T. C. Roberson took the opening kickoff and drove for a touchdown and added the extra point to lead 7-0 in the first quarter, the situation looked dark for the large homecoming crowd on hand for the contest.

In fact Owen ran only three offensive plays in the first half and lost ground each time. But the picture changed midway of the third quarter.

Mrs. Harold Player, Jr.

Miss Jolly was given in marriage by her father. The bride wore a dress of silk organza with three-quarter length tapered sleeves. Medallions of lace etched with seed pearls outlined the bateau neckline. The chapel train fell from an obibow. Her veil of illusion was attached to a tiara studded with seed pearls and opalescents. Miss Janet Player, sister of the bridegroom, served as maid of honor. She wore a street-length dress of emerald green organza matched by a rose holding her matching eye veil. A nosegay of bronze carnations and spider mums held her veil.

S. O. S. From Girl Scouts

There is no more heartbreaking sight to a parent than that of seeing their children left out of the group. The above picture was made during one of the local troop's regular meetings. It isn't that the pictured girls lack placing in a troop, but there are 11 other girls on a waiting list for whom there is no place. The girls who would like into a troop are missing the fun and what is the reason? There are more than enough girls to make one additional Junior troop and prospective Brownies need a troop leader, too.

Girls aren't there mothers of girls who are on the waiting list that would take some of their time to become leaders so that these troops may be organized before the November registration date for Black Mountain troops? Two mothers could work together

HALOWE'EN TREAT HELPS UNICEF

When the door bell starts ringing on Halloween, October 31, give the Trick 'n Treaters coins for UNICEF.

The local chapter of the United Church Women are sponsoring the drive through the Youth groups of the Churches in the Swannanoa-Black Mountain area.

The United Nations Children's Fund (UNICEF) is taking on more and more duties in feeding today's millions of children throughout the world who are ill-fed, uneducated and threatened by disease.

Just one coin means so very much to those who have so little. One penny buys five glasses of milk or a vaccine to protect a child from tuberculosis. Five cents buys twenty-five glasses of milk or vaccine to protect five children from TB. Ten cents buys penicillin to cure four children of yaws. Fifteen cents buys enough D. D. T. to protect two children from malaria for one year.

All these coins make an impressive amount. This is a splendid opportunity to teach the youth to share with others and help those in desperate need.
