## E. M. Hoffman Chosen Member Music Center

Word has just been received here of another honor to be bestowed upon E. Michael Hoffman of Black Mountain. Several years ago Mr. Hoffman composed his Prairie Boy score which has received much acclaim from musicians. This was a musical interpretation of his early boyhood years in prairie country, recording the sounds he remembered from those years.

In the spring of this year the Prairie Boy score was sent to Bennington Conference for composers held this summer in New England. When the score was to be played Mr. Hoffman was invited to attend but because he did not feel equal to the trip at the time he declined.

Since that time he has been extended an invitation to become a member of the American Music Center, an organization for contemporary American music. One of the sponsors of this group is the noted conductor Leonard Bernstein.

Since becoming a member of the Center Mr. Hoffman has been busily working on revisions of some of his other scores preparatory to submitting them some time soon.

## Local Pilots Attend Meet In Greensboro

The Pilot Club of Black Mountain held its regular dinner meeting October 26 in the private dining room of Assembly Inn. Mrs. Leon Gregory presented through a panel discussion a program on Pilot Membership and Information.

Five members of the local club, Mrs. Joe Reese, Jr., Mrs. Al Clough, Mrs. Eugene Lovin, Mrs. Mrs. Wiley Norwood, and Mrs. Edith Pace attended a District VI workshop held in Greensboro October 31. Mrs. Pace was one of the four chairmen of Pilot Club Safety Committees chosen from the entire Western North Carolina area of Pilot International to present a report of outstanding work done by a local safety committee. She reported on the Fourth-of-July project of her committee as they worked in cooperation with Radio Station WFGW to broadcast spot announcements throughout the weekend cautioning drivers to drive carefully and to obey traffic regulations.

Pilots at District VI Workshop were presented with a long-time need in the state to which local clubs may contribute. The need for a chapel, or place of worship, at the Correction Center for Women of North Carolina at Raleigh was pointed out. The Pilot Club is a service club and it is expected that the Pilots of District VI, which embraces the state of North Carolina in area, will respond to this need.

# Special Session To Deal With Recommendations Easing Speaker Ban Law

Because of the long and bitter controversy which has been waged over the State since the passing of the Speaker Ban Law the Governor has called the General Assembly into "extraordinary" session next week to consider the recommendations of the committee. To quote from the recommendation, "The fires of intolerance will surely injure the process of education. To solve our problem, to quench the fires now burning, it is

necessary that the people on one side of the controversy be more understanding and tolerant of the honest views of the people on the other side. We must seek mutual respect and a middle ground." The three recommendations to be considered are: (1) Subject to Recommendation No. 2, we recommend that Chapter 1207 of the 1963 Sessions Laws be amended so as to vest the legislative power in the trustees of the institutions affected by it not only with the authority but also with the

responsibility of adopting and publishing rules and precautionary measures relating to visiting speakers covered by said Act on the Campuses of said institutions. We submit as a part of this proposed legislative bill to accomplish this purpose. (2) We recommend that each of the Boards of Trustees of said institutions adopt the Speaker Policy hereto attached and make a part of this report. —Turn to Page 5

## Liquidation Is Approved For Mill Here

On October 30, 1965, the stockholders of Black Mountain Hosiery Mills, Inc. voted to liquidate the corporation. The vote was 99.7 per cent, .03 per cent opposed, according to Peter V. Elting, Plant Manager.

The mill, which was founded in 1929, was managed for many years by B. R. Hunter and, for a period, by C. W. Cleveger. In 1960, Mr. Hunter sold his interest in the corporation but he continued as Plant Manager until 1963. In the past few years, Mr. Elting pointed out, the mill has automated some of the hand operations: seaming has replaced looping, and auto-boarding has partially replaced hand boarding. This has resulted in declining employment while maintaining a relatively stable volume of business.

Nevertheless, because there has been no new knitting equipment bought since the fifties and because that machinery is not suited to making popular hosiery, the Board of Directors felt that the only two alternatives were an investment in new knitting equipment estimated at \$200,000.00 or selling the assets, dissolving the corporation, and paying out all funds to the stockholders. The board of directors unanimously recommended liquidation since it is their view that the long range trend in the hosiery industry is in control of a relatively small number of giant firms and that the future of the small independent hosiery mill is not bright.

Mr. Elting pointed out that the mill has never been in a stronger financial position than at the present. Current assets are over 25 times current liabilities. All inventories, goods in process, machinery, the building, and real estate are owned free and clear by the corporation. There is no debt encumbrance of any kind.

The Budget Promotional Committee is composed of the following: Ed. Johnson, chairman; Vincent Crist, vice chairman; Mrs. Lois Hall, secretary and representatives from the various church organizations.

## Luckadoo And Barker Share Week's Choice

Luckadoo was instrumental in scoring several of the 62 points which went into the winning of the Friday night's game. His play for the entire year has been most outstanding. His passing and yardage gaining have made him a valuable player. Barker gave a stellar show sparking the defense against the team which was at times "too much Whiteside". Barker's drive and alert defensive maneuvers placed him as one of the best for the week.

## Rev. Thielman Speaks About S. Vietnam

After listening to a talk given by The Reverend Calvin Thielman of the Mount Pleasant Presbyterian Church, Hubert C. White, President of the Kiwanis Club of Black Mountain, Swannanoa, said, "I feel as though I was standing only two feet tall. We certainly have not done one-half of what we should have done in support of our foreign policy in South Vietnam. This is also true of our support for our military men and civilians as signed to that country."

The Reverend Mr. Thielman, introduced by the Rev. Stacy Farrior, spoke feelingly of his experience in South Vietnam. They ranged from a combat bombing mission (his pilot was killed six days later) to intimate talks with foot soldiers, generals and later with Mr. Rusk, Mr. McNamara and President Lyndon B. Johnson.

He told briefly of the steps which led up to the Geneva negotiations of the French and the Communists which established the boundary between North and South Vietnam on the seventeenth parallel. The United States did not sign this pact but did promise to support South Vietnam against any subversive action or invasion from without when called upon to do so by a legally recognized South Vietnam Government.

The agreement with France permitted those who wished to move from the North to South Vietnam. This allowed the Communists to send many individuals trained in systematic sabotage and murder into South Vietnam. The result has been a reign of terror. As civil and military leaders were being killed the morale of the South Vietnam fighting force fell. As the United States began to fulfill its commitment, the spirit and confidence returned to the South Vietnamese.

# OWEN'S 2nd STRING HOLDS JACKETS TO 21 POINT LIMIT

The Warhorses racked up 62 points against the Edneyville Yellow Jackets Friday night making it their first undefeated season. The Yellow Jackets, however, scored 21 points on three perfect touchdowns with a total passing yardage that very nearly equaled Owen's.

Fullback Ted Luckadoo scored in the first quarter from about the 3 yard line. Bruce Harris kicked the extra point for a 7-0 lead.

On the first play of the Jackets', Ronnie Craig recovered a fumble on the Edneyville 27 yard line. Without gaining a first down on the three plays, Jim Coman punted into the end zone. Ronnie Craig and Danny Bridges made the tackle for a safety. Jim Coman returned a 78 yard touchdown on the kickoff from the Yellow Jackets 20. Harris converted the extra point, making the score 14-0.

Owen kicked off late in the first quarter and it was returned to the 26 yard line. Edneyville's backfield of Whiteside and Justice seemed to retaliate with three first downs for 40 yards, but lost the ball on downs to the Warhorse defense on the 26. Then, after a 15 yard run by Luckadoo and two passes, one to Yogi McElreath to the 12 yard line, Ronnie Craig scored his first touchdown in the game. Harris' kick was again perfect. With 1 minute 35 seconds left in the first half the score was 23-0 — but not for long. Quarterback Larry Whiteside passed to Mark Maxwell for a 75 yard touchdown. Maxwell also kicked the extra point.

Jim Coman returned a 77 yard kickoff to the 6 yard line leading halfback Danny Bridges to a touchdown for a 30-7 score at the end of the half. Danny Bridges intercepted a pass on the third down of the Yellow Jackets. Owen lost 15 yards on a penalty, but

## Dr. E. Gordon Author, Pastor M-A Speaker

A man of eminence in religion who has the personal magnetism that transcends sectarian boundaries and attracts people of all faiths will visit Montreat-Anderson College November 15 and 16.

Dr. Ernest Gordon, dean of the chapel at Princeton University, has the lively Scottish humor, the vigorous mind and the remarkable powers of persuasion one might expect from a one-time captain in the Argyll and Sutherland Highlanders.

An open lecture for the public is scheduled Monday at 8 p.m. in Anderson Auditorium. His topic will be: "A Living Faith for Today." Ministers and church leaders especially will be interested in attending.

A man who has made a lifelong study of literatures as well as life, Dr. Gordon is himself the author of "A Living Faith for Today," an inspiring book that has continued to be widely read since its publication in 1956, and "Through the Valley of the Kwai," a 1962 best seller in which he relates the true story of the infamous Japanese prisoner-of-war camp on his own experience in World War II. In it he describes how members were forced to labor on the bridge over the River Kwai. Far from cooperating as they did in the popular film and the novel on which it was based, the prisoners worked at bayonet point and under bamboo lash, taking any risk to sabotage the project.

It was this experience that transformed Ernest Gordon, then an agnostic intellectual, into a man whose life was based on a faith strong enough to unite his despairing fellow prisoners into a brotherly community of relief and hope. As a result, he decided after the war to dedicate his life to helping young people discover a faith that goes deeper than lip-service religion.

Ernest Gordon is a member of various distinguished American and British academic societies, a trustee of The Princeton Day Schools, The Princeton-in-Asia Foundation, and a member of the Academic Advisory Council of Prescott College, Arizona. In 1959 Bloomfield College conferred upon him the honorary degree of LL.D.

An American citizen, he is married to the former Helen McIntosh Robertson and is the father of two children, Gillian Margaret and Alastair James. He has appeared on "To Tell the Truth" and other TV and radio shows throughout the country.
