Area Group Activities

A A R P

The Swannanoa Valley Chapter of the American Association of Retired Persons will celebrate the July meeting with a picnic on Friday, July 11, at the home of Dr. and Mrs. Paul Lambert, 201 Blue Ridge Road. At the conclusion of the dinner Mrs. J. W. Berghold and Miss Caroline Hall will give a report of the AARP Conference at Charleston, W. Va. Music and games will also be featured.

Kiwanis News

Ed Alexander, Music Director for the First Baptist Church of Black Mountain, led fellow Kiwanians in an old-fashioned community sing at Kiwanis meeting last week. The program consisted of patriotic songs that commemorated Independence Day, as well as old favorites by Stephen Foster. A great deal of enthusiasm was evident.

Kiwanians welcomed a new member. Ray Ryan, formerly of Chicago, retired advertising executive, became a Kiwanian. The Black Mountain - Swannanoa Kiwanians meet Thursday noon at the Monte Vista Hotel.

Woman's Club

The book division of the Swannanoa Woman's Club will meet on Tuesday, July 15, at 8 p.m. with Mrs. Frank Huggins. Mrs. J. W. Faucette will be in charge of the program.

Rotary Club

The weekly Rotary Club meeting was held Tuesday July 1, at the Monte Vista Hotel. Pete Redgrave, outgoing president, formally transferred the gavel of office to Dr. Ozmer Henry, President for the year 1969-1970. Dr. Henry read the birthdays and anniversaries of the members in July. Pete Redgrave, having just returned from London, England after a three week trip, gave a short travelogue on the changes he noticed after ten years absence. The mark of affluence was very noticeable. The motorcycle, once a predominant means of travel is now virtually extinct and a myriad of compact cars swarming on the narrow roads. The long hair trend and the short mini skirts are a normal accepted way of life. In the countryside there was little change on the surface except for the new towns, occasionally seen, that have been built in the past ten years to accommodate the overflow of population from expanding cities. The Metropolitan of London had a changed landscape; with glass and steel high rise apartments and office buildings everywhere. The austerity policy of the government was not too evident with most people apparently living as though tomorrow was the last day. Generally speaking the changes were greater than expected but many familiar items were still recognizable.

Federal Grants - Special Study Institute

Federal grants, to be expended between June 1 and August 31, for the training of persons to work in the education of handicapped children has made possible this State's first special study institute for teacher of homebound children.

Some 20 such teachers in the school systems of North Carolina will attend a training institute in Raleigh at the Sheraton Sir Walter Hotel June 16-18. Sponsored by the Special Education Section of the State Department of Public Instruction, the institute will give these teachers an opportunity to review methods, materials, and techniques in order to improve instructional programs the school systems provide for pupils either temporarily or permanently homebound because of a disability.

Dr. Paul A. Peoples of the State education agency, said these programs for the homebound are coordinated as closely as possible with the program in the school classroom a disabled child would normally attend. Permanently homebound pupils are provided educational experiences which will permit them to eventually qualify for high school graduation. Members of the staff of the State Department of Public Instruction and several local school systems will serve as instructors and consultants during the training sessions. Veterans attending school under the GI Bill are reminded that it normally requires three months before they receive their initial subsistence checks, which will be retroactive to the start of training.

CONVERSIONALITY!

Conversionality's the thing. The thing for year-round comfort. All-electric comfort. Gentle, dependable comfort. CP&L's "Conversionality Gal" knows a lot about it. A lot that will make your home a happier place to live. Like electric heat's quiet operation. High efficiency. Low cost. She can tell you how simple it is to convert your home to an electric heating and cooling system. About the ease of installation. Little space necessary. Things like that. And at the same time, she can help you decide which of the five different electric heating systems is best suited for your home. Arrange for an appointment with your "Conversionality Gal" today. Just give her a call at your CP&L office.

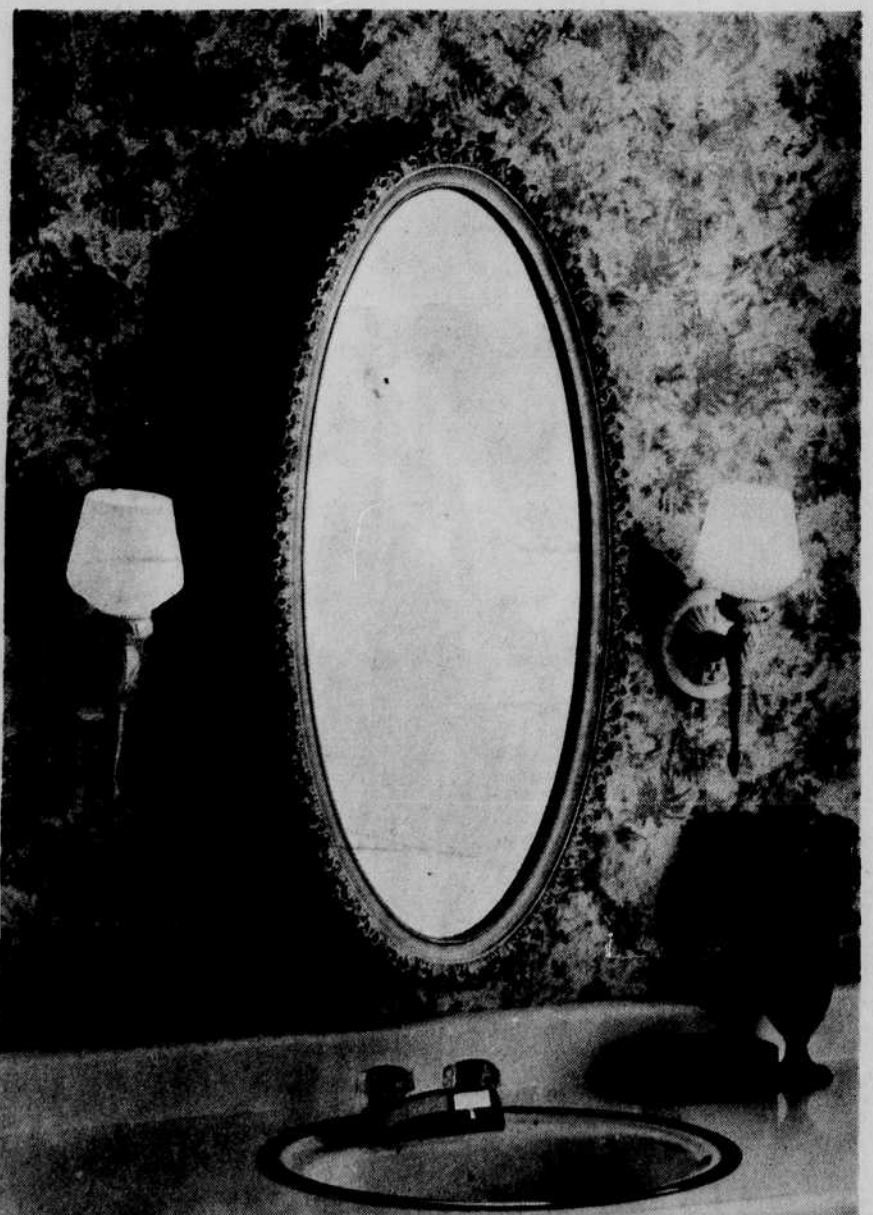

Lib Parham is available to talk to you, woman to woman, about your remodeling plans — your heating system in particular. To arrange an appointment, write or call her at your local CP&L office.
