Christmas Decorations etc.: The cost of the Christmas Decorations, the parade and the floating tree in our Lake Tomahawk is underwritten by the merchants and businessmen of our town-chamber members or not. This year's decorations will be "ALL NEW".

"SURPRISE! We are always so pleasantly surprised by all those nice notes we get along with the dues from the membership, complimenting us on the splendid job we are doing and for our support." "Thanks."

WELCOME to our most recent member, Timothy L. Tucker, Black Mountain's newest dentist, located in Executive Plaza.

Owen Highlights

Advanced Biology, offered as an Independent study, is another interesting and different course. The students pick their own topic of study. Some of the students dissected a cat or a pig while others studied topics ranging from Owls to Plants to the Cell. There is a special procedure for anyone wishing to take an independent course at Owen. The students who take independent courses like the idea because they are free to choose the topics they are really interested in, and advance as rapidly as they are able.

On Thursday Jan. 22nd, the debate team will give a demonstration debate to the 10th and 11th ETS English classes. The participants will be: Affirmative - Charles Smith, and Karen McDermott; Negative - Dock Hollman, and David Marshall. The purpose of the demonstration is to stimulate interest in debate for next year's team. The debate team will travel to Chapel Hill on Jan. 23rd to participate in a statewide tournament. The participants there will be: Affirmative - Carl Ziegler, and Mark Crawford; Negative - Dick Hollman, and David Marshall. And for the first time this year Owen will send a cross examination team, composed of Charles Smith, and Karen McDermott. Each one will have to debate both sides of the question.

Paul Moore, a social studies teacher at Owen, is teaching an interesting course this year, titled, Psychology - Law. What makes this course different is the way it is offered. For the first 18 weeks, Mr. Moore taught Law, which included such projects as writing wills and having a mock court battle in class. They also took a field trip to Court one day, to witness actual court proceedings. The rest of the year will be devoted to the study of Psychology. Topics that will be covered include: Emotional, Behavioral Adjustments, Behavior of Small Groups, Understanding Human Behavior, and Psychology and Society.

On Monday at the X-period a new course was started to help Seniors who plan to further their education. Personal Typing was developed for the Senior who hasn't had any typing and would like to learn the basic skills, such as typing term papers, letters, footnotes, as well as other helpful hints. The response was good. About 21 seniors are taking the course, which will last the rest of the year. The course is being taught by Mrs. Judy Sexton, a Business teacher. Recently our former Health Career's Club sponsor, Mrs. Ellen Calloway had twin boys. Last Monday night the club members bought gifts and presented them to her at a shower. At present the Health Career's Club is planning a carnival sale at Valentine's Day, a skating party, and a blood pressure day. Carol Phillips was just elected as the club's new treasurer. They also plan to attend the State Health Career's Congress in March.

Kiwanis Roundup

WHO'S AFRAID OF THE BIG BAD WOLF? - illness, depression with inflation, political accusations, crime, pollution, drugs, short hair, long hair, no hair, speeding cars, false advertising, etc.

Our country has all of these, but who's afraid? Certainly not the Kiwanians who attended their club meeting on January 15 and listened to the Bicentennial Essay Theme. January Kiwanis Club Essay winners from Owen High School were Claire O'Connell Skidmore, a junior and Franklin "Chip" Huggins a freshman. They were introduced by Frederic D. Maness, counselor at Owen High School.

Claire Skidmore spoke on "What is an American" and Franklin Huggins on "Happy Birthday - America." They were roundly applauded and presented with awards by president Al Springer. The original idea of having competitions in high school or given subjects is that of Kiwanian "Bart" Bartholomew. The purpose being to get students and Kiwanians involved with each other for mutual benefit and understanding.

As indicated by both speakers our country has become a great nation. Kiwanians place their faith in its continuance as such through the attitude and acts of the really true young Americans. The strength of America lies in the youth of today.

We applaud you, Claire and Chip, and pledge our support.

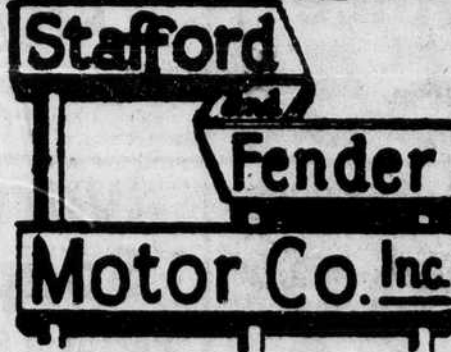

Rotary Fellow

Continuing to emphasize Swannanoa Valley people and events, Rotarians heard Dr. Craig Gray, Ob-Gyn. specialist, who has now opened an office in the Valley Medical Center. Though he talked of the new accomplishments in his specialty, he emphasized the necessity of good relationship between the people and their Doctors in private practice. After several years in Germany and socialized medicine there while in the Army, Dr. Gray stated, "Our system (private practice) is still best, even with all its faults."

Dr. Gray chose our area, "An area where people help each other." The Medical Center is an evidence of local concern and subsequent action and local money to solve a problem. "We came here because we wanted to - and we want to stay", he concluded.

Last Tuesday, The Rev. Ed Ferrell, Pastor of the First Baptist Church in Black Mountain, used color slides and his delightful commentary to share his last summer's trip to the Baptist World Congress in Stockholm. Several from the congregation here accompanied the Ferrells to join some ten thousand fellow Baptists from around the world. Besides Stockholm, "A city built on seventeen islands", he toured Rotarians through London, Copenhagen, Amsterdam, Cologne, thence down the Rhine where "The most beautiful piece of Baptist Real Estate", the Seminary at Zurich. And, snowballs were flying at Interlochen.

All were reminded of the second edition of the Warren Wilson College vs. Montreat-Anderson College basketball game on February 14, when little love will be lost between the two teams. The event again will be at Owen High gym. Tickets will be on sale in a few days.

PSALM 121

I will lift up mine eyes unto the hills, from whence cometh my help.

My help cometh from the Lord, which made heaven and earth. He will not suffer thy foot to be moved: he that keepeth thee will not slumber.

Behold, he that keepeth Israel shall neither slumber nor sleep. The Lord is thy keeper: the Lord is thy shade upon thy right hand.

The sun shall not smite thee by day, nor the moon by night.

The Lord shall preserve thee from all evil: he shall preserve thy soul.

The Lord shall preserve thy going out and thy coming in from this time forth, and even for evermore.

PRAYER OF THE WEEK:

Our Father, unto to thee will we lift up our eyes, O thou who dwellest in the heavens.

We give thee thanks, Oh, God, for the beautiful mountains with which you have surrounded us. May their shelter constantly remind us of thy love and care. Amen.
