

# White Team Wins Upsets Blues

Hustle and cooperation were the reasons for the outstanding win posted by the White Team (All Buncombe County players) breaking a five game winning streak by the Blue Team, 75-64, last Friday.

Owen High Coach Roy Williams, who directed the Whites to the win over a heavily favored band of seniors from neighboring counties, said the keys to the win were the "hustle and unselfish play" of the 20 youngsters on his team.

Brinkley (Reynolds) and Bobby Stafford (Owen) really did great jobs under both boards and were able to give us a big lift. They both had great nights and Earl Buie (Asheville) played one of the best games overall of the night.

saluted the youngsters and fans as well as the sponsoring club for the success of the All-Star series.

He noted that next year marks the Silver Anniversary of the post-season classic and said that efforts will be made to bring as many former All-Star players as possible to that historic game.

## Owen Golf Round Up

The Owen High golf team started its season last Monday by finishing second out of five teams at the Black Mountain Golf Course. The team total of 334 lost out to Tryon by a slim four strokes. Brad Norton led the way for the Warhorses by firing a 76 and claiming medalist honors from the 25 golfers present. Rusty Norton had one real bad hole, but still finished with an 84 for the Warhorses, and he was followed by Hy Joung Park with an 85, and Byron Bailey with an 89. This was a pretty good start and we know the boys will be working hard to do better in the coming matches.

The second golf match of the season was held Monday, March 30 in the rain at Etowah Valley Golf Course and the Warhorses again came in second out of six teams. The team total of 353 finished behind Tryon again, but Rusty Norton did capture medalist honors with a 78. This marked the second time that a Warhorse golfer has had the lowest score of all the golfers. Byron Bailey backed up Rusty with an 87 in the very, very tough conditions at Etowah.

Next week's match is at Maggie Valley and good things are expected of the Warhorses.

**BOBBY STAFFORD** of Owen High School was named to the 1976 All Buncombe Basketball Team. The ten man squad was picked by the Asheville-Citizen Times from recommendations of College and high school coaches, on the basis of overall play throughout the season. He is shown above with Coach Roy Williams, of O.H.S. who coached the winning White Team in the recent All Star Tournament. Kerner Long was given an Honorable Mention.

## Do You Want To Go Snipe Hunting

By DEBRA MORRIS

Have you even been asked to go Snipe Hunting? Did everyone laugh when you said yes? I bet they took you way out in the woods with a sack to hold you and then left you there alone and to walk all the way back home.

Have you ever wondered what they would say if you came back with a bag full of snipe?

The common snipe or Wilson's Snipe is about eleven inches long. It has a short tail and a long bill. The snipe is yellowish fawn and glossy black in color. The snipe's eyes are placed at the very top. The snipe uses the flexible sensitive tips of its bill to poke about for worms and grubs.

The snipe performs acrobatics in the air during mating season. It also makes a strange bleating or drumming sound by flying to great heights and descending in a series of quick swoops as air rushes through its feathers.

The snipe spends its summers from the northern U.S. to Honduras Bay and Labrador. It winters from Illinois and South Carolina southward.

The snipe is timid about being seen in the open by day.

## Epidemic Ends

The flu epidemic peaked at Montreat - Anderson College last week with nearly 200 of the 413 students having been under the care of the college infirmary. Head Nurse Barbara Massey reports. Mrs. Massey caught the flu herself during the epidemic and Nurse Polly Harris took over the tremendous job with the help of other college staff. Classes were not cancelled; however, all papers and tests were postponed until Wednesday of this week.

It is most active in the dusk or morn or evening. Its coloration conceals it from observation.

It nests in low places in the ground on the edge of marshes. The female lays four olive brown or grayish drab eggs thickly spotted with chocolate color. The males brood the eggs and attend to the care and raising of the young.

The snipe is related to the Sandpiper, Curlews and Plovers.

## Montreat-Anderson Women Netter Win

The Montreat - Anderson College women's tennis team evened their season record at 1-1 with a 5-4 victory Friday over Tusculum College in Greeneville, Tenn.

for the Lady Cavaliers while Montreat - Anderson's No. 1 and 2 doubles teams of Ackerman and Kathryn Curtis of Clearwater, Fla., and Worth and Justice posted the decisive wins.

Montreat - Anderson's next match is Monday at Milligan College, Tenn.
