quitting. Over 20 of the fair's participants are members of the High Country Crafters. A few openings for the fair remain and interested persons should contact Mrs. Kdan at 253-8883.

# VIP Day Slated At G-W College

The first of three "V. I. P. Days" at Gardner-Webb College will be Friday, Oct. 15, when high school and transfer students will be given an opportunity to prepare their futures.

Visiting V. I. P.'s, or Very Important Prospects, will be the guest of the college for the weekend and will be introduced to the educational programs, faculty and students.

"We are looking forward to having prospective college students to come and visit us. We want them to take a good solid look at who we are and what we stand for, so they may determine for themselves if we are the school for them," said Ray Pople, director of counseling services and student activities.

Students will be housed in college dormitories and may attend on-campus athletic events and activities. They will be given a tour of the campus and will visit classrooms where they may discuss their careers with faculty members and administrators.

"We attempt to give all the V.I.P.'s an accurate picture of college life at the Webb through participation in typical campus activities," Pople said.

In addition to classroom visits and personal interviews, other events tentatively scheduled for the weekends are sports, concerts, recreational activities, festivals, resident hall life and religious programs.

Other V. I. P. Days are planned for Jan. 21-22, 1977, and April 1-2, 1977. Additional information may be obtained by contacting the Gardner-Webb Admissions Office.

# WWC To Offer Group Piano Lessons

Warren Wilson College will offer Group Piano Instruction for beginners age 9 and up beginning October 4. The program is open to the public and is being offered in conjunction with the College's Community Arts Program.

Warren Gaughan of the Warren Wilson Music Department will serve as director of the program. Gaughan received his B.A. degree from Maryville College, Maryville, Tenn. in 1972 and his M.M. degree from the University of North Carolina at Greensboro in 1974. He joined the Warren Wilson staff in January of 1975.

The lessons will be taught in groups of two students, with each matched according to ability. The group lessons have become popular because the students involved have a chance to learn from each other as well as from the instructor.

The program is associated with the Piano Pedagogy course currently being taught at the College. The course is designed to give advanced keyboard students experience teaching. Several of these students will be instructors in the Group Piano lessons.

For further information regarding lesson times and fees, contact Warren Gaughan at the College Music Department, 298-3325, extension 43 between 8 a.m. and 5 p.m. Monday through Friday. There is also the possibility of starting an adult beginning class if sufficient interest is shown.
