TRAFFIC SAFETY ADVOCATES — Dr. Billy Graham (center), world renown evangelist, discusses a script for a traffic safety commercial with Bob Campbell (right), Information Services Director for the North Carolina Department of Transportation (NCDOT) and Jimmy Morriss, Director of Communications, North Carolina Baptist State Convention. The action took place in Raleigh during the production of public service highway safety announcements, featuring Dr. Graham, a long time advocate of highway safety. The television and radio announcements, promoting the 55 mile per hour speed limit, were produced by NCDOT in cooperation with the North Carolina Baptist State Convention. ## Assistance Still Sought For Jim Creasman

In behalf of Jim Creasman, we want to express our sincere thanks to everyone for their gifts and help.

During this Christmas Season, a time of giving, we want to bring to your attention Jim's need for continued help. Jim, who is a diabetic, has medical expenses and some back taxes which have created a financial hardship.

In helping our neighbors, Christ spoke of this in the Bible when he said, "Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me." We thank God, for every good and every perfect gift comes from him. And in sharing our blessings with others, who are in need, we will receive far greater blessings.

Please take or send your gift to the Bank of Asheville (Account Number 020-754-4) on Montreat Road in Black Mountain or contact: Ronald Morrow at 669-2413, Ronnie Aldridge at 669-8932 or Pat Aldridge at 669-6066.

Thank you and God bless you.

Dear friends,  
In commemorating Christmas, the birth of Christ, the thought comes to mind, "How would Christ most wish us to honor his birth?"  
In his own ministry, Christ showed an abiding concern for the needy, the ill, the unfortunate. If each of us does some little act to improve the circumstances of the less fortunate, it will certainly brighten the light of Christmas in our own hearts.  
Sincerely,  
*Bob Miller*
