Christmas stay with you
this Holy Season.

ANN'S CAFE

Black Mountain

THE BULLETIN BOARD, at the Black Mountain Grammar School is an unusually beautiful and impressive picture as one enters the building. The approximately 15 ft. area is decorated with two scenes. The left section is from the "Night Before

Christmas - While Visions of Sugar Plums Danced In Their Heads! The right section features "The Little Drummer Boy - 'The Manger' And the "Friendly Beasts." All with a three dimensional effect.
(Photos By Beverly Genetti)

THAT YOU, DADDY?
GUESS WHO THIS IS?
The ancient Egyptians included books on how to reach the other world when they entombed their mummies.

Beta Club Sponsors Beautification Project At Grammar School

The Junior International Beta Club of the Black Mountain Grammar School sponsored a program of beautification prior to the Christmas Holidays. A contest was staged to see which classroom would create the most beautiful door. There was a tie between Miss

Hunnicut's room and the Library. The Library door was decorated by Jeff Murphy.

The Club also started a new tradition this year. They donated an artificial tree to the school and it is being decorated by stuffed animals and other animal decorations donated by various students.

The Beta Club will have its Installation Service and party on Jan. 13.

We of the Black Mountain News staff would like to express our thanks to Mary McKay who acted as our guide and showed us the other things done by the Club to beautify the school which will be featured in another article.

Miss Hunnicutt's Classroom Door.

Library Door Done By Jeff Murphy.

**WHAT CHRISTIAN SCIENCE CAN
do for a family.**

It can bring an understanding of God's closeness and care, helping each one in the family in everything he does. It can develop a deep love for the Bible, and joyful obedience to God's law. It can teach every member, and the family together, to heal problems in the way Jesus showed. How can Christian

Science do all this? Through Sunday School classes that strengthen children. Through Sunday services that inspire parents. Through Wednesday testimony meetings where personal accounts of healing are shared. Through Reading Rooms where truths are pondered in quiet. Won't you invite Christian Science into your family's life?

We'd love to welcome you. Christian Science Society
Sunday Services 11 a.m. Wed. Evening 8 p.m.
