MORE COMPLAINTS.

A MANUFACTURER OF LIGHT LUMBER WANTS RELIEF.

Delicate Sends up a Complaint, also, in Regard to the Insufficiency of Cars.

WASHINGTON, D. C., July 7.—W. Sage, of Rome, N. Y., a manufacturer of light lumber, writes to the Interstate Commerce that the New York Central railroad is charging him from \$36 to \$48 per car for carrying his products from Rome to Boston, instead of \$25 per car, the price charged before the passage of the Interstate law; that the rates now charged is but one half cent per hundred pounds less than that charged from Buffalo, which is 300 miles further away; that the charge in rates means the ruin of his business, which has been established more than fifty years. He asks the Commission to do something to relieve him from financial destruction, as he is now 74 years of age, and too old to go into any other business and that unless things are changed it will be "Sure Death" to him.

W. M. Holbrook and Nelson L. Denby, iron merchants of St. Thomas, Dakota, make an elaborate complaint against the St. Paul, Minnesota & Manitoba railroad company. A day of hearing had been set by the Commission for this case, but the complainants state that distance and expense will prevent their appearance. The principal grievance is that the railroad does not furnish sufficient cars for the transportation of the wheat produced and discrimination in favor of other towns were made. The complainants indicate that the course pursued by the railroad was for speculative purposes for the benefit of people interested in its management. The commission has notified the complainants that the form of complaint cannot be accepted as evidence at the hearing. If the railroad company objects to the proposed procedure to collect proper evidence by deposition.

Mr. Blaine Goes to Edinburgh. By Cable to the Chronicle. LONDON, Eng., July 7.—James G. Blaine and family, accompanied by the Lord Mayor of London, and Senator Hall and Mrs. Hall, left for Edinburgh to-day. The party occupied a royal yacht, which was decorated profusely with flags and bunting, and bore the coat-of-arms of Maine in honor of the distinguished party. Mr. Blaine will be the guest of Andrew Carnegie and will participate in the ceremonies attending the presentation of the freedom of the Scotch capital to Mr. Carnegie and also in the reception to be tendered to the latter, in recognition of his generosity to the city of Edinburgh. It is expected that Mr. Blaine will deliver an address at the reception.

Severely Whipped. CHATTANOOGA, Tenn., July 7.—Ephraim Jones and Sam Breen were severely whipped by a mob at Grayville, Ga., yesterday morning. Breen had circulated stories derogatory to the character of a respectable young woman, and the friends of the latter organized to punish her calumniator. After being whipped almost to death Breen was ordered to leave town within 24 hours. He was told that an attempt to arrest one of the mob meant "certain death," and he finally decided to depart as soon as possible.

A Dastardly Act in Columbia. By Telegraph to the Chronicle. COLUMBIA, S. C., July 7.—Mrs. Strickland, wife of Bradley Strickland, a farmer of Horry county, and Miss Malinda Sibbit, were shot last night while sitting on Strickland's piazza, from the opposite side of the road. Mrs. Strickland died in a few hours. Miss Sibbit, although badly wounded, will probably recover. Strickland and a woman of loose character with whom he has been intimate, are suspected.

World Not to be Intervened. By Telegraph to the Chronicle. MILWAUKEE, Wis., July 7.—Dr. McGlynn would not be interviewed after his lecture last night. He said: "My policy is one of silence. I have nothing to add to what I have said in my previous statements, and I have seen in the papers about it."

A Desperate Burglar. CHARLESTON, S. C., July 7.—About 2 o'clock yesterday morning Policeman N. Quinn saw a tall mulatto fellow running away from the corner of Warren and Coming streets, with a ham in his hand, which he had just stolen from Mindermann's grocery. The policeman hailed him, and was attempting to put him under arrest when the thief turned and fired at him three times. One of the balls made an ugly, but not dangerous, wound in the palm of the policeman's left hand. Officer Quinn then drew his pistol and fired, shooting the thief in his back near the right shoulder. The matter was reported to the police, and the wounded thief, whose name is Seabrook Allen, was carried to the hospital. On his person were found two ugly knives, a chisel and a 39 calibre pistol. The hospital physicians think that there is a chance of Allen's recovery, as the ball has probably lodged in some vital spot.

An Explosive Sensation. PICKENS, S. C., July 5.—The Hoover meeting so extensively advertised to take place at Dacusville yesterday was a failure. The Hooverites did not appear. No representative of the order showed up. Among the hundred of the citizens turned out in order to be on hand in case they were needed. About the same number of shotguns were in the neighborhood, peaceably stored away. The crowd waited anxiously for Hoover, and his followers appear, but they waited in vain. Seeing that no meeting was to take place the citizens held a little meeting of their own and then dispersed.

Feeling Aroused in Germany. By Cable to the Chronicle. LONDON, July 7.—No adequate idea can be formed by the reader of the reports furnished by the Press Associations of the extent and depth of the feeling aroused throughout France and Germany by the proposal of the former government to impose upon foreign residents the payment of a special tax. In France no concerted movement is made of the fact that the measure is directed solely against Germans, and in Germany there is no pretence that the intent of the bill is otherwise understood.

Tried for Killing his Sweetheart. By Telegraph to the Chronicle. LITTLE ROCK, Ark., July 7.—The trial of Dell Heiny, for the murder of his sweetheart, a girl of the Choctaw nation tribe, last September, was begun in the United States court to-day. The tribes have had many fights over this murder and it is estimated that at least one hundred warriors have been slain.

A Young Lady Killed by Lightning. By Telegraph to the Chronicle. COLUMBUS, S. C., July 7.—During a thunder storm in Edgefield county yesterday Miss Sallie Barnes, 16 years old, was at the well drawing a bucket of water when she was struck by a bolt of lightning and instantly killed. Miss Barnes was the daughter of a well-to-do farmer and was the belle of the neighborhood.

A Great Deal of Feeling Manifested. By Telegraph to the Chronicle. ST. LOUIS, July 7.—A great deal of feeling is manifested here on account of the action of members of the G. A. B. which has resulted in the President's declination of the invitation to visit this city this fall.

A Sound Legal Opinion. Mr. D. I. Wilkinson, Haver, Ky., says he has for many years daily afflicted with phthisis, and would scarcely believe in a cure. He writes from the first bottle and after taking six bottles he is entirely cured, and has gained in flesh 15 pounds. Says he positively believes it would have been entirely cured, and had gained in flesh 15 pounds. Money refunded. Price 25 cents per box. For sale by Burwell & Quinn.

Arrested for Defrauding. By Telegraph to the Chronicle. CHICAGO, July 7.—George Trent, with half a dozen aliases, has been arrested by Pinkerton's operatives, charged with defrauding the American Express Company out of many hundred dollars by means of bogus money orders.

Victims of Animosities. By Telegraph to the Chronicle. NEW YORK, July 7.—There is a strong suspicion that the twenty families who were poisoned, on July 4th, by eating ice cream furnished here by Ernest Internam, of 8th avenue, were the victims of some of the confessional rivals or personal enemies.

Will Protect His Position. By Telegraph to the Chronicle. ST. LOUIS, Mo., July 7.—President Cleveland, in his letter to Mayor Francis declining the invitation to visit St. Louis during the encampment of the G. A. B., says in view of criticisms in certain quarters of the executive of the nation to insult; that personality, he fears nothing, but he will protect the position he occupies.

THE G. A. B. INDIGNANT.

POST NO. 5 IN WASHINGTON—THE ALLEGED INTERVIEW.

The Corps Visit the Executive Encampment and Visit President Cleveland. By Telegraph to the Chronicle. WASHINGTON, D. C., July 7.—The members of Gen. Lander Post No. 5 G. A. B. of Lynn, Mass., who have been visiting battlefields in Virginia, are in Washington to-day en route to their homes. A member of the post is credited in to-day's Republic with having remarked, in conversation with one of its reporters, that members of the post did not care to call upon the president and would not do so as we can see enough rebels sorted to have made the executive's pressions of members of the post which go to show that they are without exception greatly pleased with their cordial reception which was given them by the R. E. Lee camp, of Virginia.

Indignant Over the Interview. The visiting soldiers are indignant over the alleged interview with a Republican reporter as printed in that paper this morning. Captain Walker, post commander was especially displeased and called a meeting of the post at the executive encampment at which resolutions were adopted declaring the interview to be "willfully and maliciously false, full of bragado, bombast and conceit." The resolutions also condemned the action of the comrade who was reported to have made the statement and declared that he was unworthy to be a member of the G. A. B. After the adoption of the resolutions David Walker, post commander, O. H. Smith and E. S. Hay were appointed a committee to wait on the president and see that arrangements could be made for the post to call in a body and pay their respects to Mr. Cleveland. This was satisfactorily arranged.

A Train Robbery Prevented. By Telegraph to the Chronicle. FORT WORTH, Texas, July 7.—Yesterday afternoon the telegraph operator of the Santa Fe Railroad at Pendleton noticed the suspicious actions of eight strange men who were loitering about the station, and suspecting that a train robbery was planned wired the train dispatcher at Temple just in time to stop the Kansas City through express there. An armed posse was taken on board and the train proceeded northward. Half a mile from the station a wooden obstruction was encountered, and no sooner had the train stopped than six men attempted to board it. The posse opened fire and one of the would-be robbers fell. The others, taking their wounded companion, hurriedly fled to the woods, leaving a trail of blood. Officers are now hunting for the fugitives, and they will probably be captured.

Excitement Caused by Them in the Color Region. A Uniontown (Pa.) special says: "The presence of Pinkerton's men in the coke regions has caused intense excitement, and serious trouble may follow. The strikers are indignant, and denounce the action of the operators in connection with the encampment in the regions in the loudest terms. Last night 500 strikers at West Leisenring held a meeting, and unanimously resolved to continue the strike. At Jintown, it is said, the men are weak and a large number are expected to return to work before the close of the week. Wm. Miller, secretary of the Miners' Association, in a statement to the newspapers, says: 'The men are quiet, but determined, and the introduction of Pinkerton detectives in the coke region will be the advent of a bitter feeling between employers and employed that years will not eradicate. The strikers will be counseled to keep within the limits of the law, but the law of Pinkerton's agents has been the starting of rioting and bloodshed wherever they have been used. There may be some disturbance in the Connelville coke region, however, and some lives will be lost. The men are expected to return to work before the close of the week. Wm.
