ALLIANCE DEMANDS FIRST.

Secretary Barnes Says the Alliance Will Desert Democrats for Its Demands.

Mr. Barnes, the secretary of the State Farmers' Alliance, was asked by your correspondent today what was the status of the order as regards the "demands." He replied: "After careful consultation with the members of the Alliance all over the State I find that 95 per cent. are for the 'demands' before everything else, and will fight for them."

This makes it appear that the Alliancemen are very greatly in earnest. It means that it is "demands" first and the parties, Democratic or Republican, afterwards. It means a big shake-up for somebody in the next campaign, for the chief demand, what may be termed the "demand of demands," is that for the sub-treasury plan or scheme.

There will be 2,500 members of the Teachers' Assembly at Morehead during the Teachers' Assembly, Secretary E. G. Harrell said today. Hundreds of letters are being received, stating that they will be on hand. A number of teachers from Virginia and South Carolina will be present.

The jury in the U. S. circuit court here yesterday evening found a verdict of not guilty against W. H. Morris, who was charged with opening a letter at Nelson, where he was postmaster, addressed to another party, and taking therefrom a check. It was shown that the opening of the letter, &c., was authorized.

The white Republicans here are organizing a "tariff league." It is their desire to get in line with them a number of Democrats, of protection proclivities. To secure these they must not admit any negroes to membership. If they do not admit the negroes then the latter will raise no end of a row, and will desert the party standard. So the white radicals are "twixt the devil and the deep sea." During the past five or six years they have been in some mighty tight places.

The directors of the State Normal and Industrial School for white girls, left today for Durham. This place offers \$22,000 in cash and a site, in case the school is located there. Graham will be visited as will also Greensboro. Though the latter place made no formal offer yesterday, yet it is understood that it will make a very good one. Thomasville will be visited also, having like Graham, offered \$30,000. Marion has thus far made no offer.

THE PRESIDENT INVITED

TO ATTEND THE INTER-STATE EXPOSITION AT RALEIGH IN OCTOBER NEXT.

EXCUSE, MUST INSTRUCT CONGRESS,

But He Will Consider the Invitation of the Two Hundred Delegates—A Unique Invitation.

WASHINGTON, D. C., June 10.—Of About seventy persons representing all Southern States, waited on President Harrison this morning and invited him to attend the exposition to be held at Raleigh, N. C., in October and November next. The party was headed by Senator Ransom, of North Carolina, and Patrick Walsh, of Augusta, Georgia, and included Mayor Badger, of Raleigh; Col. A. B. Andrews, of Richmond; Maj. R. S. Tucker, Colonel Burgoine and representatives of nearly all leading Southern cities.

Gov. Holt, of N. C., intended to be with the party but was not able to come. The President received them in the cabinet room. Senator Ransom made an eloquent address, inviting the President to Raleigh and assuring him of a warm and hospitable welcome.

The President in reply thanked them for their cordiality and the impressiveness of their invitation and said it was very gratifying to him to feel that they had come so far for such a purpose.

Their invitation called for serious consideration on his part, but he could not now tell what he would be able to do at the time of the exposition. He said he knew he would be received with kindness, as he had recently had very conclusive evidence on that point. He regretted that it was not his privilege to pass through North Carolina on his recent trip.

He continued: "No, I cannot promise at this time, indeed I am very chary about promises. Public men have been severely criticized for making promises they could not perform and I have made a strict rule not to make promises. There is much doubt about the future state of public business for me to anticipate what I may be able to do. You will bear in mind that October and November are apt to be busy times with the President in connection with the assembling of Congress and in discharge of my constitutional duty. I must try to enlighten Congress as to affairs of the country. So you see it will not be easy for me to get away in the fall. I am in full sympathy with every movement for display of our magnificent development and material prosperity in the arts of science.

"I will bear your invitation in mind and will try to arrange my affairs so as to accept it."

The President's remarks were loudly applauded.

Presentation volume is a large silver bound and clasped book 14 by 28 inches. Covers of native North Carolina pine, paneled with natural curled pine. Eight pages of elegant design on each cover. Within is framed an invitation printed on a large tobacco leaf of famed North Carolina golden leaf. On the leaf, 12 by 24, on the left is printed:

"The citizens of the Southern section of the Union extend an earnest invitation to Benj. Harrison, President of the United States, and his Cabinet."

On another tobacco leaf of the same size is the following: "To visit them at the Capital City of the 'Old North State' during the Southern Exposition in Oct. and Nov., 1891."

Above and on each side of both leaves are bunches of rice grown in North Carolina, and below are bolls of open cotton, representing agricultural products.

Below are sheets of mica, representing industrial products of the South. The back ground of the black velvet lined with gold cord and handsomely framed with plate glass.

Similar invitations in port folio form will be presented to each member of the cabinet. Mr. Walsh then addressed the President on behalf of the Augusta, Ga., and the President said his response to the other invitation applied equally to this.

REMARKABLE CASE OF HYDROPHOBIA.

A Whole Family Dying—Disease Was Propagated by Skinning Affected Calf.

KANSAS CITY, Mo., June 10.—The fourth of the Vandere family at Atchison, Kans., has been taken with hydrophobia. The father was stricken yesterday and his death is momentarily expected. One member of the family died Saturday. Two others, it seems, cannot recover.

The cases are the most remarkable ever heard of in the West. There are six brothers and one sister in the family, and there is considerable apprehension lest more of them should be stricken. Dr. King says that there is no doubt that the disease was transmitted into the boys when they skinned an affected calf nine years ago.

Thomas Vandere is resting easy. The condition of his mind is entirely changed since yesterday morning. He is not quite convinced that he will live. When Dr. King called on him he was engaged in writing a letter of consolation to his father.

Jacob Vandever, a fifteen year old boy, has not taken a particle of nourishment since he was attacked by rabies Saturday. The peculiarity of the strange disease in centering at the muscles of the throat completely prevented him from swallowing. The sight of anything nourishing or anything that suggests swallowing draws him into most horrible convulsions.

Editor Gilliam's Mother Dead.

REIDSVILLE, N. C., June 10.—A sad funeral in Reidsville Monday was that of Mrs. Gilliam, the mother of Edward Gilliam, the editor of the Re-view. She passed away Sunday at four o'clock, p. m. Indeed a good woman has departed this life. She was a thorough Christian, a member of the Reidsville church, and was greatly loved by all who knew her. The bereaved son has the sympathies of the community.

GORDON CUMMING MARRIED.

He Weds Miss Garner Immediately After His Conviction of Cheating.

LONDON, June 10.—Sir William Gordon Cumming was married at 11 o'clock this morning in the fashionable Holy Trinity church at Chelsea, to Miss Florence Garner, daughter of the late Commodore William Garner, of New York city. Lord Thurlow gave the bride away. Maj. Vessey Dawson, of Coldstream Guards, was best man. Rev. Beyton officiated.

The marriage was practically a secret marriage. Only twelve people were present at the ceremonies at Holy Trinity. The bride looked charmingly happy, and entirely self-possessed. There was no trace in his personal appearance of depression or emotion resulting from yesterday's verdict in the court of the Queen's bench.

Lady and Sir William Gordon Cumming left this city shortly after the ceremony for the bridegroom's estate at Alyn, near Forres, in Scotland, where they will spend the honeymoon. In an interview Sir William Gordon Cumming said he had nothing to add to what he had said in the witness box. Popular opinion of the verdict, he added, was shown by the demonstrations in court. Sir William refused to say anything in regard to comments of the newspapers upon the case just decided, saying that newspapers were at perfect liberty to say what they pleased. When the verdict was pronounced against him Sir William again offered to conceal his engagement to Miss Garner, but that lady, believing in his innocence, would not hear of such a thing, and insisted that the marriage should take place today.

It is expected Sir William and his wife will visit the United States in the autumn. Lady Gordon Cumming is the eldest daughter of the late Commodore William Garner, of New York, who was drowned in July, 1876, with his wife, through the capsizing of Gardner's Yacht Mohawk.

TORY PRESS SEVERELY DENOUNCING WALES.

Echoes of the baccarat scandal still fill the air. Solicitor-General Sir Edward Clarke, who so ably argued the case, is ill and thoroughly exhausted today. He has entirely lost the use of his voice, and is obliged to retire from the important case in which he was detailed for today.

Denunciation of the Prince of Wales by the newspaper press, especially his denunciation by the tory press, has caused a tremendous sensation throughout Great Britain, and it is freely asserted that revelations made during the trial of the Baccarat scandal in court are judged to have done more to imperil monarchy than any event which has taken place for many years past in England. The Flat association assertion made by the Daily Chronicle that unites the Prince of Wales, on each evening "as his Confederates did," that he, Prince, did not violate the solemn pledge he gave to Sir William Gordon Cumming, he, heir apparent, rests under imputation, a dishonor quite as shameful as that which the jury put upon Sir William Gordon Cumming, reflect a general feeling on the subject."

BRILLIANT JEWISH WEDDING IN WINSTON.

A New York Syndicate Trying to Secure Option on All Tobacco Factories.

Special to THE CHRONICLE.]

WINSTON, N. C., June 10.—A brilliant Jewish wedding took place here this evening. The contracting parties were J. Rosenstock, of Virginia, and Miss Dora Rose, of Winston. The happy couple were the recipients of a large number of costly presents from friends all over the country. They also received about seventy congratulatory telegrams.

Theodore Allen, representative of a New York syndicate, is in Winston trying to secure options on several large tobacco factories, but as yet all his efforts have proven futile.

Arrangements are being perfected for a series of baseball games here with the Richmond team in a few weeks.

HALIFAX POSTMASTER CONVICTED.

The Counterfeiter Convicted at Raleigh, Sentenced to the Penitentiary.

Special to THE CHRONICLE.]

RALEIGH, N. C., June 10.—In United State's circuit court today Henry C. Davis, colored, assistant postmaster at Halifax, was convicted of embezzling a thousand dollars from the government and sentenced to eighteen months in the penitentiary at Columbus, and fined nearly four hundred dollars.

W. H. Robinson alias King Frank Reid alias Nelson and J. J. Ellington arraigned for using mails for offering counterfeit money for sale. Ellington withdrew on the plea of net guilty. All will be sentenced tomorrow. Robinson will be sentenced on old suspended judgment for the very same offense.

THE BUS STRIKE STILL ON.

The Streets of London Present a Desolated Appearance.

LONDON, June 10.—The strike of the omnibus and road car drivers and conductors and other employees of the Companies continues today. The streets of the metropolis bear the same deserted appearance that they have done since the strike commenced on Sunday morning. Contrary to general expectation not a single road car left the stable today. The public is subscribing generously to the funds being raised by collection in the streets for the assistance of strikers.

THE CONFEDERATE SOLDIER.

HIS MONUMENT, REPRESENTING HIM READY FOR BATTLE, UNVEILED AT FREDERICKSBURG.

GEN. BRADLEY JOHNSON'S ORATION.

He Observed the Sentiment, Pathos and Romance With Which the Leaders of the South are Held in the North.

FREDERICKSBURG, Va., June 10.—The town is profusely decorated today with bunting and Confederate and National flags in honor of memorial day and the unveiling of Confederate statues. Thousands of visitors are in attendance including a number of Confederate camps with their drum corps.

About 8 o'clock the line of procession was formed and marched through the principal streets to the cemetery, where 3,000 Confederates are buried, amid cheers from the throng which lined the route. The procession which was under direction of Grand Commander Wm. P. Smith. Marshall comprised carriages containing members of ladies' memorial association and distinguished guests, bands of music, uniformed Confederate veterans, sons of veterans, fire department, and civic organizations. Services at the cemetery were opened by prayer by Rev. I. W. Carter, of the Methodist church
